Dr. Jonathan Going. President of Granville College. Ohio, (late of New York) in a letter to Dr. Jayne, dated New York, December. 1836, says—"He was Jaboring under a severe cold, cough and hoarsness, and that his difficulty of breathing was so great that he tell himself in imminent danger of immediate suffocation, but was perfectly sayed by a super that he have to the control of perfectly cured by using this Expectorant. Mrs. Delks. of Salem. New Jersey, was cured of Azthma, of twenty years standing, by using two bottles of this medicine.

Mrs. Ward, also of Salein, was cured of the same complaint by one bottle. A young lady, also of Salein, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles. Dr. tlamilton, of St. James. South Carolina, was greatly affected by a cough, hoarsness, and soreness of the lungs, and on using a bottle of this medicine found peranent relief.

Mr. Nicholas Hairis, sen., one of the Deacons of the first Bantist Church, in Philadelphia has been perfectly cur-d by it—after having suffered for SIXTY YEARS with Coughs, Asthma, and spitting of Blood, which no Coughs, Asthma, and spinning by before could relieve.

The Rev. C. C. P. Crosby, writes as follows:

NEW YORK, June 15, 1839.

To Da. JAYNE - Dear Sir: I have made use of you To Dn. JAYNE —Dear Sir: I have made use of your Expectorant, personally and in me family, for the fast six years with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Tinson, of the Island of Jamaica. For all cases of cough, inflamination of the chest lungs, and throat, I do most unhesitatingly recommend this as the best medicine I have ever tried. My earnest wish is that others afflicted as I have been, may experience the same relief, which I am persuaded they will, by using your Expectorant.

The following certificate is from a practising PHY same relief, which I am persuaded they will, by using your Expectorant.

The following certificate is from a practising PHY-SICIAN and a much respected Clergyman of the Methodist society, dated Modest Town, Va, August 2, 1838.

Dr. Jayne—Dear Sir: I have been using your Expectorant extensisely in my practice for the last three months and for all attacks of Colds. Coughs, Inflamation of the Lungs, Consumption, Asthma, Pains and Weakness of the Breast, it is decidedly the best medicine I have ever tried,

The Blood has hitherto been considered by Empirice and others, as the great regulator, of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content them-selves with the simple possession of this fallacious, opinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and vice verse, pain, sickness, disease and death. Not so with Da. HUNT, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most use tal members. He contends and a moment's reflec tion will convince any reasoning mind of the correct ness of his views-that the stomach, liver, and the associated organs are the primary and great regula ture of health, and that the blood in very many in-stances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE, the superficial anodynes usually prescribed, sevre but as foils to cover the ravages of deed-rooted maladies. Under these convictions, at the expense of years of close application, the ductor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a radical cure in the various diseases afready enumer ated, even if applied in the most critical cases, but he does not intend to prescribe to

HUNTS BOTANIC PILLS a supernatural agency, although from positive proofs within the knowledge of hundreds, he is prepared to shew, that when every other carthly remedy hus been

given up, HUNT'S BOTANIC PILLS have never, been known to fail in effecting two very gratifying results, that of raising from the bed of

sickness and disease those who have tested their effi eacy, and thus amply rewarding Dr. Hunt for his long and anxious study to attain this perfection in the HEALING ART. The extraordinary success which has attended the

use of HUNT'S BOTANIC PILLS, is the best criterion of their superior virtues. They have been the means of raising a host of languishing patients from the bed of affliction, as is clearly evinced in the following CERTIFICATES.

Dyspepsia or Indigestion Effectually Cured. Mr. Win. Tucker, having lately been restored to sound state of health, through the efficacy of DR. HUNT'S BOTANIC PILLS, thinks it an indispensable duty to state certain facts relative to the disease under which he had so long suffered. The symptoms were—a painful obstruction, with a con, stant rejection of food, head ache, palpitation of the heart, lowners of spirits, a troublesome dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loine, and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on such a state of extreme weakness, as to prevent him from attending to his busines, and his health appeared lost beyond recovery. His friends and relatives became alarmed at the inclanchily prospect, and strongly recom-mended HUNT'S BOTANIC PILLS—they were administered, and in a few days produced astonishing relief, and finally realized a perfect restoration to sound health. Moffat's Life Preserver.

Phonix Bitters. W HO WANTS BETTER EVIDENCE !- I would refer the reading public to the numerous voluntary letters published recently in this paper and in the Good Samaratan relative to the happy and beneficial effects of the administration of MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS

Those who have perused the letters above referred to will observe that in almost every case they attest the fact, that no inconvenience of any cort attends the taking of these medicines, in ordinary cases, but that the patient, without feeling their operation, is universally left in a stronger and better state of health than was experienced previous to being afflicted with disease; and in all cases of acute suffering, great relief is obtained in a few hour, and a cure is generally effected in two or three days.

In cases of FEVER of every description, and all bil-

ious affections, it is unnecessary for me to say aught, as believe the LIFE MEDICINES are now universally admitted to be the most speedy and effectual cure extant in all diseases of that class.

The LIFE MEEICINES are also a most excellent

relief in affections of the Liver and Bowels, as has been proved in hundreds of cases where patients have come forward and requested that their experience in taking them might be published for the benefit of others.
