If there is cash remaining in his hands to the a mount of \$150, it appears to me that we have two Treasurers; or one Treasurer and one Sub-Treasu

In the list of "out-standing debts," we find be ance due to G. Raho, late sheriff, for verdicts and fines \$150,81; add this to the \$150,00, said to be remaining in his hands, and we find that \$250,81 belonging to the county, is in the hands of Mr. Rahn. Now I can come to no other conclusion, than that Mr. Raha'is Treasurer Me facto, and Mr. J. M. Bick. al Freenirer de jure. As the law does not countesance such an arrangement, either our county commissioners are recreaul to their trust, or Mr. Rahn is a defaulter. I am very loth to come to this conclusion, particularly asithis gentleman has been honored with the appointment of Prothonotary of Schuyl kill county; but as these yearly reports are made for the information of per chizens, her citizens, even if they say nothing on the subject, must be in the situation of Paddy's Crew, theep a H-Il of a think. ing, when they see malters managed in such in such a bungling manner.

Iam not Mr. Rahn, that's certain; but if I was Mr. Rahn, I would embrace all honest means in my power, to prevent my name from appearing in the Treasurer's Report, under such suspicious circumstances. Believing that the citizens of this county have no desire for an illustration of the sub-treasury system, and its speeky consequences, I must take oceasing to repeat the remark :- " Right waongs we son'!" so gentlemen for the future pay up, as we cannot well afford to pay interest on borrowed money, without our debtors are governed by the same principle; and even then, " we are opposed to banking " you know. J. M. C.

In the appropriation bill, introduced into the House by the Loco Focos, there is over one MILLION SIZ HUNDRED THOUSAND DOLLARS: This added to three hundred th usand already appropriated to repairs, makes upwards of \$1,900,000 for the Repair Fund, the ensuing season. This is most unecountable. Last year \$280,000 were appropriated for re-pairs, and never before was there more than \$300, 00 allowed to keep all the improvements of the State in repair.
This repair Fund is the best electioneering mon

ey at the command of the Canal Commissioner: in deed, there is not, nor can there be, much account taken of it. It is entirely under the control and at the disposal of the Supervisors; the laws intending that they should be applied as necessity and emer

gency inight require. Now, why is it that this fund is so enormously increased this year under the auspices of our bank. rupt administration of the State Government? It is alleged that the improvements are in so bad a condition as to require it. By this it is intended not only to raise an excuse for placing this amount of money at the disposal of political partizans; but at so to reflect upon the administration of Governor Ritner. That the improvements of the State are in a marse condition this spring, and require more re pitting than in former years, is a positive falsehood.

On the contrary, we are informed by numerous transporters, those the most extensively engaged on nprovements, and some of them the ded friends of our bankrupt administration, whole line of State improvements are in A BETIER condition, and require LESS repairing this spring. than at any former opening of the naviga to it is desired, we can give the most ample and satis-

factory proof of these facts. But we have yet alronger proof. Mr. Hegina, one of the more honest of the loco foco members of the flowe apposed this enormous repair fund appro-priation, and said, in the course of his remarks, that he had been informed by one of the enginters who made the estimate for repairs, that not more than one nature of the win taked for in the bill would be required. This very day the water was to be admitted into the commended for stability, &c. constant employment.

In Philadelphia, at Sanderson's Merchant's House and the bill was and the bill wa the superintendent of that work had suformed him gent of the company in Richmond. that EIGHTEEN THOUSAND DOLLARS would be sufficient

for that purpose.

Here is the evidence of the unaccountable prodigality and wastefullness of the already bankrupt

State Administration.

The blackest part of this matter remains yet to be exposed. We are informed by persons high in the confidence of the loop foco party, that it is in contemplation to pass this Repair Fund Bill, for the purpose of raising an excuse not to pass a general appropriation bill to the main lines; intending to create the impression that all the money at the com-mand of the State will be required to repair the im provements, and that pone can therefore be given to carry on the main lipes -And the object for stopping the work on the chain improvement, is to BREAK UP THE PRESENT CONTRACTORS ON THEM, MANY OF WHOM ARE DEMOCRATIC, AND TRERESORE OFFONENTS OF OUR BANKRUFT RULERS. The labourers who will be thrown out of employment by this operation, it is in contemplation to BUY OVER AND EVER IN GOOD HUNDR BY EMPLOYING THEM ON UNNECESTARY WORK UNTIL NEXT BEA'ON, BY THIS OUTBAGEOU-LY EXTRAV grand scheme of political persecution and villainy perpetrated in any country, much less in Pennsylvania? We hope the people will open their eyes t these enormities-to these infamous political transactions .- Pen. Tel.

The celebrated substitute for CHLOMEL.

Tife proprietors of this article, having devesed mass. It developes a serious appeales of the Jesus years, and expended a large amount of money, in experimenting open-the various appeales of the Jesus (Solanum Lycopercicism) have at last seenceded in obtaining from that vegetable a principle which as a medicine possesses all the beneficial properties of calonic and personagedle of producing the descriptions affects elections resulting from the use of that drug. This principle (hepstine) is a mild and efficient cathartic, and, is collapseded, and acts as a semical-irrectio, and displorite. See directions accompanying the includes

the medicine) the medicine.

The particular action and use.

Its action upon the system is very general, as pare excaping its influence; it is, however, upon the secretories and excretories, that its great power is particularly manifested; from this it will be seen to have a direct effect upon the delary organs, and to be particularly at danted to the treatment of billous fepres and other diseases where a porphility or conjection of the first and portal circle prevail; hence the great success that have attended its administration in fever affections, dyspension and diseases of the Monach and bousts generally. Being diffusible in its operation, it produces a free circulation in the vessels on the surface of the body, accompanied by a gentle perspiration. It does not extend like drastic purges; still its action is more universal and it may be often repéated, not merely with safety but with great benefit; this becomes indispensably seconsary in cases of long standing, for in them intenses temporary impressions made by strpny medicines selection, if ever, do good, and tend to injure the stiming of the constitution.

lis claume The proprietors do not claim for it universality i. a. The proprietors do not claim for it universality i. athat it will cure all diseases; not, on its introduction line to a family, should the physician to disminsed; not they would advise all to have a family sphysician, and the more experienced and ecientific the better: they declaim, however, that a timely resort to this medicine, may in a great many instances save the expense and trouble of calling the aid of such physician, it being carpable of producing the effect desired in the primary stages of a majority of diseases incident to this country, in usary long studies, or chronic diseases mich as the

parties of producing the effect desired in the primary stages of a majority of diseases incident to this country. In many long standing, or chronic diseases such as ill conditioned ulcris, and the various diseases of the skin, it may be taken by persons of common judgement without medical advice.

Persons adviced to give it a trial.

Not only are families advised to adopt it as a family medicine, but those who are laborring under disease that calonel has failed to remove; those who have seen and left the deletyrious effects of as well as those who esteem calonel to be the best of all medicines; and those too, who have tried every thing," (from the boasted rure all nostrums purporting to have emmanted from great foreign colleges or societies, down to humble quack medicine of Dr. A. C. to Z) all are invited to try this simple American article It is not the intention of the proprietors to sustain this medicine by certificates and simple American article It is not the intention of the proprietors to sustain this medicine by certificates and putting but by way of introduction in those places where It has not been known, it is deemed proper to show what is said of it where it has been known the partyear. The following editorial articles and extracts from levi ters by physicians, and others are given for that purpose.

The following an editorial from the Cincinnati Telegraph. edited by Bishop Purcell:

"Extract of Tomato, a substitute for Calonel."—The
injurious and frequently destructive consequences that
have often resulted to the human frame from the nehave often resulted to the human frame from the naccessity of having recourse to a drug of so powerful, and at the same time, of so deleterious a nature, as oslowed; induce u to welcome the announcement of a safe, and what is confidently stated to be, in most cases, an effectual substitute for it, which, while it possesses, if not all, at least a great portion of its good qualities, is free from its most objectionable ones. Every discovery in the virtues of the vegetable kingdom must have its infancy, and its period of probation. We are inclined to think this will stand the test of serutiny, and be a most desirable will stand the test of serutiny, and be a most desirable of this country. We have heard it highly spoken of, and we believe the result of every investigation of its usefulness, yet made, has been favorable.

The proprietors of the Compound Extract of Tomate make no secret of its composition, but reveal it to every medical man who desires to know it."

The following is extracted from a letter to one of the proprietors ty the lion I. Burnett, formerly mayor of the city of Cincinnatti, January 5th, 1833.

Ciacinnath, January 5th, 1838.

Dear Sir.—•• • • • I have used your Compound Extract of Tomato during the past summer and fall, and have no heatation in believing it has saved me several medical bills. Flour of my family during that period were indiaposed, and exhibited the usual symptoms of a bilious attack. They were in every instance relieved by the use of your Tomato pills. I consider them a valuable medicine. They are perfectly safe, and I believed as efficacions as chlomel in correcting a bilious habit—1 have used them myself with great benefit.

ISAAC BURNETT. THAT well known Establishment, the

Cincinnatti, February, 1st. 1838.

Dear Sir.—It is with much pleasure that I bear tes Dar Sir.—It is with much pleasure that a oear con-timony to the efficacy of the Tomato pills in affections of the timer: from its operation which I have witnessed in my own case. I am ready to conclude that you have dis-covered the long looked for nesideratum, a substitute for calomel in directed for the liver. Accept, air, my grateful acknowledgments. Your obedient servant. ROSERT PUNCHOR.

ROSERT PUNCHOR.

The following is extracted from a letter of a highly respectable physician to friends of his in Cincinatti, who had solutited his opinion as to the virtues of this medicines.

Lawrencourgh, January 26th, 1838.

MESSAS, PECK & Co.

Gentlemen. * * 1 have used the article (Miles' Compound Extract of Tomato) somewhat extensively in prescription for some months past, in many of the almost numberless manifestations of hepatic derangement-particularly in infantile cales, and although I cannot say, that it is in ALL cases a substitute for mercurial medicines, yet theistriking analogy in its, theraputic effects is such as to recommend it favorably to my mind as an adjutant in post instances to the exhibition of calomel, and where an immediate or speedy alternative effect is not indispensible, it may supersedeits use altogether. In several instances in which an antipathy or prejudice against mercurial remedies existed, I have projudice against mercurial remedies existed, I have projudice against mercurial remedies existed, I have programment of the complex of the care of

The following, is a voluntary statement made by a highly respectable and scientific Physician, and appeared in the Jeffersonville Courier, last winter.

MILES EXTRACT OF TOMATO—A substitute FOR OALONEL—Having made a trial of the above article, I terl was ranked in recommending it as a useful medicine. The pills possess all the purgitive and anti-billious properties of catomel, without any, of six injurious tentencies. Persons who are addicted to habitual respor of the liver, and consequent accumulations of bile, and who have been compelled to have resonate to the different preparations of mercury for relief, will find Miles. Pills, a safe and convenient substitute.
