STANZAS.

Yes, let the gay hours hasten merrily on,
While Fancy is weaving her spell 'round the brain;
When the harp of Romance hath a swell'r tone,
Oh, why should we listen to sorrow's dull strain?
Why sadden the song, when the fingers of Mirth
O'er the quivering wires in thoughtlessness rove?
Why silence the melody Beauty gives birth,
When the breath of its music is mellowed by Love?

Let us quaff the bright bowl—to the brim let it reek
With the juice that out sparkles the sorrowing tear;
On its amber hued wave floats the rapture we seek,
And reflects to our lips the gay smile that they wear
Oh, why should we seek, then, that shadowy stream
Whose ripples for ever are saddened by Truth?
For what were existence, if ceasing to dream
Of those happy delusions that brighten'd our Youth?

There is nothing like keeping up one's dignity. An Ohio editor, in speaking of the river, says it has got so *low* that it is beneath his notice.

"We debar ourselves all luxuries," as Lewis Tappan said ven an old fat nigger wench said, "Give me a buss, massa."

"Why did Adam bite the apple?" asked a country schoolmaster of his pupil. "Because he had no knife," said the boy.

A young lady, engaged as "help" in a family up town, is so extremely modest that she dressed the legs of a chicken in pantalettes, and put a chemisette over the breast, before sending it to the table.

"Examine both sides," as the lady said to a gentleman who was praising the figure of a coloured female walking in front of him.

An editor apologizes for the lack of editorial matter by saying that he carried several good and interesting articles to a wedding in his hat, and the girls coaxed them all out of him to wrap up bride's cake in! That's the last excuse we have heard.

"If you and I should suspend specie payments," said Bass to a phrenologist, "what should we be like?" *A pair of Suspenders.*

Obstinacy is an advantage to our enemies, a trouble to our friends, and the assured overthrow of ourselves.

An Irishman advertised a newly invented washing machine in these words:—"Every *man* his own washer *woman*.

Why are a pair of tongs like a parson? Because they are used to pick "brands from the burning."

Instead of Gen Jackson's death, a Tennessee paper says he has gained 50 pounds of flesh since the suspension of the United States Bank.

A house having fallen down one day during a heavy gale of wind, a wit most provokingly congratulated the owner on his *windfall*.

A young nigger attending the Tabernacle Sunday School being examined in the church catech sm, was asked, "What are you made of, Jack?" "Oh mod, massa," said Ebony. On being told he should say "of dust," he replied, "No massa, it no do, no stick togedder."

Bowel Complaint Cured.

JAYNE'S CARMINATIVE BALSAM is a certain safe, and effectual remedy for dysentery, diarrhœa or looseness; cholera morbus, summer complaint, chonic griping pains, sour stomach, flatulency, &c. &c., and all spasmodic and nervous diseases, as sick and nervous headache, hysteria, cramp, &c

Baltimore, March 27, 1833.

DR JAYNE—Dear Sir: You ask me what proof I meet with of the efficacy of your medicine. I can safely say that I never prescribed any medicine for Bowel Complaint that has given me so much satisfaction, and my patients so speedy and perfect relief as that of Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of Children it has frequently appeared to snatch the little victims, as it were, from the grave. It saved the life of my child and of such and such a child," I have repeatedly heard said. In *dysenteric affections of adults*, I have time and again seen it act like a charm and effect permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it.

Respectfully, M L. KNAPP, M. D.

From Dr. Wm. Steel ng, Phys c an to the Gambier ad, N J., Almshouse.

This is to certify that I have used Dr. Jayne's Carminative Balsam very extensively in Bowel Co plaints, and have not the least hesitation in declaring it superior to any preparation I have met with for the relief of those diseases.

From Jonathan Going D D. (late of New York,) President of Granville College, Ohio.

Dr D. JAYNE—Dear Sir: Having made use of your Carminative Balsam in my family, and finding it admirably adapted to the complaints for which it is recommended I take pleasure in recommending it to the use of my friends and the public generally, believing the ewho are afflicted with any of these complaints will find relief by the use of this valuable medicine.

Coughs, Asthma, Spitting Blood &c,
Cured by Jayne's Expectorant.

(*From Atkinson's Philadelphia Evening Post*)
Philadelphia, Aug. 16th, 1838.

Mr. Atkinson—Dear Sir A few weeks ago, I noticed in your paper an account of the surprising effects of Jayne's Carminative in restoring a great number of passengers on board of a Mississippi steamboat to perfect health, who were affected by a violent Bowel Complaint. I was glad to see you notice it so kindly—you may rest assured it deserves the praise bestowed upon it. The benefit I have received from his medicines, more especially his Expectorant, induces me in strict my case to you, for the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to labor under a Cough and Asthmatical oppression, for more than half a century. When a soldier in the American camp, in 1778, I, with many others, *owing* to a great exposure, had violent attack of disease of the lungs, by which I was disabled from duty for a long time. Since that period, until recently, I have never been free from a violent cough and difficulty of breathing. Year after year, I have expectorated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit, or be bolstered up, to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skilful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another very severe attack of Inflammation of the lungs which I fully expected would be the last. I then considered my case as past the aid of medicine; when I was persuaded to call in Dr. Jayne. With the assistance of Divine Providence, through him I announce once more raised from my bed; but the cough and wheezing wearied me day and night. He advised me to use his Expectorant. I did so, with a strong hope that, as it had cured many of my acquaintances of various diseases of the lungs it might at least mitigate my sufferings. Need I say how gratified I feel! *I had effectually cured me* As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectoration became easy, and my cough entirely left me. I now feel as well as ever I did in my life, and better than I have *for the last 60 years*. Last summer I spit a great deal of Blood—now, thank God, I am perfect ly cured—Now, sir, after suffering so long, and finding at last such signal relief from Dr. Jayde's Expectorant, I feel anxious to inform my fellow citizens where relief may be had.—If you think this worth a place in your paper, you will oblige me by inserting it.

Dr. Jayne's Expectorant.

WE consident a duty to call public attention to this admirable preparation for Pulmonary Diseases—especially *Coughs, Colds, Consumption, Spitting Blood, Asthma, Bronchial Affections, Whooping Cough, &c.* It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendations.

Dr. Jonathan Going, President of Granville College, Ohio, (late of New York) in a letter to Dr. Jayne, dated New York, December, 1836, says—"He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant." Mrs. Delke, of Salem, New Jersey, was cured of Asthma, of twenty years standing, by using two bottles of this medicine. Mrs Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles. Dr. Hamilton, of St. James, South Carolina, was greatly affected by a cough, hoarseness, and soreness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the first Baptist Church, in Philadelphia has been perfectly cured by it—after having suffered for SIXTY YEARS with *Coughs, Asthma*, and *spitting of Blood*, which no remedy before could relieve.

The Rev. C. C P Crosby, writes as follows:

NEW YORK, June 15, 1839.

To Dr. JAYNE—Dear Sir: I have made use of your Expectorant, personally and in m family, for the last six years with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr Pinson, of the Island of Jamaica. For all cases of cough, inflammation of the chest lungs, and throat, I do most unhesitatingly recommend this as the best medicine I have ever tried. My earnest wish is that others afflicted as I have been, may experience the same relief, which I am persuaded they will, by using your Expectorant. C. C. P. CROSBY.

The following certificate is from a practising PHYSICIAN and a much respected *Clergyman* of the Methodist society, dated Modest Town, Va, August 2, 1838

Dr. Jayne—Dear Sir: I have been using your Expectorant extensively in my practice for the last three months and for all attacks of Colds, Coughs, Inflamation of the Lungs, Consumption, Asthma, Pains and Weakness of the Breast, it is decidedly the best medicine I have ever tried, Very respectfully yours,

R. W. WILLIAMS, M D.

THE CAUSE OF BILLIOUS COMPLAINTS AND A MODE OF CURE—A well regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion, and keeps the intestinal canal free from all obstruction. On the inferior surface of the liver is a peculiar bladder, in which the bile is first, reserved, being so med by the liver from the blood. Thence it passes into the st mach and intestines, and regulates the indigestion. Thus we see when there is a deficiency of bile, the body is constantly costive. On the other hand, an overabundance of bile, causes frequent nausea in the stomach; and often promotes very severe attacks or disease, which sometimes end in death.

Fevers are always preceded by symptoms of a disordered stomach; as are also scrofulous disorders, and all sympathetic, functional, organic or febrile diseases. From the same cause the natural and healthy action of the heart, and the whole vascular system is impaired and reduced below its natural standard; as exhibited in palpitations, languid pulse, tumors of the limbs, syncope, and even death itself, in consequence of an overabundance of a peculiar offensive *substance to the digestive organs.*

The approach of bilious diseases is at all times attended by decided symptoms of *an existing diseased state* of the stomach and bowels; i. e. with those signs which are known to point out their contents to be of a morbid irritating nature; for whenever the alimentary canal happens to be loaded with irritating matter, some derangement of the healthy operation, either of the general system or of some particular organ of the body is the necessary result; and when this time happens to be united with any other symptoms of disease, its effects are always thereby much aggravated. The progress of organic obstruction is often so rapid as scarcely to admit of time for the application of such and as is to be offered by art; yet, in general the premonitory symptoms of gas or fever are perceptible for a day or two previous to the feverish paroxysm a period, when the most efficacious assistance may be given, by unloading the stomach and alimentary canal of irritating contents, and thus reducing the susceptibility of disease.

MOFFAT'S LIFE MEDICINES, should always be taken in the early stages of both its complaints; and if persevered in strictly according to the directions, will positively effect a cure.

The mineral medicines often prescribed in these diseases, although they may effect a temporary cure, at the same time create an unhealthy state of the blood, and consequently tend to promote a return of the very disease which they are employed to cure. It is then by the use of purgatives, exclusively formed of vegetable compounds which possessing within themselves no deleterious agencies, which decompositon combination or alteration can do vegetable to bring into action; and therefore capable of producing no effect, save that which is required—that a safe remedy is found.

THE LIFE PILLS and PHŒNIX BITTERS have proved to be the most happy in their effects in cases of billious diseases as any purely vegetable preparation never offered to the public. If the stomach is foul, they cleanse it by exerting it to throw off its contents; if not, they pass to the duodenum without exciting vomiting or nausea in the st mach; stimulating the neighboring viscera, as the liver and pancreas, so as to produce a more copious flow of their secretions into the intestines; stimulating the peristaltic motion terminating in the inner coat, which an increased flow of the useless particles of the body, foreign matters or retained secretions, are completely discharged.

Pills! Pills!

THE safest, the best, most efficacious and truly vegetable Pills in existance are

DR. LEIDY'S BLOOD PILLS,

A component part of which is Sarsaparilla, and known to be the most effectual and thorough purifier of the blood and animal fluids ever discovered. As a gentle or active purgative, they are equally efficacious—whilst taking them no change of diet or restraint from occupation is necessary. They may be taken at all times and under all circumstances—they will not reduce or weaken the system by their effect as most purgatives do—much comment upon their virtues is unnecessary—their reputation is well established, numerous proofs of their efficacy having been published at different times. Suffice it to ray that in addition to their efficacy in diseases of the stomach, liver, intestines, &c., they are the only pills in existence that cleanse and purify the blood and animal fluids, removing all noxious and diseased humors therefrom, and thereby removing all eruptions from the skin—dry and watery pimples from the face, neck and body, tetter, rash, or breaking out of the skin, and all cutaneous affections whatever

They are prepared from vegetable extracts, (warranted free from mercury and the minerals) and by a regular physician, attested by Drs. Physic, Horner, Gibson, Jackson, James, Dewees, Hare, Coxe, &c besides numerous other physicians throughout the United States, who daily employ them in their practice, administering them to their patients in preference to all other purgatives, and in preference to all other preparations of Sarsaparilla, in consequence of their possessing the combined effects of correcting the diseased humors of the blood and fluids, and by their purgative properties, removing or carrying off the same from the system, without producing the slightest inconvenience, or requiring restrictions, &c.

Numerous testimonials, certificates and recommendations of those Pills, from physicians and others, accompany the directions with each box. Dr. N. B. Leidy's signature accompanies the genuine on two sides of each box on a yellow label.

Price Twenty-five cents a Box.
