Moffat's Life Pills, and Phonix Bitters.

IIE perfectly safe, unerring, and successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone nearly one hundred cates have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Me dicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow-citizens.

The LIFE MEDICINES are a purely VEGETABLE

preparation. They are faild and pleasant in their operation, and at the same time thorough—acting rapidly ui on the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia. the Life Medicines will give relief in a shorter space of time than any other prescription. In forer-and-Ague, inflammatory Kheumatism, Fevers of every description, Sick Headache, Heart-burn, Duzziness in the head, Palus in the Chest, Flatulency, impaired ap-pettle, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these Medicines has always proved to be beyond doubt, greatly superior to any other mode of treat-All that Mr. Moffat take of his patients is to be parti-

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he him self may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life Medicines will suit his own case! If so, let fifs; call or send to Mr. Moffat's agent in this place, and procure a copy of the medical Manual, designed as a Domestic Guide to Health, published grantificative.
