Public Notice.

AS it appears, that because Mr. Crane obtained no patent for smelting Iron Ore with Anthracite Coal in this country, many suppose that they are now at liberty to adopt the method of smelting Iron ore with Anthracite by the use of a heated air blast; although I gave notice last year that I had a patent for smelting Iron Ore with Anthracite Coal, both by the use of a cold atmosphere and a heated air blast, I would now inform the public again, that on the 14th of January, 1838, I received a letter from the Commissioner of Patents at Washington, stating: "Sir, upon examining the case of Mr. Crane's application for a patent for smelting Iron by means of Anthracite, I have viewed his claim as interfering with your patent of Dec, 1833, and have given notice to his attorney of this decision." Every attempt to smelt Iron ore with anthracite by the use of a heated air blast; is an infringement upon my patent, against which I caution and warn all men; as I shall prosecute every one infringing upon my rights, according to law. And I further offer to dispose of patent rights for the erecting of furnaces, according to my patent, upon very moderate terms.

HAY'S LINIMENT.

No Fiction.—This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was impeded with the solemnity of a death bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gidley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend & attendant; Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cures of the Piles, and also so extensively and effectually as to baffie credulity, unless where its effects are witnessed. Externally in the following complaints.

For Dropsy.—Creating extraordinary absorption at once.

All Swellings.—Reducing them in a few hours.

Rheumatism.—Acute or Chronic, giving quick ease.

Sore Throat.—By cancers, ulcers, or colds.

Croup and Whooping Cough.—Externally, and over the chest.

All Bruises, Sprains and Burns, cured in a few hours.

Sores and Ulcers.—Whether fresh or long standing and fever sore.

Its operations upon adults and children in reducing rheumatic swellings, & loosening coughs and tightness of the chest by relaxation of the heart, gidness and dimness of sight, utter inability of engaging in any thing that demanded vigor of courage, sickness and weakness extreme debility, disturbed rest, a sense of pressure and weight at the stomach after eating, great mental despondency, severe flying pains in the chest back and side, costiveness, a dislike for society and conversation. Mr. B. has made trial of various medicines now before the public, but some cure performed by Dr. William Evans's Camomile Tonic and Family Aperient Pills, he was induced to give them a trial, of which he is at this time happy to state that they effectually cured him of the above distressing disease.

HEADACHE, SICK OR NERVOUS.

THE extraordinary reputation that Dr. Spohn's remedy for this distressing complaint is every day gaining is a matter of much astonishment. That so much suffering should have existed for ages without any discovery of an effectual preventive, or cure is a duty a subject of much regret. Dr. Spohn assures the public that such a remedy has been invented as will convince the most credulous. The principles upon which it acts are simple and plain.—It is an admitted fact that this complaint, whether it is called Headache, or Nervous Headache, arises primarily from the stomach—those who think they have the Nervous Headache, may rest assured that the organ, the stomach, is the first cause, that the system has been vitiated or debilitated through the stomach, and that only through the same channel must they expect a restoration of the natural and healthy functions of the system. This object, Dr. Spohn's remedy is eminently calculated to attain. The truth of this position cannot be controverted, and the sooner sufferers with the headache become convinced of it, the sooner will their sufferings end in restoration to health. Dr. Spohn pledges his professional reputation on the fact. The remedy may be had of apothecaries.

MORE conclusive proofs of the extraordinary efficacy of DR. WM. EVANS'S celebrated Camomile and Aperient Antibilious Pills in alleviating afflicted mankind.

To James Dickson, 36, Cornhill, Boston, Agent for the sale of Dr. Wm. Evans's Camomile Pills. LOWELL, Nov. 15, 1836.

Dear Sir—Knowing by experience that every reference that the afflicted receive of the beneficial results of medicines, I cheerfully offer mine to the public in behalf of DR. WM. EVANS'S CAMOMILE PILLS. I have been afflicted for the last ten years with distress in the head and chest: often so bad as to deprive me of sleep for three or four nights in succession, but have found relief by any of my friends' prescriptions, until my wife saw the advertisements in the paper, when she persuaded me to send for some, which I did, and obtained two boxes and bottles, which resulted in almost completely restoring me to health, although I have not yet entirely finished them. Should you consider this any benefit to yourself, or the public, you have my cheerful permission to publish it. Yours, respectfully, THOS. K. GOODHUE, Centralist.

Evans's medicine, which much induced, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive of this declaration is, that those afflicted with the same or any symptoms similar to those from which he is happily freed, may likewise receive the same inimitable benefit.
