DR LEIDY'S BOOOD PILLLS, A component part of which is Sarsaparilla, and known to be the in sit effects if and thorough purifier of the blood and animal fluids ever discovered. As a gentle or active purgative, they are equally efficience—whilst taking them no change of diet or restraint from occupation is necessary. If hey may be taken at all times and under all circumstinces—they will not reduce or weaken the system by their effect as most purgatives do—much comment upon their virtues is unnecessary—their reputation is well established, numerous proofs of their efficacy having been published at different times. Suffice it to ray that in addition to their efficacy in diseases of the stomach, liver, intestines, &c., they are the only pills in existence that cleanse and purify the blood and animal ida, removing all noxious and diseased humors thereom, and thereby removing all eruptions from the skindry and watery pumples from the face, neck and body,

tetter, rash, or breaking out of the skin, and all cutaneions affections whatever They are prepared from vegetable extracts. The Blood has hitherto been considered by Empiics and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doc rine, that they content the:nlune with the stunds possession of this fallacioniinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and pice perso, pain, sickness, disease and death. Not so with DR. Hont, whose extensive research and practical experience so emmently qualify him for the profession of which he has been one of the most use tul members. He contends-and a moment's reflec ion will convince any reasoning mind of the correct ness of his views-that the stomach, liver, and the associated organs are the primary and great regula tire of health, and that the blood in very many instances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE. the superficial anodynes usually prescribed, sevre but an toil. to cover the ravagen of deed-rooted maladies. Under these convictions, at the expense of years of cles: application, the ductor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a radical cure in the various diseases already enumer

ated, even it applied in the most critical cases, but he does not intend to prescribe to HUNT'S BOTANIC PILLS a supernatural agency, although from positive proofs within the knowledge of hundreds, be is prepared to

The extraordinary success which has attended the

means of raising a host of langui-hing patients from the bed of affiction, as is clearly evinced in the following CERTIFICATES. Dyspepsia or Indigestion Effectually Cured. Mr. Wim. Tucker, having latery been restored to sound state of health, through the efficacy of DR. HUNT'S BOTANIC PILLS, thinks it an indepenable duty to state certain facts relative to the disare under which he had so long suffered. The ymptoms were—a painful obstruction, with a contant rejection of food, head ache, pulpitation of the leart, howness of spirits, a troublesome dry cough lizzmese, tightnese at the chest and difficulty of breathing, almost constant pain to the side, loins and shoulders, accompanied with much languor and lebility. These afflictions, together with an unusua tegree of flatulence, brought on such a state of exreme weaknese, as to prevent him from attending o his busines, and his health appeared lost beyond covers. His friends and relatives became alarmd at the melancholy prospect, and strongly recom-needed HUNT'S BOTANIC PILLS—they were

distinutered, and in a few days produced astonishg relief, and finally realized a pertect restoration nd health. WILLIAM TUCKER.
