Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That when a borough forms part of a township or townships, composing together one general election district, and which are entitled by the act to which this is a supplement, to separately elect two justices of the peace, it shall be the duty of the judge and inspectors elected to hold the general and township elections of each year, to provide a separate box, into which they shall put the tickets voted for justices of the peace for said borough, and the tickets voted for justices of the peace by the qualified voters of the township, shall have the word "Township" written or printed on the outside; and the tickets voted for justices of the peace by the qualified voters of the borough shall have the word "Borough" written or printed on the outside, and the said judge and inspectors shall count the votes so voted for justices of the peace for said borough, and return the same in like manner as is provided for in the election of justices of the peace for township.

SECTION 2. Whenever it shall become necessary for the citizens of any township, in any of the counties of this Commonwealth, which has been or shall be divided in any way in forming any election district or districts to elect justices of the peace, judges and inspectors of elections, assessors, constables, school directors or other township officers in pursuance of any act or acts of assembly, the qualified voters of such township shall meet at the usual place of holding their annual township elections respectively, and shall then and there proceed to elect such officers in the manner now provided for by law, and the returns of such elections shall be made out in the same manner as is now provided for by the laws of this Commonwealth; and such township election shall be held in any township which may be divided as aforesaid, shall be held and conducted only by the judge, inspectors, and clerks residing in the district where the place of holding the township election is or may be located, any law to the contrary notwithstanding; Provided, That whenever a vacancy happens by death, resignation, removal or otherwise, then the judge or inspector residing in the township and district nearest to the place of holding the township election, shall hold and conduct the same.

SECTION 28. It shall be the duty of the judge and inspectors holding and conducting such township election, to keep as many separate boxes and separate lists of voters for judges and inspectors of elections as there are election districts or parts of election districts in such township respectively, in which they shall deposit the votes of the citizens residing within the limits of such district or parts of districts for judges and inspectors of the general elections in their particular districts, and the returns thereof shall be made out and certified in conformity with the provisions of the act of the second July, Anno Domini, 1839, entitled "an act relating to the elections of this Commonwealth;" and in cases where part only of the township forms, in connection with other parts of other townships, a general election district, the judge holding such township election shall meet the judge or judges from the other township or townships forming part of such general election district at the place of holding the general election, and the said judge shall then and there proceed to make out a general return in like manner as is now provided for by law.

PROPOSALS, FOR Publishing, until the next Presidential Election, a new Weekly Paper in the Borough of Pottsville, Schuylkill Co., Pa., to be entitled "The Log Cabin." The title of the paper has been chosen to show that an application given in derivation to one of the most talented and brave of our Country's sons, the "Log Cabin Candidate," is worthily bestowed, inasmuch as he, by the opening of the Western Country to the enterprising poor settler, by dividing the land districts into half sections, enabled each and every emigrant to build his log cabin, and settle on his own land. It will likewise advocate the interests of the American laborer and American industry, and was against the designs of Martin Van Buren, as expressed by James Buchanan and other of his friends in the United States Senate, of reducing the free labor of our country to a level with the slave labor of Cuba, and the low prices of European countries. It will be the advocate of the Poor Man, not trying to injure those who employ him, but showing that the interests of both are connected, and that it only requires a protection on their industry to make active business, fair but not extravagant wages and general prosperity among all classes. The "Log Cabin" is particularly calculated for Clubs and Associations favorable to the election of William Henry Harrison, and it will contain every species of information, calculated to advance his interests, and repel the calumnies of his enemies. To the Directors of Common Schools in Schuylkill County. THE following statement is made in compliance with the tenth section of the School Law, of June, 1836. Districts that have accepted the Common School System. The amount which each accepting School District is entitled to receive the ensuing year, commencing on the first Tuesday of June next, out of the annual State appropriation, is a sum equal to ONE DOLLAR for each taxable inhabitant in the District. The amount of School Tax required to be levied to entitle a District to its share of the State appropriation, must be a sum equal to at least sixty cents, for each taxable inhabitant in the District. Districts that have not accepted the Common School System. The amount of undrawn balances remaining for the use of non accepting districts, for the School years 1835, 1836, 1837, and 1838, is FOUR DOLLARS AND FORTY CENTS, for each taxable inhabitant in a district, according to the enumeration of 1835; and for the school year 1840 and 1841, is TWO DOLLARS for each taxable inhabitant, according to the enumeration of 1839. The school year 1841, will commence on the first Tuesday of June next. Hence it follows that each non-accepting School District, in which the qualified citizens accept the system, at the next Spring Elections, and lay a tax equal to one cent for each taxable inhabitant, will be entitled to receive out of the State appropriation, a sum equal to more than SIX DOLLARS, for each taxable inhabitant in the district. By a resolution of the Legislature, passed the twenty fourth day of June, 1839, the above undrawn balances are to be retained for the use of non accepting districts only until the first of November, 1840, on which day they are to be repaid into the common school fund. Hence it follows, that as the law now stands, unless the non accepting districts accept the system at the next Spring Elections, these undrawn balances, amounting now to a sum adequate to the erection of Schools, houses, and putting the System into complete operation, will be forfeited.
