

Inspector's Returns

All Pennsylvania up for Ritner. Never has democracy obtained such a signal triumph, never has loco focism been so completely defeated—route follows route, and the Porter party are scattered horse and foot! Go on cheerily friends, but one more effort and the day is our own! Read and rejoice in our success. Huntingdon, has disowned her unworthy son, Ritner inspectors are elected in 17 out of 25 districts as far as heard from. In Huntingdon Borough, where Porter received 164 majority for Senator, the Ritner Inspector was carried by 11 majority—175 Democratic Gain—Huntingdon knows Porter! Franklin township, has beaten Porter and sustained the Stonebrakers! This is the old township of Mr. Porter, where he has run heretofore without opposition. In Antis, Springfield, and Williamsburg townships, where Porter in 1836 had about 170 majority—Ritner Inspectors have now been elected. Huzza for Chester! Ritner Inspectors have been elected in thirty one out of 37 townships. Bedford Ahoy! All the townships exhibit gain for Ritner; 4 out of 7 carried. Juniata, in Lewistown, Ritner Inspector carried for the first time—the wedge is entered to split Porterism! Lebanon Firm and True! Every township but one carried by the Democratic Whigs—Good for 1000 majority! Make Way for Old Berks! The Locos said we could not get 2 districts in the county, we have carried SLEVEN! Among which are Roberson, Union, Hamburg Brecknock, Carmarvon, Upper Bern, Pike, Kutztown, Longswamp! Berks is showing her True Democracy. Delaware Triumphant! The Democratic Whigs have carried all the townships but ONE—Glorious enough. Huzza for Democratic Adams! Every Inspector but Two carried for the good cause of Ritner and Democracy! Lancaster—the old Guard Still, has carried 30 out of 37 districts, which is a gain of seven entire districts! Allegheny is Coming! Pittsburg and Alleghentown have carried their Ritner inspectors in every ward by upwards of 600 majority—and 18 districts as far as heard from! So much for our respectable convention, compared with their paltry attempt! In Allegheny the Porter calculation was a majority for them of 223! Huzza for the lion of the west. Butler is turning! The accounts all indicate changes in favor of Ritner. In Butler Borough and Connequessing we have carried inspectors by 45 majority. Crawford. In Meadville our inspector was elected, where we never before had a majority, and all other returns received indicate changes. Beaver Erect. In Beavertown and Fallstown we carried our ticket—all is favorable. Mercer's 800 majority. Defeated in Borough, but everywhere else triumphant. Huzza for Mercer. Westmoreland. Ligonier, one of the strong holds of locofocism has been carried by a large majority in favor of Ritner. So far so good! Well Done Centre! Harris, Howard, Half Moon and Patton have elected Ritner inspectors. In Bellefonte, Spring and Lamar, we have gained 200! The Porter Inspectors being elected by an average majority of only 11. IN CONCLUSION WE STATE THAT WE HAVE LOST NO TOWNSHIP WE CLAIMED TO HAVE GAINED NEARLY ALL WE CONSIDERED DOUBTFUL, AND WE HAVE NOT YET BEEN A TOWNSHIP WITH AN INCREASED VOTE AGAINST US, WHERE OUR PARTY TURNED OUT IN THEIR STRENGTH! Port Carbon—We are requested to state that no opposition was made for Inspector in this district. A compromise was made, and a Porter Inspector and Ritner assessor appointed. The foul mouthed pieces of loco focism in our neighborhood have claimed a majority of 85 for Inspector. In Barry there was no opposition to the Inspector elected, who we learn is a Ritner man, and elected by the Porter men by mistake. Vote for Col. Walter C. Livingston If you would have a man of talent in your National Congress, one who knows the truth, dares maintain it, and has eloquence to support it; but if you want a non-entity vote for Peter Newhart, the extent of whose ability is to say sea and nay! Vote for Dr. Geo. N. Eckert As your member of Assembly, and you will have a man of industry, talent and knowledge of our country. One who will protect the county interest, and second the wishes of our community; but if you only vote for form's sake, vote for our good friend Mortimer, who does not care which way the world wags, as long as he can smile upon house full of guests at home. Patent Pass.—The whigs have prepared a fuz, and will put such a blast into the Porter party as will blow them sky high next Tuesday.

TO THE PUBLIC

In conformity with the expressed wish of a number of the friends of Joseph Ritner, that the statement of Andrew Russell and Benjamin Bannan, in connection with the Huntingdon election, should be attested under oath, the following has been prepared. Personally before me, the subscriber, a Justice of the Peace in and for the said county, appeared the said Andrew Russell and Benjamin Bannan, who being duly sworn and affirmed, do testify that the statement to the public, which appeared in the Miners' Journal of October 3d, 1838, over their signatures is true to the best of their knowledge and belief. ANDREW RUSSELL, BENJAMIN BANNAN. Sworn and subscribed by B. Bannan, and affirmed to by A. Russell, this 3d day of October, A. D. 1838. J. SEITZINGER. Another Misrepresentation!—It has been asserted that we made an acknowledgment, that the election of Joseph Ritner would make a difference of \$3000 to us. We have said that this desirable event would have such an effect on our region, and tend so much to restore confidence, that it would make \$2000 difference to our coal business for the next year; we think so still, and we believe we will be borne out by every intelligent man in the community. But we have not one single cent bet on the general result of the election, but a barrel of sweet potatoes; we have a tripe, perhaps in all \$170 wagered on counties and districts. We have been repeatedly anxious to go a hundred or two on the Governor's election, but we find money not so plenty as to allow it, so our poverty and not our will prevented—all the cash we could raise we had to pay our debts with, and a tight squeeze at that too! High Pressure!—The Locos had their lying handbills about the result in Huntingdon County, circulated here at the same time the news arrived via Reading. As we do not attempt to say they were printed before the news arrived, or cut and dried before the election, we come to the conclusion that they have a steam press which saves all labor, and does the work of hours in seconds! ADVICE TO THE LOCOS. For their own good—the loco betters had best refrain from any more banter, or it will be bad, worse, worst for their pockets when Porter is worsted. Locos Batters all taken!—The Locos at Harrisburg offered a bet of \$10,000 upon their favorite Iron Gray, which the Democratic Ritnerites immediately took up, the locos then offered another of \$10,000, one thousand to be paid, and the bet was in a few days, probably till they could send for it to Washington; this was also snappd up by the never daunted Whigs, and a sum of 20,000 prepared, with a promise to throw in three thousand majority for Joseph Ritner! This has not by the last advices been taken by the Porterites. Since the above was in type, we learn that \$10,000 is offered by a Gentleman in Harrisburg as a bet that Joseph Ritner will be re-elected by 3,000 majority. Up to the last accounts, the bet had not been taken by the Porterites. De Iron Gray.—This is a patronymic given to David R. Porter, because he is the hobby on whom Martie Van Buren hopes to ride over the freedom of the Key Stone State, as well as from his heart being hard as iron to the impression of virtue, and from his having grown gray in vicarage. IF ANY ONE HAS DOUBTS, let him read the statement from Huntingdon County, as attested to in our paper of to day; the overwhelming majorities against Porter where he is known and despised, and the universal change in favour of Ritner and Pure Principles. Good FOR GAMBLERS.—A distinguished blackleg from Philadelphia, named Bob Todd, was in Harrisburg a week or two since and boasted that IF PORTER WOULD BE ELECTED GOVERNOR, GAMBLERS WOULD NOT BE PERSECUTED ANY LONGER. BUT GAMING HOUSES WOULD RECEIVE LICENSE, and some racing be freely sanctioned; and the gamblers have glorious times! Huzza for Porter and mobocracy! Don't meddle with edge tools.—Locos, leave your bowie knives at home on election day, you'll have sharp work enough to keep up with us in voting—you are sad blades and we'll handle you about the handsonment! Near desperandum.—The Pennsylvanian is dying game! friend Neal's tour of observation has shown him the unanimity of the people in favour of—not the false jockey, but the honest farmer. "Oh sweet Antis Ferge" simper through every column. LOOK AT THIS! While Joseph Ritner was seeking coal incorporations to protect individual enterprise, and mammoth appropriations to protect the State, David R. Porter was voting in their favor, or giving them his sanction by not voting at all! Where the Money comes from.—Democrats, have all got your correct ideas of where the loco focos get their rolls of nice looking, new bank notes. See one of them, "Ritner's Banker," if it is accepted, they run to particular individuals and borrow the amount; Fellow citizens! is your own money sent from Washington to the subscribers to defeat the election of your popular candidate. They divide the bets among a large number; if it is won the subscribers keep the money, and the stake is given back to the Treasury, if not, why interest duties and heavy taxes must pay the loss. The Author of the attack on the News!—The infamous author of the "Ritner and Under" attack on the News is proclaimed in the Baltimore Chronicle to be Thomas H. Birtch. This libeller is a political friend of David R. Porter, and a promoter of his election; the man who promised us gold and silver but gave us shillings, one who has lost the confidence of his own county, as well as Porter's. Well, well! well! well! shall we support them? No! No! No!

FACTS FOR THE SUB-TREASURERS

Mr. Woodbury has proposed, what Geo. Jackson's proposition was before Congress, that the fifty year's experience of the Treasury had lost money by all the Bank agencies together, and by the deficiency of a single individual. Mr. Wright, when Van Buren's schemes were perfected in New York State, avowed that the banks of that state never were, and never could be, political or partisan institutions, but that the safe, sound system was the most perfect fiscal system in existence. This safety fund was the basis on which Van Buren rose in New York, and now he and Wright are for a Sub-Treasury. If Banks are evil, are not Sub-Treasurers worse—in as much as the former have larger resources, more extended credit, are more efficient agents in transacting exchanges, and are more responsible for the fulfillment of their engagements? In \$250,000 a safe security for the Collector of New York, who has above twenty millions yearly passing through his hands. Have not the majority of these Banks who suspended while holding public funds, been formerly banks of Mr. Woodbury and others connected with the Treasury department at Washington? What sort of a sub-treasury has Robert T. Lytle of Cincinnati made, and is he not a defaulter for near \$40,000. Has the Treasury ever lost a like sum of a bank? Does the Secretary of the Treasury do his duty when he continues a defaulter to the amount of \$10,000 in office on the plea that he was gorged with plunder, and that the appointment of a successor would only lead to new frauds and peculations? Had not on the 17th January last, 53 of the principle public defaulters, swindled the Government out of \$750,000, being an average of over \$14,500? And of this number were not some in the second and even third times? Why are they not thrown into prison as was Tobias Watkins? Why are they not prosecuted as Samuel W. Stonebraker, who only owed a balance of one or ten dollars, and was never applied for to a settlement? If any loco focos will answer these stubborn facts, we can give them some more nuts to crack. FOR THE MINERS' JOURNAL. SONG. FOR "THE DAY OF THE ELECTION." Tune—"The Merry Swiss Boy" Art thou ye, art thou ye, ye Patriots all? And he to the polling away: Remember, 'tis glorious Freedom's cause, Demands your votes to day. Bribery—Corruption—Party influence shun, (Bear they what name they may.) Remember your country—'tis she alone Demands your votes to day. Arouse then, arouse then—ye Patriots all! And he to the polling away: 'Tis Freedom, and Columbia's cause, Demands your votes to day. Answer to the Porterites.—Why was not the charge of Perjury made against David R. Porter before his nomination? ask the locos. It was only known to four or five individuals in Huntingdon. John Williamson, Esq. did not know it till he was sent by Porter to John Stonebraker to see what he would swear in the Campbell suit, and he has become satisfied: When the Stonebrakers published their affidavit, the records were examined and found to corroborate their statement, and the strongest proof of public opinion is the result of the Inspector's election in his own county. Go to Huntingdon if you want to be convinced of Porter's fraudulent insolvency, and read the various certificates to back the Stonebrakers. Pennsylvania believes it, and will pronounce her verdict on Tuesday! WHO ARE THE DEMOCRACY? Do Ingersoll, Dallas, Buchanan, Wolf and the like constitute the true democracy, or do they only hang the lion skin upon their craven limbs to conceal their true species? Where were they 20 years ago? where but in the leading ranks of federalism and toryism! who in the Elder Adams' administration proposed a convention at Hartford for the purpose of forming a great consolidated government, and reducing the state rights to a level with mere corporations!—of that party who during the last war met all at Hartford, to sell our country to foreign enemies! Is that party the democratic party? No! No! No! We do not know them, we do not own them! the friends of Ritner are the only true friends of Democracy—it is our boast—our pride—we are the democrats of the school of Jefferson, and ours are the doctrines under which the people have been triumphant for forty years, and the doctrines under which we are to fight our present contest. Huzza then for Ritner, True Democracy and Victory! Liars should have good memories.—A hue & cry is raised by the lying handbill party papers that in Lehigh county, out of 23 townships heard from, the democrats have elected 21 inspectors! There are only ten election districts in Lehigh county, with the exception of the Borough, and the District which votes in the Borough, which we think elects two or three inspectors! So much for their truth and accuracy! They increase like Falstaff's men in buckram. In the Government Bankrupt.—The loco office holders, have done better. Has Van Buren's fund for heretofore, and corruption given out, or do they want to keep a little for New York, Delaware and the other states yet to vote. Verily the Treasury has found a new way to effect their Distribution Bills, the people are receiving their surplus revenue, or rather will receive it after the election.

GLORIOUS NEWS FROM BALTIMORE

The citizens of Baltimore have accepted the Registry Law by a majority of 716 votes. The Election for Governor took place on Wednesday last throughout Maryland. The Whigs will carry every thing before them. GLORIOUS NEWS FROM CONNECTICUT. The Whigs in Connecticut are sweeping every thing before them in that State for Representatives. The march of the Whigs is onward. Will Pennsylvania falter in the good cause. No! No! Laughable.—The Porter papers are cautioning the locos to beware of Whig handbills, circulated to deceive!—Look at home gentlemen, and compare Whig notes with your mountains. The proceedings which followed, so breathed the very spirit of democratic freedom and candor, that we regret to be under the necessity of excluding them to make room for the mass of other matter before us. SENATOR RIVES. His Advice to the Conservatives. It is stated in competent authority that Senator Rives of Virginia, has written a letter to the Democratic Convention of Pennsylvania, in which he earnestly remonstrates AGAINST ANY CONSERVATIVE GIVING HIS VOTE FOR GENERAL PORTER. THE ELECTION, he very properly says, WILL BE REGARDED AS A TRIUMPH OF THE SUB-TREASURY, AND THERE IS NOTHING LEFT FOR THE DEMOCRATIC CONSERVATIVE TO DO BUT TO REMAIN TRUE TO HIS PRINCIPLE WITH THOSE WHO THINK AND ACT WITH THEM ON THIS GREAT QUESTION, AND TO AID IN DEFEATING THE SUB-TREASURY CANDIDATE. MARRIED. At Pottsville, on Monday the 1st inst, by the Rev. Doct. McCarty, G. W. SNYDER to ISABELLA, daughter of Geo. M. Cumming. Come up to the Mark Porter.
