the second s THE MINERS' JOURNAL. ·夏夏國國 100% 的 12

Mr. Buchanan thinks are such elegant patterns, must subsist on but one kind of diet, and that of the coarsest kind. In every other respect the workingmen of those countries are equally degraded, compared with the workingmen of the United States. With us a man may rise by talent, industry and prudence, from the lowest to the highest station in society of the government, but in the European despotisms, he who happens to be born a peasant will always remain so. There is no chance for promotion there.

We feel every confidence that the workingmen of the country will resent, as it deserves, the insulting proposition of Mr. Buchanan ; and if the subtreasury bill be passed, its REPEAL will be demanded and enforced by the people before a year .- Harrieburg In-Jelligencer.

Great TARIFF MEETING.

An unusually large meeting of the citizens of Schuylkill county, in favor of the protection of Amortican Industry, convened at the Court House, in the Borough of Orwigsburg, on Monday the 31st ult. WILLIAM F. DEAN, Esq.

was called to the Chair, assesisted by JOHN FRANKLIN, E-9 SAMUEL BARTOLETTE, JOHN MOON, and RICHARD ADAMS, as VICE Presidents,

Dr. G. G. Palmer, and Andrew Wilson, Esq. as

Secretaries. The object of the meeting was stated and then very ably addressed by Benjamin W. Cumming,

on motion, a Committee, consisting of the follow ing persons, to wit: B. Baunan, F. B. Nichols, E-q. Blair McClenahan, Esq. Jacob Zunmerman, Esq. M. Bartolette, John Kaup, Charles Dengler, Esq. and Peter Jones, were appointed to draft resolutions,

Atter the Committee retired, L. Chapman, Esq was called upon, and responded to the call in a very neat and appropriate Address, setting forth the great advantages the country, and particularly our country, would derive from the protection of American Indus-

The Committee reported the following preamble and resolutions, which were unanimously adopted:

Whereas, It is evident from the present ruinous aspect of the commercial and monetary affairs of our native country that a crisis brought about by false and erroncous policy, has culminated over us, demanding that the American people should decide whether they will continue morally and politically the colonists of Great Britain and other foreign coun tries, enquire into the caused which have produced such disastro is results, and apply such remedies as experience and enlightened legislation may sugges as most expedient; and Whereas, the financial records of our country conclusively show that those eras of our national exustence, which deprived our judustry of a Protective Tariff, were those in which the imports greatly exceeded the exports of our com merce, thereby creating an indebtedness to foreign countries, not only runous to individuals, but to the great body politic +it must tollow, with all the force of a mathematical demonstration, that our Tariff system as now in operation is fundamentally wrong, as not offering equal protection to every part of our country ; as offering a premium to the manufacturers of other countries to the prejudico and exclusion of our own, and as fostering that extravagant system of imports, which has placed us at the mercy of foreign creditors, laid us under tribute to the capit. alists of Europe, and given to them those business profits, which naturally and equitably belong to the sons of our own soft; as preventing our mechanics from reaping the benefits of improvements, by the unlimited introduction of articles from countries.

where the low and unhealthy rates of labor, and the servile dependance of the poor upon the rich, offer fa-cilities for cheap prices, which are totally inconsist ent with the spirit of a free government and which should never be allowed to compete with the intelligent industry of a pation of freemen, and as prevent. ing us from depending on, and cultivating dur own resources, independent of foreign agency, which is the true way to produce plenty and prosperity in

peace, security and triumph in war. THEREFORE,

tables the laborers in those countries of Europe which | not received in exchange, but the specie of our country must be drawn to pay for it, and our population Resolved, That's nation of producers only, cannot be graduated to make its cluzens happy the depen-

dency for manufictures on foreign nations must pro duce a withering of the productive faculties. Such a state of things is inconsistent with the plans of internal improvement adopted by our country, as they must be supported by the agency of manufactures. Resolved, That all policy—all expediency, and all experience, points to the imposition of a heavy re-strictive Tariff, as of vital importance to the relief of

our country, and as the only course calculated to relieve her from distress at home, and indebiedness abroath. Resolved. That we view an equitable distribution

of the proceeds arising from the sales of public lands smong the several states in the Union, in the ratio of their population, as a measure in connection with the Tariff is indispensably necessary to avoid are sort

to direct taxation in this Commonwealth. Resolved, That a copy of these proceedings be for-warded to our immediate representatives in Congress and the State Legislature, with a request that they be laid before their 10-pective bodies. Resolved. That the proceedings of this meeting be

published in all the papers in this County, and such others as may think proper to copy them. (Signed by the officers.)

GENERAL HARRISON.

An Honorable Opponent, and an Example for the Administration Prints in Virginia.

We extract from the Charleston Courier, an Adninistration paper, the following article, which we ask those Editors, who have been so ready to brand subscriber. Gen'l Harrison as an abolitionist, to read :

GEN. HARRI-ON - We cheerfully give place to the remarks of our correspondent, "A Subscriber" : and quality. april 4 he would have been just as welcome with any other title or any other name. It has been readered manifest, we trush, by our course, hitherto, that we are not among those who, merely because we favored nother candidate for the Presidency, would vilify Gen, Harrison, misrepresent his views, or rob him of the laurels he earnt so well, by his skill and prow ess in the wars of our republic, both against the ruthless saving and haughty Briton, or the civic wreath to which he has so well entitled himself by his eminent services in the civil line. We declare in all sincerity of heart, that it affords us pleasure to do justice to Gen. H. or any other distinguished man to whom we may be politically opposed. It is with gratified, and not with reluctant feeling, therefore, that we open our columns to the vindication of that tried and veteran patriot against any charge affecting his fame, and especially against the foul charge of abolitionism, of which ever since our knowledge of his Vincennes' speech, we have believed him, and still we believe him, to be as innocent as we are. No one is more ready than we, to extol the conduct of Gen. H., in Congress, on the Missouri question, when his sense of duty to the Constitution, the Union and the South, induced hun boldly and fearlessly to oppose the infamous Missouri restriction, against the sentiments of his constituents of the Cincinnati (Ohio) District and at the hazard of po

litical martyrdom, which was, in fact, subsequently afficted upon him for his course on that memorable occasion and perilous crisis." Van Buren Times .- The Pittsburg Gazette says

that a manufacturer of ploughs in that city sold one, some months ago, to a farmer of Washington county who was a strong Van Buren man. The price of the plough was nine dollars, for which the tarmer gave a due-bill. A few cays since he called to pay he bill, and, after putting the receipt into his pocket. Well," said he, "when I hought that plough I could have paid for it with six bushels of wheat; now, I have paid for it with eighteen ; but ; added he, "I am now done with Van Buren."

HUNT'S BOTANIC PILL. INTERESTING AND APPLICABLE TO THE AFFLICTED.

with Diseases of the Stomach, or Nerves; Such as DYSPEPSIA, either Chrunic or Casua under the worst symptoms of restlersness, Low: ness of Spirite, and General Emaciation ; CON SUMPTION, Wiether of the Lungs or Liver LIVER AFFECTIONS; JAUNDICE, both Bil jary and Spasmodic, COSTIVENESS; WORMS of every variety-RHEUMATISM, whether Acute or Chronic-together with GOUT, SCROFULA, Pains in the Head, Back, Limbs, and side, TY-PHUS FEVER, SCARLET FEVER, Putrid Sore Throat, FEVER and AGUE, Spismodic, Palpitations of the Heart and Arterica, Nervous, Irritability, Nerrous Weakness, Hysterics, Tic Douloureus, Craines, Female Obstructions, Heart, burn, Headaelie, Cough, the Common or Humid, and the Dry or the Whooping; ASTHMA, Gravel and Dropsy.

The Blood has hitherto been considered by Empi-, rics and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content themselves with the simple possession of this fallacious. opinion, without enquiring i. to the primary sources from whence Life, Health, and Vigor emanate, and vice versa, pain, sickness, disease and death. Not so with DR. HUNT, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most use. ful members. He contends-and a moment's reflec. tion will convince any reasoning mind of the correctness of his views-that the stomach, liver, and the ness of his views—that the womach, ince, and that associated organs are the primary and great regula ture of health, and that the blood in very many in-stances is dependent on these organs, and that unk as medicine reaches THE ROOT OF THE DISEASE, the superficial anodynes usually prescribed, sevre but as foils to cover the ravages of deed-rooted maladies. Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a radical cure in the various diseases already enumer-ated, even if applied in the most critical cases, but he does not intend to prescribe to

HUNT'S BOTANIC PILLS a supernatural agency, although from pusitive proofs within the knowledge of hundreds, he is prepared to shew, that when every other earthly remedy has been

given up, HUNT'S BOTANIC PILLS have never been known to fail in effecting two very gratifying results, that of raising from the bed of ickness and disease those who have tested their effi cacy, and thus amply rewarding Dr. Hunt for his long and anxious study to attain this perfection in the BEALING ART.

The extraordinary success which has attended the ase of HUNT'S BOTANIC PILLS, is the best crit-erion of their superior virtues. They have been the means of raising a host of languishing patients, from the bed of affliction, as is clearly evinced in the following

CERTIFICATES. Dyspepsia or Indigestion Effectually Cured. Mr. Wm. Tucker, having lately been restored to a sound state of health, through the efficacy of DR. HUNT'S BOTANIC PILLS, thinks it an indispensable duty to state certain facts relative to the dis ease under which he had so long suffered. The symptoms were—a painful obstruction, with a cor, start rejection of food, head ache, palpitation of the heart, lowness of spirits, a troublesome dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loins, and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on such a state of extreme weakness, as to prevent him, from attending to his busines, and his health appeared lost beyond recovery. His friends and relatives became alarm-ed at the melancholy prospect, and strongly recom-mended HUNT'S BOTANIC PILLS-they were

below Poitsville prices. first cost. Those who intend buying for cash, are invited to call. Examine the goods and price and

Resolved. That a periect and permanent union of policy and interest such as our Constitution contem-plated tavorable to all sections, injurious to none. and regarding the common good as the great object in view—is only to be attained by a rigorous protes tion of native industry, a development of our own resources, opening, ready markets for the raw produce of the planter and farmer, and the cotton and woolen fabrics of our manufacturers. Resolved, That the destructive, uncalled for ex-

travagance which has induced such an excess of im. ports over the exports of our connerce, had its un-natural stimulus in the undue facilities afforded to foreign labor, to the detriment of our own, and in the pernicious operations of the bonding system, and the absence of cash dulies.

Resolved. That our country is prepared from the intelligence of her general community, the ingeneity of her mechanics; the assiduity of her operatives, and the enterprize of her people as a manufacturing mation: that the is the only means to lessen our indebiedness to foreign nations, and relieve our country from those financial ombacrassments, which are now distressing her commerce, bankrupting the treasury, and stagnating every heretofore healthy artery of her commerce.

Resolved, That our country possesses every natural resource, which is calculated to give her an elevated stand among the inunufacturing nations, and that it only requires proper protection to render her independent of foreign capitalists, and produce a state of prosperity, to the advantages of which, our legislators have wantonly closed the door, while plenly and profit have in vain knocked for admittance. Resolved, That it has been demonstrated by ex-perience, that a reduced Tariff must lead to a deficiency in our Treasury, and a resort to taxation is inevitable to supply that deficiency. We have had a compromise, and what has it taught us? That it is inadequate to produce an increase of comforts but has withdrawn immense sums, and caused

large foreign indebiedness. Resolved, That government, founded on the "so cial principle," originally depends ion its own re sources, and that it is as fatal to national prosperity to foster foreign labor to the exclusion of its own, as it would be to the farmer, if he were to buy his wheat instead of raising it; and that the same charge of reckless extravaginge, which would pertain to me-chanics who would neglect his busiques, to engage in speculation, however prosperous, must be laid at the door of a nation, who would in like manner draw odium upon herself, and rain her credit.

Resolved, That non-restriction most lead to mo-nopoly, to the advantage of the rich importers, but oring misery, want; and distress upon the laboring classes.

Resolved, That we view as fatal toour prosperity, the idea that foreign cruital is necessary for conduct-ing our business. We view American skill as the legitimate capital of our country, and no coutingency or change can depicte its possessors of its invaluable

Resolved. That is it was a primary principle in the institution of our government to protect person and property, we have a right to ask and demand those wholesome restrictions on foreign imports which may tend twelevate the condition of the working man; produce a fair standard of wages, and add to the aggregate amount of their comforts. That the price of wages is the standard of a nation's prosperity, and the graduating measure of a people's hap-piness, and that we therefore look with regret at the inevitable reduction of the compensation of the laboring classes, which must result, from the abandonment of the manufacturing interests of our country, and the want of a Protective Tariff.

Resolved, That our national powers, our domestic energies, and a home policy, must be fostered, or the fountains of busicess activity will be chilled; their energies and powers paralyzed and the ruin be extended over every portion of the country. The op-erative must suffer by reduced wages, and scarcity of work, and the ycoman and mechanic be crushed in the general roin.

Resolved, That all purposes of national revenue can be effected, by placing exclusive duties on such articles of foreign growth and fabric, as our country is manufacturing and producing offequal quality and price, and by levying imports on those articles which being neither produced or munufactured in our country, cannot detrimentally effect the industry of its

Resolved. That the home manufacture of our great staples, profits equally the producer and consumer, because it then can be had for the labor of our own operatives but if the raw material be shipped tor magufacture ahmad, our own labor, and produce is

PROPOSALS,

FOR Publishing, until the next Presidential E WE considerit a duty to call public attention to this admiaable preparation for Pulmonary Dis-eases-especially Coughs, Colds, Consumption, Spittin, Blood, Asthma, Bronchial Affections, Whooping Cough, Lection, a new Weckly Paper in the Borough of Pottsville, Schuylkill Co., Pa., to be entitled The Log Cabin,

to be devoted to the success of WILLIAM HENRY HARRISON, the People's Candidate for the Pres-idency, and the protection of AMERICAN IN-

DUSTRY. The title of the paper has been chosen to show that an appellation given in derision to one of the must talented and brave of our Country's sons, the "Log Cabin Gaudidate," is *worthily* bestowed, in-asmuch as he, by the opening of the Western Coun-try to the enterprising poor settler, by dividing the land districts into balf sections, enabled each and every emigrant to build his log cabin, and settle on his own land.

under a sovere cold, cough and hoarsness?and that his difficulty of breathing was so great that he telt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant." Mrs. Delks, of Salem, New Jersey, was cured of Asthma, of twenty years standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same com-plaint by one bottle. A young lody, also of Salem, who was believed by her friends io be far gone with cou-sumption was perfectly restored by three bottles. Dr. Hamilton, of St. James. South Carolina, was greatly affected by a cough, hoarsness, and soreness of the It will likewise advocate the interests of the American laborer and American industry, and war against the designs of Martin Van Buten, as exmanent relicf. Mr. Nicholas Hairis, sen., one of the Deacons of the first Baptist Church, in Philadelphia has been perfectly cur-d by it-after having suffered for SIXTY YEARS with Coughs, Asthma, and spitting of Blood, which an pressed by Jumes Bachanan and other of his friends n the United States Senate, of reducing the free iabor of our equatry to a level with the slave labor of Coba, and the low prices of European countries It will be the advocate of the Poor Man, not arraying im against those who employ him, but showin that the interests of both are connected, and that it NEW YORK, June 15, 1839. To Da. JAYNE.—Dear Sir: I have made use of your Expectorant, personally and in m. family, for the last six years with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God. for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Tinson, of the island of Jamaica. For all cases of courb. inflammation of the chest. lungs, and only requires a protection on their Industry to make active business, fair but not extravegant wa gesand general prosperity smong all classes. The " og Cabin" is, particularly calculated for

Clubs and Associations lavorable to the election of William Henry Harrison, and it will contain every species of information, calculated to advance his interests, and repel the calumnies of his enemies. TERMS.

BOTANIC GARDEN, street. New York, or from the PHILADELPHIA.

REGULAR AGENTS. B. BANNAN, Potteville. R. McELWEE, Harrisburg. Liver Complaint, with much Derangement of the

Nervors System.

Mr. Joshua Roberts was afflicted with a billions and nervous disease to an alarming degree, being and nervous disease to an anathing begice, which attended with all the distressing symptoms which affect a relaxed constitution, viz -A sick head-ache, loss of appetite, giddiness in the head, pain in the not a sto mach after caling, usual tremore, shifting spas-modic pains in every part of the body, cold chills sallow complexion, costiveness, and a constant dull pain in the right side, which often induced the most dreadful debility ' indeed, he thought he was afflicted with every internal complaint the human body is hable to. He was generally making trial of various remedies, all of which were equally fruitless, until he had recourse to flunt's Botanic Pills, from the superior virtues of which medicine his health is perfectly re-established, and is now able to pursue his employment free from pain or disease. JOSIIUA ROBERTS.

Au extraordināty ense of Rheumatism, accompanied with Diarrhæa and Nervous Debility.

Mr. Joseph Hart, from being exposed to cil, was attacked with a most painful Rheumatic complaint of the head, and neck, which continued with distressing violence for several months. The principle symptoms were-a swelling and excruciating pain. in all the joints and an entire loss of their use ; both the pain and the lever generally suffered an increase in the evening. The pairs were increased on the slightest motion, and were more severe in the night time. A constant diarrhæa, which produced its general consequences—flatulency, lowness of spirits, and general wasting of the body. He was indeed so extremely ill that his medical attendant could not possibly give the least hopes of his recovery, and it was generally believed by his relatives and friends that all the medicines or treatment in this world could not give him any relief. But seeing an ad-vertisement on Hunt's Botanic Pills, he was directed by an Almighty Providence to use them ; he did so, and after a fortnight they produced a favorable change, and he is now a healthy and strong man. JOSEPH HART.
