CAMOMILE PLLLS

CAMOMILE PLUS. CAMOMILE PLUS. CAMOMILE PLUS. Confile remedy of diseases has long been in gene ral use by like public, bestowing blessings and receiv ing philes, it is scircely in the power of scepticism to doubt its virtures of of envy to denythem. When it has achieved an ascendant career of ase fitness which distances the competition of mere-beautil pretension, and has seed of a conspicuous station in supersal favor, by utrinsne worth slene, its proprietor may joint out the canness of its super-ority, without incerring the suspicion of utradions-ness in instituting the comparison. "The CAMOVILLE" and FAUILY APERIENT PHLIS manufactured by Dr. Withorn Erans, at 100 Chathan street, do not require his axianation, of light acknowledge efficacy—for the must cumient physicians throughout the United States will freely. It appended them so extensively find warmly as they do. And those reasons which have induced them to recommend them so extensively find warmly as they do. And those reasons which have induced them to recommend them so extensively find warmly as they do. And those reasons which have induced them to recommend them so extensively find warmly as they do. And those reasons which have induced them to recommend them so extensively find warmly as they do. And those reasons which have induced them to recommend them so extensively find warmly as they do. And those reasons which any end per-cinas induces never injure even the most delicate constitutions, and have, in a almost every individua-cians, increase that they are not offered to the public upos any paack theory of puritying the blood of the sure defineration of the stoints and bowels Purify the blood from all dischaed humors, they unde analyle to; but not by destroying those tweere by which along the blood can be susting those tweere a by which along the blood can be susting the or they are Furthy the block and that a subspace number at the block sinkly do; but not by deskiving those viscers by which alone the blood can be sustimed. They are compounded upon a theory which supposes a stemact to be avery essential agent to beath; and howd, well digested, to be a valuable friend to flowh and block. digened, to be a valuable friend to flush and block— Thig to not pirrly men to rhosts, and make them about line beings for refined to remain long in this world; but they inske them as human as possible/and fit to escounter; the hardwhips, and fulfil the occupa-tions of a sublogary ofe. They do not make a vio-lent purgatory of this life, to pre-sare men the fuster for another. They proceed in on the supposition that the blood, muscless, nerves, organis, excretions and se existing gland, inaccous and tegumentary membranes bones and brains, of every homan being require to be supplied with noirishment from as beattful a sto-mach as can be inade and acpt; and upon the doctrue the blood and expract rand bowelsare in good order. the blood and every other part of the system will be n

And how is it expected that they will secure health

And how is it expected that they will secure health to the stounach and bowels? Why by enabling the one to digits food, and the other to carry off what is left after the nutrithent is extracted, is connection with the subjust of tule, and the foul humors of the blood, mittonis membrances and stoarach. And they accom-plish these great feats of molicine in the most simple way integrabile? The APERIEAPP AMILY PILLS, if the stoarach be affected with wind, biele or costed collections, cleir it out, by a natural but a smost in-scientifie with action, and cleanse, the whole al-mientary coast livithout gripping, and leaving it is free without debility, as nature ever designed it to be.— They do not take the skin off the stomach and bowels, and leave them take a proce of red velver, as all phy-sicians know the strong drashe pils do, but i by take doture kingly by the hand without crushing her fingerip. They'cleanse every thing, without amparing

Taker hautre kindly by the name without crushing der fangers. They's cleanse every thing, without imparing or injuring and thing. When this is officeted, as it usually is by the use of a few of the FARILY APERENT "ILLS, then come the celebrated CAMOMILE or FOAL PILLS, to sprongthen a stem the and howers which before, per here wires and four their stem stars that and strengthen a stem for and towns which before, per hang, werk and foul because, they were weak, and endows them with strength to perform their impor-tant functions, without the aid of physic. The CA-MOMILE FLD VER when it valuable principles are chemically extracted is acknowledged by all phyare chemical if extracted, is acknowledged by all phy-socialis, in every age, to be the best vegetable tonic known in the science of medicula — Shere is nothing k jown in the vegetable kingdom of gature to equal it; gathing that isld ince so harmless and so vigorous-heathful, and in proof of this the proprietor of thy renowned pillightant are mile from its purest particles, might quote almost innumerable authors, borb ancient and the state of the set of th might quote almost innumerable authors, both ancient and modera. If his own practice had not proved it to tens of thousands. The effects of these nills are not only perceived in the effects of these nills are not only perceived in

increase of appente and general strength, but in a resoration of the b-dy to that universal sport in all its functions which indicates the return to perfectly sound health—The face, and general complexion, speak volumes in their favor, and thousands of females can testify how much they have contributed to their comfort, their complexion, and their strength. when every other remedy had proved worse than use less. In nervice diseases, of all kinds, they are new schrowledged to be prevainent; graduilly restoring firmeess of bidly and mind, without three annoyance nrmaess or ensity and nona, without three annoyance and chatgess which a lat herrows remedies occasion Happy would it have been for many sound persons of bith seven into are now in the silent grave, if they had beened to che the mothel tendences of their s outach and bowels by these pure tonics and aperia outach and bowells by these sure tonics and apert-eus, without resorting to quack remedies, the names of which are conversed, and of which ther know testages have had ships, but Columbus only found nothing. That dreadful scourge CONSI MP FION, out the way to America. Before the time of the

have permit shill sectors that molecument of health, without which ide mell is but a partial bless-ing. So great, in-red, has their efficacy intranafile and isfallibly proved, that it has appeared scarcely less than miniculous to those who were unacquainted with the beautiful philosophical principles upon which they are compounded, and, upon which they consequently act. It was to their matifiest and schei-he, action, in gurifying the springs and channels of life and en using them with renewed hone and vigor, that they were indebted for their name, which was bestowed upon them at the ronotaneous request of have perma ently second that millerm enjoyment of

bestowed upon them at the spontaneous request of several individuals whose lives they had obviously aved

The proprietors rejoice in the opportunity afforded ty the universal diffusion of the daily press. for plac-ing his VEGETABLE LIVE PILLS within the ing his VEXETABLE LIFE PULLS within the knowle ign and reach of every individual in the com-munity. Unlike the bost of pernicous quackeries; which boost of vegetable ingredicits, the Life Fills are purely and SOLELY VERTABLE, and contain nei-ther Mercury. Antimony, Arsenic, nor any other minoral, in any form whatever. They are entirely composed of extra-ts from rare and powerful plants. the virtues of which, though long known to several indus tribes, and recently to some eminent pharma-centical chemists, areaitogether unknown to the igno-ration pretenders to medical science; and were never before administered in so happily efficacious a com-bination.

Their first operation is to loosen from the coats of the stomach and howels, the various importing the stomach and howels, the various importing and crudules constantly setting around themi and to re-inove the hardened faces which collect in the con-volutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses belind, as to produce habits? itself writes with all its train of evils, or sudden diarrhesi, with us immonent dangers. This fact is sell, known to all regular-atiatomsts, who examine the human towels after deaths and hence the prejucte of theses well in formed men against the quack medicines, of theses. formed men against the quark medicines of the age. The second effect of the VEGETABLE LIFE
