a change of garb, but not with a change of principle. With the professed political creed of our present chief magistrate, we find no fault, and we acknowledge to change in our pwo. The only change we protess is a change of opinion, as to his willingness or capacity to perform the functions of his office according to the true spirit of Democracy. We are at variance then, not with our democratic principles, but with the ministers we have chosen to administer them, Having bet confidence in these, we should indeed prive traitors to Democracy should we support the re-election of Mr. Van Buren. With respect to our anticipations of relief, from a change of administration, we say, it becomes not freemen to tolerate present misfule through a servile fear of enhancing the evils they suffer, and we look upon the rebuke and rejection of the present incombents for mal administration as the best means of securing the future good conduct of such as we may choose to fill their places. We agree with Wm. Henry Harrison, that it best accords with the genius of our government; for the chief. Executive not to trouble himself so much with projects of laws, as with the faithful execution of the laws which are and may be made by the proper legislative power. . . We need a. bove all, a chief executive who will fill the subordinate offices under his control with capable men and of incorruptible integrity, instead of distributing them as spoils of victory and rewards to noisy polit. ical basybodies, and bartizan, adherents, who we find by dear experience, are extremely apt to prove peculators and defaulters. This the present incumbent has signally failed to do. . He has failed in his duty to us : we therefore will draw our support from him.

Resolved, That we oppose the re-election of Martin Van Buren, because in our opinion, every prominent act of his administration, has been in direct opposition to a course of good policy and wise government for the people, and an open violation of the principles of the Democratic party.

Resolved, That we will give our united support to William Henry Harrison, as we are of opinion that by so doing, we will be carrying out the true principles of Democracy, believing that the party now in power, and which we have heretofore supported, are not acting on those principles.

Resolved. That we approve of the official policy dopted by our present wise and patriotic Governor, David R. Porter.

Resolved, That the names of the Seceders from Martin Van Buren, who signed the call of this meet-ing, be published with the proceedings. The following are the names :
