They are composed of articles the most anti-putresseent, combined with ingredients known as the only certain antidote for fevers of every descrip-tion. When the disease is produced either from cold, obstruction, bad air, swampy and camp situacom, obstruction, bad air, swampy and camp situal tions, or putrid miasmi, whether malignant or epidemic, or by other causes, these medicines are gertain in their operation or effects. They are possessed of peculiar qualities, which not only expel all disease, but at the same time restore and invigorate the system. When first taken into the stomach, they immediately diffuse themselves like vapor, through every pore, producing effects at the de-lightful, salutary and permanent. Whenthe spark of life begins to grow dim, the circulation languid, and the faculties paralyzed, these medicines are found to give a tone to the nerves, exilerate the an-

PHILADELPHIA, Saturday, Nov. 17, 1838 TO DR. WM. EVANS -- Dear Sir: It is with pleasure I take this opportunity of returning you my sincers thanks for the benefit of your in medicine, the Camomile Pills. Having been afflicted for several years with dispersia, my very being became almost loathsome to me. I suf-fered severe pains in the side, was afflicted with frinting spells, great debility, want of appetite, ina-bility to rest at night, frequent sickness, and in short all the symptoms of that distressing disease. I had tried several skilful physicians, but with no success; my imbecility of mind and body gradually increased, still I strictly abstained from using any of the nostrums and 'certain remedies' with which our newspapers daily abound, and for which I entertained a horror and contempts. At length through earnest entreaty of my friends, and especially my wife, I with great reluctance consented to try your celebrated tills. The effect was wonderful, and astonished even my most sanguine friends. I had used them but a short time before I rapidly recovered, and I now enjoy excellent health, to which have been a stranger for more than two years. I cannot sufficiently express my heartfelt gratitude to you for the advantage I derived from your medi-cines, and I earnestly and concientiously recommend all suffering under similar complaints to use your CAMOMILE PILLS. Although with some diffidence. I cheerfully desire that you publish this

testimony, if you see proper, and remain
Yours, &c. WILLIAM B. TAYLOR. P. S.—If any person desires to see me, I shall be happy to give my residence. W. B. T.

In the cure of all human maladies, the relief of irritation is the great object of madicine, the office of the physician, is to deliver his patient from all that is noxious and debilitating, so that the constitution or nature will be enabled to perfect the work of restoration. Here we would commend the administration of a remedy calculated to tuifit the preceding indication, which I believe we may justly say of Dr. Wm. Evans' cel-chrated Camomile Tonic and Family Apericat Pills: See the many underiable tests of their astonishing

efficacy in aiding nature to subvert disease.
