Dr. Leidy's Medicated Extract of Sarsaparilla.

To the World.

IF you wish to make use of Sarsaparilla, be advised to ry DR. LEIDY'S MEDICATED EXTRACT OF SARSAPARILLA. It is positively the strongest pre paration in existence, one bottle of it (which costs but one dollar) being equal to one gallon of Syrup, as it is usually prepared in the shops, and equal to two bottles usually prepared in the shops, and equal to two bottles of any other extract. Dr. Leidy begs leave to state that he himself prepares it, and can comequently vouch for its strength. Numerous Physicians throughout the United States, give it the preference over all other preparations of Saraparilla, both from the fact of its supernor strength (consequently efficacious when employed) and from the circumstance of its being prepared by a regular Apothecary and Physician, attested by Dr. Physic, Chapman, Jaskson, Horner, Gibson, Dewees, James, Core, &c. & Coze, &c. & lt is useless here to name the numerous affection

wherein Sarsaparilla is considered the sole Specific --Suffice it to say, it is recommended by all Physicians throughout the world, in diseases of Skin, Bones, Liver, &c., and particularly all diseases produced by impurities of the blood and animal fluids. As a purifier of the of the blood and animal fluids. As a purifier of the blood, it is at all times (and particularly in the Spring and Fall) invaluable. In waris climates, throughout the Summer Season no person should neglect using it occaonally Numerous certificates and recomme from Physicians, and others accompany the direction

Dr. Jonathan Going. President of Granville College, Ohio, (late of New York) in a letter to Dr. Jayne, dated New York, December, 1836, says—lile was laboring under a severe cold, cough and hoarsness, and that his difficulty of breathing was so great that he telt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant. Mrs. Delks, of Salem. New Jersey, was cured of Asthma, of twenty years standing; by using two bottles of this medicine Mrs. Ward, also of Salem, was cured of the same com plaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles. Dr Hamilton, of St. James. South Carolina, was greatly affected by a cough, hoarsness, and soreness of the ungs, and on using a bottle of this medicine found pert relief

The Rev. C. C. P. Crosby, writes as follows:

NEW YORK, June 15, 1839.

To Dr. Jayne.—Dear Sir: I have made use of your

Expectorant, personally and in my family, for the last six years with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the flev. Mr. Tinson, of the Island of Jamaica. For all cases of cough, inflammation of the chest lungs, and throat, I do most unhesitatingly recommend this as the best medicine I have ever tried. My carnest wish is that others afflicted as I have been, may experience the same relief; which I am persuaded they will, by using same relief; which I am persuaded they will, by using your Expectorant.

C. C. P. CROSBY.

The following certificate is from a practising PHY-SICIAN and a much respected Clergyman of the Methodist society, dated Modest Town, Va., August 2, 1838.

Dr. Jayne—Dear Sir: I have been using your Expectorant extensively in my practice for the last three months and for all attacks of Colds. Coughs, Inflamation of the Lungs, Consumption. Asthma, Pains and Weakness of the Breast, it is decidedly the best medicine I have ever tried,

The Blood has hitherto been considered by Empiries and others, as the great regulator of the human system, and such to the devotedness of the adherents o that erroneous doctrine, that they content themselves with the simple possession of this fallacious, opinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and vice versa, pain, sickness, disease and death. Not so with Da. Hunr, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most use ul members. He contends—and a moment's reflec tion will convince any reasoning mind of the correct ness of his views—that the stomach, liver, and the associated organs are the primary and great regula ture of health, and that the blood in very, many instances is dépendent on thèse organs, and that unless medicine reaches THE ROOT OF THE DISEASE the superficial anodynes usually prescribed, sevre bu as foils to cover the ravages of deed-rooted maladies Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being radical cure in the various diseases already enumer ated, even if applied in the most critical cases, but he does not intend to prescribe to

Dr William Evans SOOTHING SYRUP FOR CHILDREN.

To Mothers and Nurses THE passage of the teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is a great irritation in the mouth and gums during this process. The gums swell, the se-cretion of the saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in its sleep, and spasms in peculiar parts; the child shricke with extreme violence, and thrusts its fingers into its mouth. If these precursary symptoms are not speedily alleviated; spasmodic convulsions universally supervents and soon cause the dissolution of the infant. If mothers who have their little babes ufflicted with these distressing symptoms, would apply the celebrated American Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady convulsions.

This infallible remedy has preserved hundreds when

thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to lettis gums be rubbed with it. When infants are at the age of four months with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children, for if a child wakes in the night with the pain in the gums, the Syrup immediately gives ease, by opening, the pores and healing the gums; thereby preventing Convulsions, Fevers, &c. Moffat's Life Preserver.

Phœnix Bitters. W HO WANTS BETTER EVIDENCE !- I would refer the reading public to the numerous voluntary letters published recently in this paper and in the Good Samaratan relative to the happy and beheficial effects of the administration of MOFFA'T'S LIFE PILLS AND PHŒNIX BITTERS

Those who have perused the letters above referred to will observe that in almost every case they attes the fact, that no inconvenience of any sort attend the fact, that no inconvenience of any rost attends the taking of these medicines, in ordinary cases; but that the patient, without feeling their operation, is universally left in a stronger and better state of health than was experienced previous to being afflicted with disease; and in all cases of acute suffering great relief is obtained in a few hours, and a cure is generally effected in

two or three days.

In cases of FEVER of every description, and all billious affections, it is unnecessary for me to say aught, as I believe the LIFE MEDICINES are now universally

admitted to be the most speedy and effectual cure ex-tant in all diseases of that class.

The LIFE MESICINES are also a most excellent relief in affections of the Liver and Bowels, as has been proved in hundreds of cases where patients have come forward and requested that their experience in taking them might be published for the benefit of others. In their operation in such cases, they restore the tone of tue Stomach, strengthen the digest vc organs, and invigorate the general functions of the whole body, and thus become to both sexes (for they are perfectly adapted to rtse) an invaluable means of preventing disease and re-

ffections of the head, whether accompanied with pain and giddiness, or marked by the grevious calamity of impaired mental energy; in palpitations of the heart flatulence, loss of appetute and strength, and the multiplied symptoms of disordered digestion, THE LIFE MEDICINES will be found to possess the most valutary

emeacy.

Constitutions relaxed, weak, or decayed, in men or women, are under the immediate influence of the AIFE MEDICINES, Old coughs, asthmas, and consumptive habits are soon relieved and speedily cured. Poverty of blood, and emaciated limbs will ere long meet the hap-piest change; the chill watery fluid will become rich and balsamic, and the limbs be covered with flesh, firm and healthy.

cause arising, fly before the effects of the LIFE MEDI-CINES, and all that train of sinkings, auxieties, and tre-mours which so dreadfully aftect the weak, the redentary and the delicate, will in a short time be succeeded by cheerfulness, and every presage of health. For weakness deficiency of natural strength, and reaxation of the vessels, by too frequent indulgence of the passions, this is a saje, certain, and invaluable rem

Those who have long resided in hot climates, and are languid and relaxed in their whole system, u. ay take the LIFE MEDICINES with the happiest effects; and persons removing to the Southern States or West indies cannot store a more important article to health and life. The following cases are among the most recent cures effected and gratefully acknowledged by the persons benefitted:

HUNT'S BOTANIC PILLS have never been known to fail in effecting two very gratifying results, that of raising from the bed of sickness and disease those who have tested their efficacy, and thus amply rewarding Dr. Hunt for his long and anxious study to attain this perfection in the HEALING ART.

Mr. Wm. Tucker, having lately been restored to sound state of health, through the efficacy of DR. HUNT'S BOTANIC PILLS, thinks it an indispensable duty to state certain facts relative to the dis case under which he had so long suffered. The symptoms were-s painful obstruction, with a constant rejection of food, head ache, pulpitation of the heart, lowness of spirits, a troublesome dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loins and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on such a state of extreme weakness, as to prevent him from attending to his busines, and his health appeared lost beyond recovery. His friends and relatives became alarm-

to sound health. WILLIAM TUCKER.
