DARLINGTON, Beaver County, Pa. February, 1839
February, 1839 DEAR SIR--I feel it due to you as the inventor of the nedicine and to the public, who may be greatly benefited by it, to state a cure that was performed in my family

by the use of your "Carminative Balsam." My little son, when about two months old, was scized with a bowel complaint, caused us I suppose, by a change of diet. It continued for two weeks without intermisof diet. It continued for two weeks without intermission, and motivithstanding the remedies prescribed by a respectable physician, we gave up the child a victim, as we supposed to a faul disease, but I providentially heard of Jaye's Carminative," as an effectual cure for bowel complaint, and immediately despatched a messenger to be distributed in the other ways and the contraction of the co this medicine, in less than thirty-six hours the disease was checked; and by its continued use for a few days the child was restored to perfect health. Shortly after this, there occurred a similar case in one of the families my congregation. I prescribed "Jayne's Carmina-e," and the result was a speedy cure. From a knowledge of the efficacy of your medicine in bowel complaint a disease to which children, are constantly liable, l'have obtained and keep constantly in the house, a quantity of the "Carminative."
The same child, bwing to exposure, when recently

coming up the Ohio, was attacked by that horrible mais-dy; CROUP. We landed in the night at Beaver Point, and when our fears were alarmed lest the hourse sepuland when our lears were alarmed less the nourse separ-chral cough, was the forerunner of death, we gave him a tea-spoon full of the "Expectorant," (a bottle of which you presented me with when in Philadelphia) and applied some lineament to the throat and breast, and before many minutes the hoarseness was gone, the child breathed freely and slept sweetly. Owing to these circumstances it cannot be wondered at why I have so high an opinion of Dr Jayne's medicine, and why I advise every family to keep it on hand ready for any emergency.

Respectfully yours.

Philadelphia, May 10, 1838. Dr. JAYNE-Dear Sir: I feel that I can hardly say enough to you in favor of Alibert's Hair Tonic, sold by you. My hair had been falling off about two years, and had become very thin, threatening speedy baldness, when I commenced using this remedy. In about one week it crased to fal off. I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my triends, who all speak well of it. It sathfully em-played, I have no doubt of its general success. I may add that before using the Tonic, I had tried almost all the various articles employed for the hair such as the Macassar Oil, all the different prepara ions of bear's oil, vegitable hair oil, &c. withou experiencing much, if any benefit,

Copy of a letter from C. C. Park, Pastor of the Baptist church at Haddonfield, N. J.

Haddonfield, February 12, 1839. Dr. D. Jayne-Sir: I take pleasure in informing you that the bottle of Alibert's Hair Tonic which I bitained of you last October, has proved most sainfactory and successful. My hair had for a long time been exceedingly thin. But for two or three years past it had so tallen out, that my head had become almost entirely bald. I was under the necessity of concealing the baldness by combing the hair n the sides of it. But now after using about half of a bottle of the Tonic, I have as luxuriant a growth of hair as I ever had.

The Rev Leonard Fletcher, Pastor of the Baptist hurch at Great Valley, Pa., who had been more or less baid for many years, used three bottles of the Hair Tonic, and has a fine growth of new hair, over all that part of his head where he was before

"My hair is growing finely, I assure you."

Westchester, Pa., March 2, 1839. Mr. Bond, one of the Compositors in the office of the Philadelphia Public Ledger, who had lost nearly all his hair from off the top of his head, has had it completely restored by the use of this Tonic. Two Officers of the American Navy had good heads of hair restored to them by using five bottler each of this Hair Tonic, one of whom was over sixty years of age. Four gentlemen connected with the rublic press in Philadelphia, have also had their balances removed by using this remedy. The Rev Mr. Parker, Pastor of the Pre-byterian Church in Delaware county. Pa, who was completely bald over all the top of his head, and was also becoming considerably gray, has used only two bottles of this tonic, and has not only a luxuriant growth of new hair upon his head, but all the gray hairs have disappeared, unhesitatingly recommend this as the best medicine and their places have been supplied by healthy hair I have ever tried. My earnest wish is, that others of a natural colour. Finally, nine cases of baldness out of every ten, may positively be removed by a taithful application of this invaluable remedy.-There is, therefore, now no excuse for a baldhead.
