HAY'S LINIMENT.

"No Fiction.—This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invested with the solemnity of a deed bequeathed since granted a reputation unparalleled, fully sustaining the correctness of the laudated Dr. Grady's late confession, that he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend & attendant Solomon Hays, the secret of his discovery.
It is now used in the principal hospitals, and the private practice of our country, first and most certainly for the cures of the Piles, and also extensively and effectually as to *Bleeds* *crudely*, unless where its effects are witnessed. *Externally* in the following complaints.
For Dropsy.—Creating extraordinary absorption at once.
All Swellings.—Reducing them in a few hours. *Rheumatism.*—Acute or Chronic, giving quick ease.
Sore Throat.—By cancers, ulcers, or colds. *Croup and Whooping Cough.*—Externally, and over the chest.
All Bruises, Sprains and Burns, cured in a few hours.
Sores and Ulcers.—Whether fresh or long standing and fever sore.
Its operations upon adults and children in reducing rheumatic swellings, & loosening colds and tightness of the chest by relaxation of parts, has been surprising beyond conception.—The common remark of those who have used it in the Piles, is "It acts like a charm."
THE PILLS.—The price 91 is refunded to any person who will use a bottle of Hay's Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the Agents; and out of many thousands sold, not one has been unsuccessful.
We might insert certificates to any length, but prefer that those who sell the article, should exhibit the original to purchasers.
CAUTION.—None can be genuine without a splendid engraved wrapper, on which is my name, and also that of the Agents.

Interesting and Astonishing Facts.
MORE conclusive proofs of the extraordinary efficacy of DR. WM. EVANS' celebrated Camomile and Aperient Antibilious Pills in alleviating afflicted mankind.
To James Dickson, 35, Cornhill, Boston, Agent for the sale of Dr. Wm. Evans' Camomile Pills. **LONDON, Nov. 15, 1836.**
Dear Sir—Knowing by experience, too every detail that the afflicted receive of the benefit of the public in behalf of DR. WM. EVANS' CAMOMILE PILLS. I have been afflicted for the last ten years with distress in the head and chest: often so bad as to deprive me of sleep for three or four nights in succession, but have never found relief by any of my friends' prescriptions, until my wife saw the advertisements in the paper, when she persuaded me to send for some, which I did, and obtained two boxes and bottles, which resulted in almost completely restoring me to health, although I have not yet entirely finished them. Should you consider this any benefit to yourself, or the public, you have my cheerful permission to publish it. Yours, respectfully,
THOS. K. GOODBUE, Centralist.

INTERESTING CASE Cured by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills.—Mr. BENJAMIN BOWN, corner of Shippen and Georges streets, Philadelphia, affected for seven years with extreme nervousness, by which he was not able to write his name—his symptoms were, eructation, daily spasmodic pains in the head, loss of appetite, palpitation of the heart, dizziness and dimness of sight, could not lie on her right side, disturbed rest, utter inability of engaging in any thing that demanded vigor or courage, sometimes a visionary idea of a aggravation of his disease, a whimsical aversion to particular persons and places, groundless apprehensions of personal danger and poverty, an irascibility and weariness of life, discontent, disposition to give up at every occasion, the conviction she could neither die nor live, she was, lamented despondent, and thought she led a most miserable life, never was one so bad, with frequent mental hallucinations. Mrs. Keny had the advice of several eminent physicians, and had recourse to numerous medicines, but could not obtain green-temperatory alleviation of her distressing state, till her husband persuaded her to make trial of my mode of cure, which she not only enjoyed, and found herself not only capable of attending to her domestic affairs, but avows that she enjoys good health at present as she did at any period of her existence. Evans. Mrs. Browne was attended by three of the first physicians, but received but little relief from their medicines, till Mr. Browne procured some of Dr. Wm. Evans' invaluable preparations, which effectually relieved her of the above distressing symptoms, with others, which it is not essential to intimate. JOSEPH BROWN, City and County of New York, &c.
Joseph Browne, of Williamsburg, Long Island being duly sworn, did depose and say that the facts set forth in the within statement, to which he has subscribed his name, are just and true.

INTERESTING CASE of Tubercular Consumption.

Mr. John Row collapsed on the 1st day of September at the office 100 Chatham street, laboring under the following symptoms:—A slight spitting of blood, distressing cough, attended with an expectation of purulent matter, night sweats, general emaciation, difficulty of breathing on exertion, with a well marked hectic flush on the cheek. On examination, the chest was found to sound well every where except under the left clavicle, and in the arm pit of the same side.
Treatment.—Directed to take the restorative Camomile Pills, with the expectorating compound, at the same time an injection, to call in the brachial Coel in this country, every suppose that they are now at liberty to adopt the method of smelting Iron ore with Anthracite by the use of a heated air blast; although I gave notice last year that I had a patent for smelting Iron Ore with Anthracite Coal, both by the use of a cold atmospheric and a heated air blast, I would now inform the public again, that on the 14th of January, 1838, I received a letter from the Comptroller of Patents at Washington, stating that upon examining the case of Mr. Crane's application for a patent for smelting Iron by means of Anthracite, I have viewed his claim as interfering with your patent of Dec. 1833, and have given notice to his attorney of this decision." Ever attempt to smelt Iron ore with anthracite by the use of a heated air blast, is an infringement upon my patent, against which I caution and warn men; as I shall prosecute every one infringing upon my rights, according to law. And I further offer to dispose of patent rights for the erection of furnaces, according to my patent, upon very moderate terms.

Evans' medicine, in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or any symptoms similar to those from which he is happily restored, may likewise receive the same inestimable benefit.

SARAH BRENHISER, wife of Mr. Amos Brenhisser, corner of Second street and Cornhill street, Philadelphia, affected for the last six years with the Liver Complaint, was completely restored to health by Dr. Wm. Mr. Brenhisser, (husband of the above Mrs. Brenhisser), within two years, afflicted with a distressing state of Constiveness, of which he was effectually cured.

PARALYTIC RHEUMATISM.

A perfect cure, effected by the treatment of Dr. William Evans.
Mr. John Gibson, of N. 4th street, Williamsburg, afflicted with the above complaint for three years and nine months, during which time he had used crutches. His chief symptoms were excruciating pain in all his joints, but especially in the hips, shoulder, knees and ankles, an aggravation of the pains towards night and for the most part all times from external heat, an obvious thickening of the fascia ligaments, with a complete loss of muscular power. For the benefit of those afflicted in a similar manner, Mr. Gibson conceives it meet to say that the pains have entirely ceased, and that his joints have completely recovered their natural tone, and he feels able to resume his ordinary business.

A BEAUTIFUL HEAD OF HAIR.

The greatest ornament belonging to the human form. How strangely the loss of it changes the countenance and prematurely brings on the appearance of old age, which causes many to recede at being uncovered, and sometimes even to shun society to avoid the jeers and sneers of their acquaintance; the remainder of their lives are consumed in regret upon the loss of their hair, and the loss of property. In short, not even the loss of property is so great a calamity as the loss of their hair. To avert all these unpleasant circumstances OLD DRIDGE'S BALM OF COLUMBIA restores the hair from falling out, and likewise produces eyebrows and whiskers; prevents the hair from turning grey, makes it curl beautifully, and frees it from scurf. Numerous certificates of the respectability in support of the virtue of Oldridge's Balm, are shown by the proprietors.
Read the following:
ROBERT WHARTON, Esq. late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentlemen.
The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable not only as a preventive against the falling out of the hair, but as a certain restorative.

HEADACHE, SICK OR NERVOUS.

"The extraordinary reputation that Dr. Spohn's remedy for the distressing complaint of every day gaining its celebrity is a matter of such notoriety. That so much suffering should have existed for ages without any discovery of an effectual preventive, or cure is truly a subject of much regret. Dr. S. now assures the public that such a remedy has been discovered as will convince the most skeptical. The principles upon which it acts are simple and plain—it is an admirer fact that the complaint, whether called Headache, or Nervous Headache, arises primarily from the stomach—those who think they have the Nervous Headache may rest assured that the organ, the stomach, is the first cause, that the system has become vitiated or debilitated, through the stomach, and that only through the same channel must they expect a restoration of the natural and healthy functions of the system. This object Dr. Spohn's remedy is eminently calculated to attain. The truth of this position cannot be controverted, and the sooner suffers with the headache begins to be convinced of it, the sooner will their sufferings end in restoration to health. Dr. Spohn pledges his professional reputation on this fact. The remedy may be had of apothecaries.

Miskin's Pills.
THE Original Hygienic Universal Vegetable Medicine, prepared by W. MISKIN, Esq., Member of the Royal College of Surgeons, Licentiate of Apothecaries Company, Fellow of Bot. Court Society, Surgeon to the Royal Union Dispensary, Surgeon in Chief, Waterbury Bridge, and Pastoral Pupils of Guy's and St. Thomas' Hospitals, London.
These pills having gained celebrity unparalleled in every section of the Union, are now considered by all those who value good health, indispensable as a family medicine—patronized by a numerous body of the most eminent Physicians both in this country and in Europe, is sufficient, it is presumed, to stamp their character in the estimation of every thinking man, and it is hoped, a far better recommendation than the numerous reports by ignorant and unprincipled practitioners, who to mislead and deceive the public, publish what they call practical proofs and certificates of Cures, that exceed all bounds of rational credibility, and most of which, if not all, are either gross fabrications, or procured by fraud and connivance.
The editor of the Long Island Farmer, says:— "This medicine has obtained an unprecedented degree of well deserved popularity. Having taken these pills ourselves to advantage, and witnessed their beneficial effects on others, we have no hesitation in recommending them to the public as a safe, salutary and useful family medicine."
None are genuine without the signature of the General Agent on the label; by whom the above medicine is imported into this country.
