We come, we come, and ye fell our might.
As we are hartening on in our boundless flight,
And over the mountains and over the deep,
Our broad invisible pinions sweep.
Like the starit of Liberty and the free!
And ye look on our works and own 'tis we;
Ye call to the winds, but can ye tell
Whither we go or where we dwell?

Ye mark, as we vary our forms of power, And fell the forest, or fan the flower, When the hare-bell moves and the rush is bent, When the lower's overthrown and the oak is rent, As we wall the bark o'er the slambering wave.

Or hurry its crew to a watery grave;

And ye say it is well, but canye trace

The wandering winds to their secret place?

And whether our breath be loud or high. And whether our breath we roud or mga.

Or come in a soft and balmy sigh.

Our threadssings fill the soul with fear,

Or our gettle whisper woo the ear

With must cerial, still 'tis we:

And ye list, and ye look, but what do ye see!

Can ye hosh one sound of our voice to peace,

Or waken one now when our numbers cease!

Our dwelling is in the Almighty's hand, We come and go at His command,
Though by and sorrow is in our track,
His will ir our guide and we look not back, His will is our guide and we look not back, And if m our wrath you would turn away. Or win us in gentlest aurs to play. Then lifting your hearts to Him who binds Or frees at His will the obedient winds.

A SEE OF THE PROPERTY OF THE P

ANIMATION. When the most important three graves of the are suspended, and those who are three graves by unheritance or imprudence are reduced to a deplorable state of nervous debility, they should not even then depair, for it is not in despair that relief can be found. No. Let them first look a various medicines prescribed by different physicians, relief can be found. No. Let them first look a not even then despair, for it is not in despair that relief can be found. No. Let them first look a round, and, laying saide all prejudices, ask them-selves this question—"If my physician cannot help

me, is his reputed skill my only resort?"

Perhaps at that moment the heading of this advertisement, "Moffat's Life Medicines," would catch their eye; and were they in truth divested of foolish prejudices, they might, perhaps, be induced to inquire whether Mr. Moffat's theory and treatment of diseases, differed from that of their own physicians. They would then learn that it did dif fer, and very widely, and with most unhappy re-

fults, too. FIf they pursued their inquiries still further, they would find that all practising physicians of the present day prescribe MERCURY, in some form, for almost every disease, and they would learn, too, that mercurial medicines, though they give present relief, undermine the constitution, and always leave the patient in a precarious state of health.

A GOOD VEGETABLE MEDICINE is just the reverse of all this. For hundreds of years, before that scoarge of mankind, "Mercury," was employed in the healing art, Physicians used nothing but simple herbs. Even the bible recommends as the skilful physician he who prepareth his medicines from herbs. Witness Ecclesiasticus, chapter

V. 3. The skillful physician shall lift up his head; and in sight of the great men he shall be in admiration. V. 4. For he hath prepared his medicines out of

the HERBS of the earth, and he that is wise will

MOFFAT'S VEGETABLE LIFE MEDICINES possess qualities of the most mild and beneficial na-ture. They are composed of articles the most anti putresscent, combined with ingredients known as the only certain antidote for fevers of every description. When the disease is produced either from culd, obstruction, bad air, swampy and camp situations, or putrid miasmi, whether malignant or epidemic, or by other causes, these medicines are cortain in their operation or effects. They are possessed of peculiar qualities, which not only expel all disease, but at the same time restore and invigorate the system. When first taken into the stomach, they immediately diffuse themselves like vapor, through every pore, producing effects at once delightful, salutary and permanent. When the spark of life begins to grow dim, the circulation languid, and the faculties paralyzed, these medicines are found to give a tone to the nerves, exilerate the animal spirits, invigorate the mbody, and re-animate

THE LIFE MEDICINES have also been used with the most happy success in Nervous and Dyspeptic diseases, Consumption, Asthma, Liver Comaint, Rheumatism, (chronic and inflamatory,) Dropsies, &c. &c.

For full particulars, the reader is invited to cal at Mr. Moffat's office, 367 Broadway, and receive a opy of the Good Samaritan, published gratuitously.

The following letters are lately selected from a very large number which Mr. Moffat has lately received from different parts of the United States: Mr. Moffat .- Dear , Sir :- It is with sincere pleasure that I venture to address you, to thank you for the benefit I have received from your medcines. My complaint was salt . heum, for which I have tried all the medicines which were advertised in the newspapers. I, however, received no relief from any of them Since I was shown your Good Samaritan, which induced me to try your medi-cine. When I applied to you, my legs and arms were so bad that they looked like raw beef, and were covered with sores; but after taking a 25 cen box of your pills, the dead skin began to scale off, and so continued until I was entirely cured. It is ow four months since I was cured, and I have had no return of the complaint. I have recommended your medicine to several persons, and should advise all afflicted with the sait rheum to try it. Respect-

fully, your obedient servant, M. CLEOVER,

13th, st. between 5th and Jackson Avenues Lawrence, N. Y., May 23. Mr. Moffet- Dear Sir: 1 was troubled with the niles for several years. I applied to the most eminent Physicians without relief. A friend of mine, Mr. Clarke, who had received great relief from them recommended me to use your Life Pills. Though I was suffering very severely with them at the time. I experienced relicfin 45 hours, and in a few weeks was not troubled with them at all and I have been free from distress ever since and have great pleas ure in resommending them to those afflicted in a

unilar manner. Respectfully, JOSEPH E. SPEARNS. Summit Hill, Jan. 18th, 1838. Dr. Moffat-Dear Sir: I have great pleasure in addressing you, having been troubled for some time back with the rheumatism, and could find nothing to give me any relief, until I had commenced tang your Vegetable Life Pills and Phonix Bitters. In taking the first bottle and one box of pills I found he most excrutiating pain that I had long been troubled with, entirely disappeared. Such being the

ease, it is with gratitude I offer these sentiments feeling confident that I am indebted to you more than words can express, for your valuable medicine and the speedy cure received from its effects. GEORGE BROFTS. Yours, &c., New York, April 1838.

Dr. Moffet-Sir: Since your Life Medicines have been introduced in this neighborhood, they figure done wonders. I will morely state a few cases The wife of my neighbor, Mr. Cornelius S. Roe, who was supposed to be in a decline for the last two years, after taking two bottles of the Phænix Bitters one box of the Life Pills, says she had her health entirely restored. Mr. Milo B. Root, my next door neighbor, who

was laid up with inflamatory rhoumation, by taking two bottles of the Bitters and one 25 cent box of the Pills, told me he was as well as he ever was, and told a gentleman in my store who was afflicted that as soon as he would take the Pills and Bitters just so soon he would be a well man. Also, Mrs. Hordu, wife of John Hordu, was two

years since taken sick, and often had fits, and lo-t the use of one of her arms. In six weeks after tak. ing your Fills and Bitters, so far recovered that she as been on a visit to one of her neighbors.

As for myself, I have been in bad health for 27 ears, and though I am not now in perfect health,

still I am in better than I have been for ten years past, which I believe to be the consequence of ta-king year Pills and Bitters. The above is a true statement of a few of the many cases which have come under my observation. New York, April 1, 1838, Mr W. Moffat-Sir: I have been afflicted with the fever and ague about three months, and used good deal of quinine, which did me no good, but I still grew weaker and weaker artil I was recommended to try your Life Pills and Phænix Bilters; and after taking two boxes and two bottles of bitt.xs. I am very thankful to inform you and the public at

large, I consider myself completely cured. Yours truly, JOHN TENNENT, N. Y. New York Mills, March 29, 1838. Mr. Moffat-Dear Sir : I have used your medicine in my family for some months, and have received great benefit from it, especially my wife and ela est daughter. My daughter had been in a decline for 3 years. Since she commenced using your med icine she has entirely recovered, and is now well and hearty. If this will be or any seems, by you are at liberty to publish it. Resp'ly yours, &c. N. BUTLER,

Both in dry places and under water. ANUFACTURED SOLELY IN THE UNITED STATES, BY BACON, BICKFORD, EALES & CO. SINSBURY, HARTFORD, CONN.

Numerous recommendatory certificates might be given, but the following, which briefly explains the properties of the Puse, is deemed sufficient. The Fuse supersedes the Priming needle, Priming, and Match.

AVING seen the Patent Safety Fuse of Blast-ing, tested to our satisfaction, we cheerfully certify that we are convinced it saves much time and labor-adds to the force of the blast-ensures certainty, and renders blasting perfectly safe.- Besides, it is, we think, cheaper than the common straw fuse. For dry blasting it is a great improvement; but for blasting in wet ground, it is invaluable .-Messrs, F. Hitchins & Co., contractors on the Erie canal, certify that they have been engaged in the Cornish mines, England, where the Fuse is exclusively used, and that it has never, to their knowledge, caused a miscarriage. They confirm our a bove expressed opinion of its value. We make no

doubt that it will soon be in universal use.

Сонова, N. Y. Dec. 1837. The Fuse is sold at the very low price of ONE CENT PER FOOT. N. B. The common Fuse answers for wet blasting, but for blasting under water, or where a mis carriage would be of serious consequence, "WATER Fose" should be used, made specially for such places. Price, two cents per foot, corresponding

with the increased cost of making.
