Celebrated Botanic Health & Life Preserver. PHIS Medicine known for many years as Yea ger's medicine has never been offered to the public for sale until of late, the proprietors have been prevailed upon to offer it for the benefit of those who are laboring under any of the diseases here enumerated viz: "Cancers, Ulcers of the throat and body, Liver complaint, Spitting of Blood, Whooping Cough, Rheumatic affections in the head and body, Colds of long standing attended with severe pain upon the breast, Consumerion in many cases, where the patient had been abandoned by the Physician, and pronounced an incurable case, this medicine has had the most wonderful effect."

The proprietors are well aware of the numerous medicines that are already offired to the public for the cure of some of the above discuses, many of which have not the slightest effect of performing at any time a cure-hut the numerous testimonials which have of late been given to them, by same à the most respectable citizens, shows that there car no longer be any doubt as regards the medicine which they now offer, and would say to those afflicted-give it a trial-adhere to its directions, and we

will warrant a permanent cure. Certificates of some of the most remarkable cures can be seen by calling upon any of the Agents. Directions for using the medicine will be found to ac company each bottle. AGENTS.

White Swellings, Diseases of the Liver and Skin General Dibilliy, &c. and all Diseases arising from Impurity of Blood.

THIS Medicine is particularly recommended at this season of the year, as an alterative and a purifier of the blood. It gives a tone and vigor to debilitated constitutions, which invalids are unconscious of until they have experienced its effects. It is also recommended in Diseases where the lungs and breast are supposed to be affected, and also where the constitution is broken down by the use of

Mercury or Quinine; THIS MEDICINE has the singular fortune a just tribute to its great ment, of being reccommended by the most celebrated Practitioners of Medicine in the United States and Europe; whereas not one of the spurious mixtures, made in implation of it, has the least support from the Medical Faculty. This fact offers an argument so plain and conclusive, that It needs only to be mentioned to enforce conviction. The Blood has hitherto been considered by Empirics and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content themscives with the simple possession of this fallacious opinion, without enquiring it to the primary sources from whence Life, Health, and Vigor emanate, and vice versa, pain, sickness, disease und death. Not so with Dr. Hunr, whose extensive research and practical experience so eminently qualify him for the rofession of which he has been one of the most useful members. \ HE contends—and a moment's reflec tion will convince any reasoning mind of the correct ness of his viewed that the stomach, liver, and the associated organs are the primary and great regula. wrs of health, and that the blood in very many in stances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE, the superficial anodynes usually prescribed, sevre bu as foils to cover the ravages of deed-rooted maladies. Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a radical cure in the various diseases already enumer ated, even if applied in the most critical cases, but he does not intend to prescribe to

HUNT'S BOTANIC PILLS have never been known to fail in effecting two very gratifying results, that of raising from the bed of sickness and disease those who have tested their effi escy, and thus amply rewarding Dr. Hunt for his long and anxious study to attain this perfection in the HEALING ART.

The extraordinary success which has attended the use of HUNT'S BOTANIC PH.I.S, is the best criterion of their superior virtues. They have been the means of raising a host of languishing patients from the bed of affliction, as is clearly evinced in the following

CERTIFICATES.

Dyspepsia or Indigestion Effectually Cured. Mr. Wm. Tucker, having lately been restored o a sound state of health, through the efficacy of DR-HUNT'S BOTANIC PILLS, thinks it an indispen sable duty to state certain facts relative to the disease under which he had so long suffered. Th symptoms were-a painful obstruction, with a con stant rejection of food, head ache, pulpitation of the heart, lowness of spirits, a troublesome dry cough, dizziness, tightness at the chest and difficulty of breathing, almost constant pain in the side, loins, and shoulders, accompanied with much languor and debility. These afflictions, together with an unusual degree of flatulence, brought on such a state of extreme weakness, as to prevent him from attending to his busines, and his health appeared lost heyond recovery. His friends and relatives became alarmed at the melancholy prospect, and strongly recoinmended HUNT'S BOTANIC PILLS-they were administered, and in a few days produced astonish-Anthracite Coal, and retaining the exclusive right of said pattent to manufacture Malliable Iron and to sound health.

Liver Complaint, with much Derangement of the Nervovs Sustem. Mr. Joshua Roberts was afflicted with a billions and nervous disease to an alarming degree, being attended with all the distressing symptoms which affect a relaxed constitution, viz .—A sick head-ache loss of appetite, giddiness in the head, pain in the THE Valley Furnace, some time ago arranged sto nach after eating, usual tremors, shifting spas for smelling Iron Ore with Anthracite Coal, modic pains in every part of the budy, cold chill modic pains in every part of the body, cold chill sallow complexion, costiveness, and a constant dull ached to it. The furnace is situate four miles from pain in the right sine, which often induced the most dreadful debility indeed, he hought he was afflict ed with every internal complaint the human body is liable to. He was generally making trial of various remedies, all of which were equally finitless, unte he had recourse to Hunt's Botanic Pills, from th superior virtues of which medicine his health is per tectly re-established, and is now able to pursue his

employment free from pain or diseas JOSHUA ROBERTS. Auextraordinary case of Rheumatism, accompanied with Dinirhaa and Nervous Debility. Mr. Joseph Hart, from being exposed to cold, was attacked with a most painful Rheumatic complaint in the head, and neck, which continued with distressing violence for several months. The principle symptoms were-a swelling and excruciating pain of all the joints, and an entire loss of their use; both the pain and the fever generally suffered an increase in the evening. The pairs were increased on the and general wasting of the body. He was indeed so extremely ill that his medical attendant could not possibly give the least hopes of his recovery, and it was generally believed by his relatives and friends that all the medicines or treatment in this world could not give him any relief. But seeing an ad vertisement on Hunt's Botanic Pills, he was directed by an Almighty Providence to use them; he did so, and after a formight they produced a taverable

change, and he is now a healthy and strong man. JOSEPH HART. In interesting case of Lowness of Spirits, with a violeni Spasmodic Affection.

Mr. Francis Caldwell was afflicted for several years with extreme debility, together with a train of sympoms generally termed nervous affections, and which, perhaps, it would be impossible for the pen of the most learned physicians to describe. In this case the spasms in the stomach were so frequent and excruciating as nearly to deprive him of reason pains in the limbs, extending even to the fingers and toes, flatulence, sickness at the stomach, and general agitation of the whole system, insomuch that common incident rendered the mind timid and ap. prehensive. In order to remove these dis ressing symptoms, and restore the constitution to its former energy, a large portion of medical-skill had been exhausted without any advantage; change of air, and other remedies were also unavailing, and the mind and body appeared to be devoted to a ruthless disease. In this hopeless and languid situation, Mr. t'aldwell was recommended to make trial of Hunt's Botanic Pills, the effects of which were visable in a few days, and by a continuance of the medicine (according to directions.) his strength became comdetely restored, and a sound state of health, was
