Numerous Physicians throughout the United States, give it the preference over all other preparations of Sarsaparilla, both from the fact of its superior strength (consequently efficacions when employed) and from the circumstance of its being prepared by a regular Apothecary and Physician, attested by Dr. Physic, Chapman, Jackson, Horner, Gibson, Dewees, James, Coss & & A.

The Blood has hitherto been considered by Empirice and others, as the great regulator of the human system, and such as the devotedness of the adherents to that erroneous doctrine, that they content the:nselves with the simple possession of this fallacious, opinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and vice versa, pain, sickness, disease and death. Not so with Dr. Hunt, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most use ful members. He contends-and a moment's reflec tion will convince any reasoning mind of the correct ness of his views-that the stomach, liver, and the associated organs are the primary and great regula ture of health, and that the blood in very many instances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE, the superficial anodynes usually prescribed, sevre but as foils to cover the ravages of deed-rooted maladics. Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a radical cure in the various diseases already enumer ated, even if applied in the most critical cases, but he does not intend to prescribe to

CERTIFICATES. Dyspepsia or Indigestion Effectually Cured. Wm. Tucker, having lately been restored to a sound state of health, through the efficacy of DR. HUNT'S BOTANIC PILLS, thinks it an indispensable duty to state certain facts relative to the dis ase under which he had so long suffered. The symptoms were—a painful obstruction, with a con, stant rejection of food, head ache, palpitation of the heart, lowness of spirits, a troublesome dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loins, and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on such a state of extreme weakness, as to prevent him from attending to his busines, and his health appeared lost beyond recovery. His friends and relatives became alarmed at the inclancholy prospect, and strongly recoin-mended HUNT'S BOTANIC PILLS—they were ing relief, and finally realized a perfect restoration to sound health.

FOR CHILDREN.

To Mothers and Nurses HE passage of the teeth through the gums produces ne and dangerous symptoms. It is known by mothers that there is a great irritation in the mout and gums during this process. The gums swell, the se-cretion of the saliva is increased, the child is seized with equent and sudden fits of crying, watching, starting in s sleep, and spasms in peculiar parts; the child shrieke with extreme violence, and thrusts its fingers into its month. If these precursary symptoms are not speedly alleviated, spasmodic convulsions universally supervents and soon cause the dissolution of the infant. If mothers who have their little babes ufflicted with these distressing symptoms, would apply the celebrated American Soothing Syrup, which has preserved hundreds of infants

when thought past recovery, from being suddenly attacked with that fatal mulady convulsions. This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacions, and so pleasant, that no child will refuse to letits gams be ruibed with tt. When infants are at the age of four months though there is no appearance of teeth, one bottle o the Syrup should be used on the gums to open the pores Parents should never be without the Syrup in the pures.
