[From the Portland Advertisor, Extra.]

Monday, half past 8, P. M. We send out all the returns we have up to half past eight o'clock. Nearly all of them show a whig gain, and the result, judging from the returns re-ceived, will be propitious. All, however, must be mere conjecture, for twenty-four hours or more, and until the arrival of the boat from the East. If Cumberland, as far as heard from, speaks the voice of the State, Maine will give her electoral vote for Harrison and Tyler, by a majority of ONE OR TWO THOUSAND, So far, the signs are prom-

The proceedings in the New York " Conspiracy Case," have been suspended for the present,and the conspirators seem to have covered themselves with immortal infamy.

We are happy to announce to our friends, that next week we will proclaim the election of that "Old Granny" Gen. HARRISON, as president of these United States, by a triumphant majority,

For Children, this Balsam is of inestimable value. It is a speedy remedy for the Whooping Cough and Croupt and affords certain relief in Boxel Complaints, Cholic., Terthing, &c. It is pleasant to the taste, and may be safely given to the tenderest infant and should be kept at all times in every family, as it is much better for the complaints incident to children than Paregoric, Godfrey's Cordial, or the Cordials so commonly used, as hundreds in this City have testified.

It is now about five years since this medicine was extensively introduced in this City, and section of the country, since which time it has constantly increased in publishers and the content of the country.

I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions, but obtaining little pr no relief; I was much alarmed. Happening to be at Rochester, I was advised by my friend. Mr Winslow, to try a bottle of his Balsam of Hormony: I did so, and to my surprise obtained relief at once—and by the use of my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. RY AND MONTHLY JOURNAL OF POLITE LITERATURE.—The proprietor of this popular and well known periodical has the gratification of replying to the many affectionate inquiries after its resumption, and announce to his kind friends and patrons—friends and patrons in the true meaning of the words—that he will resume the publication next January. Restored by a beneficient Providence once more to active life, he hopes again to be able to give that superintendence to the publication, which was his pride and picasare for seven years. He anticipates, with inexpressible satisfaction, the renewal of associations with thoursands of families, with either of which an acquaintance is an honor. During his protracted indisposition, the intensity of suffering was greatly mitigated by the generous expressions of sympathy and regard received from his kind hearled patrons; and the gloom and tedium of a sick room were much lightened by the rays of genuine friendship emitted from every quarter. This egotism helpoper, will be judged of middy—he certainly has no wish to make a display—but the impulse of grateful echnowledgement for such disinference of the re-appearance of the work without yielding to it.

To these triangle he addresses himself, solicitum for

ble, and he could not afficure the re-appearance of the work without yielding to it.

To these friends he addresses himself, solicitous for their continued support, and hopes to have the Library-once more untroduced among their families, see it hon ored again with a place on their centre tables, and become a welcome weekly visiter. He is at the same time very desirous to extend his acquaintance and form new friends.

new friends.

From the arrangements made, dictated by experience, the I brare, it is believed, will in every respect be improved. The type will be more distinct, the monthly sheet continued and a weekly cover beside. The cover will be made so as to avoid the extra postage. The monthly Journal he hopes to make a sheet of abiding interest, so combining original and selected articles, of foreign and comestic literature, science and art, and from such a source of respectability, as to make it a work of such a source of respectability, as to make it a work of authority and reference.

The regularity of its former publication, not a failure in seven years, will be taken as a guarantee for the fin-ture punctuality of the Library; but there is only one way to make that permanent, viz. by paying in alleance. This is an indespensable pre requisite from all a dis-tance. The losses by deviating from this rule formerly are too heavy to be forgotten soon, and a little reflection may satisfy any one of the ressonableness of the request.

The reusons are too obvious, indeed, to require much discussion. Five dollars are all that a subscriber risks, but the publisher risks thousands by crediting The publisher is in a city and can be reuched without frouble. putilisher is in a city and can be reached without fromto.

A subscriber lives perhaps a thousand unles off; and how is he to be reached? It might rost six times to amount to collect the Iriflie. Payment in advance, then, as may be perceived, is agressionable request, and sad experience compels the proprietor to make it absolute. The few who paid in advance for 1840, will be applied for 1841, unless otherwise ordered.

To his brethren of the press, throughout the country, the proprietor returns grateful thanks for the former favors, and hopes the work will be again so conducted as to warrant a renewal of their friendly assistance. SWAIM'S VERMIFUGE The most useful Family Medicine ever of-

fered to the Public. Titles well known Anti-Dysenteric and Worm Medicine has proved successfully these twelve years pair; and is universally acknowledged by all who have tried it, to be far superior to any other medicine ever employed in the disease? for which it is recommended. It is perfectly safe, and no child will refuse to take it.

Worms being especially apt to infest persons of debilitated digestive organs and emaciated constitutions, much mischief is often done by the ordinary worm medicines, which generally consists of the strongest purgatives; calomet, that destroyer of the constitution bitters, pink root, spirits of turnentine, wormseed oil &c. &c.
