

POTTSVILLE.

SATURDAY MORNING NOV. 10, 1838.

Our Borough.—Some of our Philadelphia friends seem to be extremely fearful...

As a wreath of snow from mountain's breast Glides from the rock that gave it rest...

Seriously; the operations under the thickly settled part of our Borough are not of that magnitude to occasion permanent alarm.

Butter.—We all remember the story of the young country man, who went courting, and took a pound of butter with him as a present to his sweetheart.

The official returns of our Governor's election are not yet complete; the noise of the recent political strife has not yet ceased to vibrate in our ears.

We are neutral on the subject, or rather ambidextrous; in the morning a hot coffee man; and in the evening a strong tea man.

New York Election.—The Returns of the first and second day's vote from the city and some of the river towns have been received.

Judge Dougherty.—It will be remembered that in July last, Judge Dougherty, of St. Louis, was found murdered near that city.

Meas. Editors.—"Revenge is sweet." On the night of the 11th, 12th, and 13th, I made preparations, and did, on the 14th, (July,) kill a rascal, and only regret that I have not the privilege of telling the circumstance.

Rotation in Office.—The Loco office holders approve of rotation in office, but of a different kind from that which we imagined.

Mercury.—A vein of mercury, 15 feet thick has been discovered at Marengo in Alabama.

Greece.—The country, once the seat of science and the arts, the land of love and song, of poetry and philosophy, is now, as Jaffier denominated the situation of the Yeanian conspiracy, "in a d—d condition."

A Printer's Bull.—Our ingenious type stickers in our last Journal occasioned a bull, which nothing but the Irish subject could have inspired.

Butter.—We all remember the story of the young country man, who went courting, and took a pound of butter with him as a present to his sweetheart.

We were reminded of the butter story by a circumstance which occurred this week, and which we hope to see followed up.

Mexico.—On the 6th ult. the Garrison at Tampico rose in favor of the federal constitution of 1824.

Congress.—The customary notice has been proclaimed by Gov. Ritner, announcing the members of Congress elect.

Richard Hurdis.—The new novel, by an anonymous American author is worth reading. It displays intimate knowledge of human nature, and an eye poetically alive to the beauties of earth.

The Lady's Book.—The November number of this work has reached us, replete as usual, with originality, interest and beauty.

Miss Shirrif.—This lady has set the wits of all the New York Editors going double quick time!

White Abolition.—The act abolishing imprisonment for Debt went into operation in England on the 1st of October last.

Emigration.—Fifteen hundred emigrants arrive daily on an average in the valley of Mississippi.

Steam Navigation.—In England, as in America, the communication by steam ships between the two countries, is deemed conclusively established.

Absence of Mind.—A friend of ours had a fine chance to shoot a noble buck on the Broad Mountain, but unfortunately his gun misfired.

From the New York Express: THE WHIG CREED. The restoration of power to the people. The restoration of Government to its true, safe, and legitimate purposes.

Encouragement to American Labor, and respect to the rights of American industry. The vesting of the Public Lands from the grasp of Government speculators and land companies.

Political Persecution.—Robinson, of Courtland street, had the contents of his store seized for rent on Saturday.

Mr. Calhoun must now feel, and, if he has a heart, feel deeply and bitterly, the loss of his power over the people of South Carolina.

MISCELLANY. The Rev. Dr. Carroll, from Virginia, has been installed Pastor of the First Presbyterian church of the Northern Liberties.

Wholesale Business.—A vessel recently cleared from Detroit to Buffalo, with 2752 bushels of wheat, 513 barrels of flour, 15 barrels fish, and 1000 bushels of wheat.

Stewart, the Parricide.—The trial of Stewart has terminated at Baltimore, and a verdict of murder in the second degree brought in by way of compromise.

The Devil hissed.—Noah says Mayberrie's Opera of Robert the Devil has been performed at Algiers, and hissed off.

Giuffrida.—The male Giraffe in New York is dead, supposed to be poisoned: We hear no more of the she Giraffe, Fanny Wright, as one of our Philadelphia friends calls her.

Trifles, light as air.—Two thieves were apprehended in the feather store of Finley & Co. Walnut street, Philadelphia.

Dartmouth College.—There are 378 students in the alma mater of New Hampshire.

White Abolition.—The act abolishing imprisonment for Debt went into operation in England on the 1st of October last.

Look aloft.—Engle's comet was seen at Liverpool 27 Sept., looking like a hazy star of the tenth magnitude.

Robinson the Caricaturist.—They have tried to shut Robinson up—his caricatures were too pungent for the loons in New York, but he only answered them by publishing another.

State's Evidence.—A man was tried for horse stealing, and it being supposed that he had a gang of confederates, the jury were instructed to bring in a verdict of not guilty, on condition that he would not reveal them.

William's Sefson.—This gentleman, an actor of considerable talent, died at New Orleans on the 22 ult. of yellow fever.

Emigration.—Fifteen hundred emigrants arrive daily on an average in the valley of Mississippi.

Steam Navigation.—In England, as in America, the communication by steam ships between the two countries, is deemed conclusively established.

By which continue to receive the same patronage which their spirited enterprise deserves, they estimate the sum of eighty-four thousand pounds will pass into their treasury for the ensuing year.
