The symptoms were-a painful obstruction, with a con, stant rejection of food, head ache, palpitation of the heart, lowness of spirits, a troublesome dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loins, and shoulders, accompanied with much languor and debilit. debility. JOSEPH HART.

> An interesting case of Lowness of Spirits, with a violent Spasmodic Affection.

Mr. Francis Caldwell was afflicted for several yeara with extreme debility, together with a train of symptoms generally termed nervous affections, and which, perhaps, it would be impossible for the pen of the most learned physicians to describe. In this case the spasms in the stomach were so frequent and excruciating as nearly to deprive him of reason pains in the limbs, extending even to the fingers and toes, flattlence, sickness at the stomach, and a general aguation of the whole system, insomuch that a common incident rendered the mind timid and ap. prehensive. In order to remove these distressing symptoms, and restore the constitution to its former energy, a large portion of medical skill had been exhausted without any advantage ; change of air, and other remedies were also unavailing, and the mind and body appeared to be devoted to a ruthless dis-ease. In this hopeless and languin situation, Mr Caldwell was recommended to make trial of Hunt's Botanio Pills, the effects of which were visable in a fow days, and by a continuance of the medicine (according to directions.) his strength became com. letely restored, and a sound state of health, was appily established.
