TO A WAVE BY BOCKWELL

Wist flou child of wind and sea, Tell me of the far off deep, Where the tempest's wind is free, And the waters never sleep ! Then perchance the storm hast sided, Hn its work of stern despair, for perchance thy hand hath braided, In deep caves, the mermaid's hair. Wave! now on the golden sands, Silent as thon art, and broken, Bear'st thou not from distant strands, No my heart some pleasant token! Tales of mountains of the South, Spangles of the ore of silver; Which, with playful, singing mouth Thou hast leapt on high to , pilfer ! Mournful Wave! I deem thy song Was telling of a mournful prison, Which, when tempests sweep along, And the mighty winds were risen, Foundered in the ocean's grasp, While the brave and fair were dying, Wave! dul'st mark a white hand clasp In thy fold as thou wert flying ! These thou seen the hallowed rock

Where the pride of kings reposes, "Crowned with many a misty lock," Wreathed with saphire green and roses Or with joyous playful leap, Hast then been a tribute funging,

Up that bold and jutty steep, Pearls upon the south wind stringing.

Faded wave ! a joy to thee, New thy flight and toil are over ! O may my departure be,

Calm as thine thou ocean rover! When this soul's last joy or mirth An the shore of time is driven-

The its let like thine ; on earth, To be lost away in heaven.

Before thine Holy altar we With deep contrition lowly bend, Within thy temple all did see Through faith thy presence there descend The influence of thy Holy Love. On all our hearts divinely shed, Inspired our thoughts to soar above On Christ the ever living head. The escred emblems we partook, His braised Body on the tree, His agenies, that bitter cup Our pardon seal's, salvation free. Through all our days, may we record The triumphs of victorious grace, The love of on asscended Lord Till we behold him face to face There with the Angelic Host above Around thy throne rejoicing bend, With songs of triumph, full of love, Forever praise thee without end. MOFFATTS LIFE MEDICINE -RE-functions of his are suspended, and those who are invalids by inheritance or imprudence are reduced to a deplorable state of mervous debility, they should not even then despair, for it is not in despair that relief can be found. relief can-be found. No. Let them first look a-round, and, laying anide all prejudices, ask them-selver this question-"If my physician cannot help ime, is his reputed skill my only resort ?" Perhaps sta that moment the heading of this ad-vertisement," "Moffat's Life Medicines," would catch their eye; and were they in truth divested of foolish prejudices, they might, perhaps, be induced to inquire whether Mr. Moffat's theory and treat-ment of diseases. differed from that of their own ment of discases, differed from that of their own physicians. They would then learn that it did dif-fer, and very widely, and with most unhappy re-

If they pursued their inquiries still further, they if they pursued their inquiries still further, they would find that all practising physicians of the present day preseribe MERCURY, in some form, for almost every disease, and they would learn, too, that mercorial medicines, though they give present relief, undermine the constitution, and always leave the patient in a precarious state of health.

A GOOD VEGETABLE MEDICINE is ijust the reverse of all this. For hundreds of years, be-fore that scoorge of mankind, "Mercury," was empore that scourge of mainsing, "Mercury," was em-ployed in the healing art, Physicians used nothing but simple herbs. Even the bible recommends as the skilfal physician he who prepareth his medi-cines from herbs. Witness Ecclesiasticus, chapter xziii.

V. 3» The skillful physician shall lift up his head; and in sight of the great men he shall be in

admiration. V. 4. For he hath prepared his medicines out of he HERBS of the earth, and he that is wise will not va bhothem.

MOFFAT'S VEGETABLE LIFE MEDICINES possess qualities of the most mild and beneficial na-ture. They are composed of articles the most anti putresscent, combined with ingredients known as the only certain antidote for fevers of every descrip-

tion. When the disease is produced either from culd, obstruction, bad air, swampy and camp situations, or putrid miasmi, whether malignant or epi-demic, or by other causes, these medicines are certain in their operation or effects. They are pos-sessed of peculiar qualities, which not only expel all disease, but at the same time restore and invigorate the system. When first taken into the sumach, they immediately diffuse themselves like vapor, through every pore, producing effects at once de-lightful, salutary and permanent. When the spark of his begins to grow dim, the circulation languid, and the faculties paralyzed, these medicines are

found to give a tone to the nerves, exilerate the arimal spirits, invigorate the mbody, and re-animate the whole man.

THE LIFE MEDICINES have also been used with the most happy success in Nervous and Dys-peptic-diseases, Consumption, Asthma, Liver Comlaint, Rheumatism, (chronic and inflamatory, Dropsies, &c. &c.

For full particulars, the reader is invited to cal at Mr. Moffat's office, 367 Broadway, and receive a

Respectfully, JOSEPH E. SPEARNS. New York, April 1838.

Dr. Moffet-Sir: Since your Life Medicines have been introduced in this neighborhood, they have done wonders. I will merely state a few cases. The wife of my neighbor, Mr. Cornelius S. Roe, who was supposed to be in a decline for the last two years, after taking two bottles of the Phœnix Bitters one box of the Life Pills, says she had her health entirely restored.

Mr. Mile B. Root, my next duor neighbor, who was laid up with inflamatory rheumatism, by tak-ing two bottles of the Bitters and one 25 cent box of the Pills, told me he was as well as he ever was, and told a gentleman in my store who was afflicted, that as soon as he would take the Pills and Bitters just so soon he would be a well man.

Also, Mrs. Hordu, wile of John Hordu, was two years since taken sick, and often had fits, and lost the use of one of her arms. In six weeks atter tak-

ing your Pills and Bitters, so far recovered that she has been on a visit to one of her neighbors. As for myself, I have been in bad-health for 27 years, and though I am not now in perfect health, still I am in better than I have been for ten years past, which I believe to be the consequence of ta-king your Pills and Bitters. The above is a true statement of a few of the many cases which have come under my observation. You are at liberty to publish this letter, and reference can be had to me
