FOR THE MINERS' JOURNAL.

THE LEPER.

He is unclean—he shall dwell alone: without the Camp shall his habitation be."

He turned him from the homes of men;
A curse was on his birth;
In wretchedness he wandered far
From the glad things of earth.

All loathed the leper; as he passed
Shrank back the young and fair,
From him all eyes were turned away,
They might not linger there.

Forth from the city's guarded gates
Went up that blighted one;
Forth to the burning Syrian plains
A wanderer and alone.

Alone! and was no loved one near
To cheer his lonely way?
Was there not one his soul held dear?
From *her* he turned away?

And like a haunted spirit fled
O'er the wide earth to roam,
Seeking where'er to lay his head,
A solitary home.

Shadows then fell o'er earth and sea;
He wept in agony;
It was the hour of prayer, but ho—
One prayer was his to die!

Unclean! Unclean! he turned aside,
'Neath a lone palm to rest;
The passionate soul's tumultuous tide
Was hushed within his breast.

And gentle, quiet sleep fell o'er
That cast out lonely one;
Up rose the morning sun, not this
The scene it set upon.

Beside the leper's bowed down frame,
A woman's form was there,
He pressed her from him, but she clung
To him with many a prayer.

"I've sought thee through the lonely night,
And through the weary day,
By the moon's faint and shadowy light,
By the last evening ray;

I'm with thee; raise thy drooping head,
Lift up thy fervered brow,
Look on me as in moments fled;
Cast me not from thee now!

I loved thee when the rush of health
Flowed gladly on thy heart;
When vigour, beauty, stamped thy frame,
And shall I now depart?

No! let me cheer thee; oh let now
Thy dark repinings cease;
Rest here thy pained and throbbing brow,
Dearest, thou shalt have peace."

The leper turned with many a tear,
She sank upon his breast;
Love—Woman's love hath conquered fear;
Earth held no happier rest. A. Z. A.

A Buffalo paper says the times are so hard in that place, that it is impossible to get a soft place to sleep on, and advises all poor people to keep aloof.

Women tell us they would not sin if we did not tempt them. We would not tempt them if they did not invite us.

"I come in advance of the *male*," as the old lady said when she went a visitin', and left her old man to bring along the children.

Printing and poverty are familiar, and generally a true illiteration. The connection is based on the surest of all foundations—universal experience. A thief has too much sense to waste his time hunting up printing offices for the exercise of his vocation; and the midnight burglar despairs and ceases his attempts when all other places are impregnable to his assaults.

Women go further in love than men, but men outstrip them in friendship.

Every man, almost, who breaks down, or runs away, seems to be indebted more or less to a printing office.

An Irishman upon being asked where he got his horse, replied, that he did'nt *get* him at all, he *traded* for him.

"The property's changed hands," as the pickpocket said when he handed the wallet from his neighbor's pocket to his own.

The following advertisement appears in one of our New England papers:—"Wanted, a man to take charge of a milk cart and a horse entertaining abolition principles."

"I ask leave to *amend*," as the lawyer said, when after a powerful burst of eloquence, he burst the seat from his pants.'

A neighbour of ours says when he gets married he is determined his wife shall not wear the breeches, as he means to marry a woman so much larger than himself that they will not fit no how she can fix it. That's right.

HUNT'S BOTANIC PILLS.

INTERESTING AND APPLICABLE TO THE AFFLICTED,

with Diseases of the Stomach, or Nerves;

Such as DYSPEPSIA, either Chronic or Casual under the worst symptoms of restlessness, Lowness of Spirits, and General Emaciation; CONSUMPTION, whether of the Lungs or Liver LIVER AFFECTIONS; JAUNDICE, both Biliary and Spasmodic, COSTIVENESS; WORMS of every variety—RHEUMATISM, whether Acute or Chronic—together with GOUT, SCROFULA, Pains in the Head, Back, Limbs, and side, TYPHUS FEVER, SCARLET FEVER, Putrid Sore Throat, FEVER and AGUE, Spasmodic Palpitations of the Heart and Arteries, Nervous Irritability, Nervous Weakness, Hysterics, Tic Douloureux, Cramps, Female Obstructions, Heartburn, Headache, Cough, the Common or Humid and the Dry or the Whooping; ASTHMA, Gravel and Dropsy.

The *Blood* has hitherto been considered by Empirics and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content themselves with the simple possession of this fallacious opinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and *vice versa*, pain, sickness, disease and death. Not so with Dr. HUNT, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's reflection will convince any reasoning mind of the correctness of his views—that the stomach, liver, and the associated organs are the primary and great regulators of health, and that the blood in very many instances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE, the *superficial anodynes* usually prescribed, serve but as foils to cover the ravages of deed-rooted maladies. Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a radical cure in the various diseases already enumerated, even if applied in the most critical cases, but he does not intend to prescribe to

HUNT'S BOTANIC PILLS

a supernatural agency, although from positive proofs within the knowledge of hundreds, he is prepared to shew, that when every other earthly remedy has been given up,

HUNT'S BOTANIC PILLS

have never been known to fail in effecting two very gratifying results, that of raising from the bed of sickness and disease those who have tested their efficacy, and thus amply rewarding Dr. Hunt for his long and anxious study to attain this *perfection* in the HEALING ART.

The extraordinary success which has attended the use of HUNT'S BOTANIC PILLS, is the best criterion of their superior virtues. They have been the means of raising a host of languishing patients from the bed of affliction, as is clearly evinced in the following

CERTIFICATES.

Dyspepsia or Indigestion Effectually Cured.

Mr. Wm. Tucker, having lately been restored to a sound state of health, through the efficacy of DR. HUNT'S BOTANIC PILLS, thinks it an indispensable duty to state certain facts relative to the disease under which he had so long suffered. The symptoms were—a painful obstruction, with a constant rejection of food, head-ache, palpitation of the heart, lowness of spirits, a troublesome dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loins, and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on such a state of extreme weakness, as to prevent him from attending to his business, and his health appeared lost beyond recovery. His friends and relatives became alarmed at the melancholy prospect, and strongly recommended HUNT'S BOTANIC PILLS—they were administered, and in a few days produced astonishing relief, and finally realized a perfect restoration to sound health. WILLIAM TUCKER.

WINSLOW'S COMPOUND BALSAM OF HOREHOUND.

COMPOSED of the concentrated virtues of the herbs of Horehound, Boneset and several other vegetable substances. Warranted pure from any Mineral whatever. This invaluable medicine is daily effecting some of the most astonishing cures that have ever been known. All who have ever used it for asthma, coughs, spitting blood, whooping cough, croup or hives, consumption, chronic pleurisy, hoarseness, pain and soreness of the breast, difficulty of breathing, and every other disease of the lungs and breast, can and do attest to its usefulness.—Bronchitis, a disease which is sweeping thousands upon thousands to a premature grave, under the mistaken name of Consumption, is always cured by it. The usual symptoms of this disease, Bronchitis, are cough, soreness of the lungs or throat, hoarseness, difficulty of breathing, asthma, hectic fever, a spitting up of phlegm or matter, and sometime blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the lungs. The Balsam immediately suppresses the cough, pain, inflammation, fever and difficulty of breathing, & produces a free and easy expectoration and a cure is soon effected.

Read the following letter from

Pittsford, Monroe co. Nov. 9, 1839.

Mr. John M. Winslow, Druggist.

Dear Sir: I have been for a series of years afflicted with an affection of the Lungs, and a hard cough, and have many times arose in the morning as completely exhausted by excessive coughing during the night as a person would be by a hard days' labor. I have tried most of the popular remedies of the day, but never found relief until I met with your Balsam of Horehound. All the other remedies or palliatives that I have used, leave the bowels in a congested state, while yours leave them soluble and free. This I consider a great desideratum. On taking a dose of your Balsam when going to bed, I rest quietly through the night, and my sleep is refreshing. I take great pleasure in recommending your Balsam of Horehound to all those afflicted with pulmonary complaints or any disease appertaining to the lungs, and I take this opportunity to thank you for the great relief and benefit I have experienced through your instrumentality. Yours, with much respect,

WM. COGSWELL.

Dr. William Evans'

SOOTHING SYRUP,

FOR CHILDREN.

To Mothers and Nurses.

THE passage of the teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is a great irritation in the mouth and gums during this process. The gums swell, the secretion of the saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in its sleep, and spasms in peculiar parts; the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursary symptoms are not speedily alleviated, spasmodic convulsions universally supervents and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply the celebrated American Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady convulsions.

This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to letits gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children, for if a child wakes in the night with the pain in the gums, the Syrup immediately gives ease, by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.
