Moffat's Life Pills and Phænix Ritters.

HO WANTS BETTER EVIDENCE ?—I would refer the reading public to the numerous voluntary letters published recently in this paper and in the Good Samaritan relative to the happy and beneficial effects of the administration of MOFFA'T'S LIFE PILLS AND PHŒNIX BITTERS Those who have perused the letters above referred to will observe that in almost every case they attest the fact, that no inconvenience of any rort attends the taking of these medicines, in ordinary cases, but that the patient, without feeling their operation, is univer-sally left in a stronger and better state of health than was experienced previous to being afflicted with disease; and in all cases of acute suffering, great relief is obtain-ed in a few hour, and a cure is generally effected in

two or three days.

In cases of FEVER of every description, and all billious affections, it is unnecessary for me to say aught, as I believe the LIFE MEDICINES are now universally admitted to be the most speedy and offectual cure extant in all diseases of that class.

The LIFE MEEICINES are also a most excellent

relief in affections of the Liver and Bowels, as has been proved in hundreds of cases where patients have come forward and requested that their experience in taking them might be published for the benefit of others. In their operation in such cases, they restore the tone of the Stomach, strengthen the digest ve organs, and invig-orate the general functions of the whole body, and thus become to both sexes (for they are perfectly adapted to rise; an invaluable means of preventing disease and re-

For weakness deficiency of natural strength, and relaxation of the vessels, by too frequent indulgence of the passions, this is a saje, certain, and invaluable remediate.

Those who have long resided in hot climates, and are languid and relaxed in their whole system, u.ay take the LIFE MEDICINES with the happiest effects; and persons removing to the Southern States or West Indies cannot store a more important article to health and life. The following cases are among the most recent cures effected, and gratefully acknowledged by the persons Case of Jacob C. Hunt, New Windsor, Orange County,

> Dr. William Evans' SOOTHING SYRUP, FOR CHILDREN.

To Mothers and Nurses. THE passage of the teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is a great irritation in the mouth and gums during this process. The gums swell, the secretion of the saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in its sleep, and spasms in peculiar parts; the child shricke with extreme violence, and thrusts its fingers into its mouth. If these precursary symptoms are not speedily alleviated, spasmodic convulsions universally supervents and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply the celebrated American Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady convulsions.

This infallible remedy has preserved bundreds when HIL passage of the teeth through the gums produces

ed with that intal malady convulsions.

This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to lettis gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gumen. though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children, for if a child wakes in the night with the pain in the gums, the Syrup immediately gives ease, by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.

Pittsford, Monroe co. Nov. 9, 1839. Mr. John M. Winslow. Druggist. Dear Sir : I have been for a series of years afflicted with an affection of the Lungs, and a hard cough, and have many times arose in the morning as completely exhausted by excessive coughing during the night as a person would be by a hard days' labor I have tried most of the popular remedies of the day, but never found relief until I met with your Balsam of Horehound. All the other remedies or paltatives that I have used, leave the bowels in a congested state, while yours leave them soluble and free. This I consider a great desideratum. On taking a dose of your Balsam when going to bed, I rest quietly through the night, and my sleep is refreshing. I take great pleasure in recommending your Balsam of Horehound to all those afflicted with pulmonary complaints or any disease appertaining to the lungs, and I take this opportunity to thank you for the great relief and benefit I have experienced through your instrumentality. Yours, with much respect, WM. COGSWELL.
