Celebrated Botanic Health & Life Preserver. HIS Medicine known for many years as Yeagen's medicine has never been offered to the public for sale until of late, the proprietors have been prevailed upon to offer it for the benefit of those who are laboring under any of the diseases here enumerated, viz: "Cahcers, Ulcers of the throat and body, Liver complaint, Spitting of Blood, Whooping Cough, Rhenmatic affections in the head and body, Colds of long standing attended with severe pain upon the breast, Consumption in many cases, where the patient had been abandoned by th Physician and pronounced an incurable case, this medicine has had the most wonderf I effect." The proprietors are well aware of the numerous edicines that are already offered to the public for the cure of some of the above diseases, many of

which have not the slightest effect of performing at any time a cure—but the numerous testimoni which have of late been given to them, by some of he most respectable citizens, shows that there can no longer be any doubt as regards the medicine which they now offer, and would say to those afflicled-give it a trial-adhere to its directions, and we will warrant a permanent cure.

Certificates of some of the most remarkable cures can be seen by calling upon any of the Agents. Directions for using the medicine will be found to ac company each bottle. AGENTS.

"FILE perfectly safe, unerring, and successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the exper ience of many thousand patients will satisfactorily prove. During the present month alone nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great plages to Mr. M.

The LIFE MEDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription. In fever and-Ague, inflammatory Rheumatism, Fevers of every description, Sick Headache, Heart-burn, Dizziness in the head, Pains in the Chest, Flatulency, impaired appetite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these Medicines has always proved to be theyond doubt, greatly superior to any other moderate at the property of the stomach, the use of these Medicines has always proved to be theyond doubt, greatly superior to any other moderate.

The Blood has hitherto been considered by Empirics and others, as the great regulator of the human system, and such is the devotedness of the adherents o that erroneous doctrine, that they content themselves with the simple possession of this fallacious opinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and vice versa, pain, sickness, disease and death. Not so with Da Hunt, whose extensive research and practical experience so eminently qualify him for the rofession of which he has been one of the most use ful members. He contends-and a moment's reflec tion will convince any reasoning mind of the correct ness of his views—that the stomach, liver, and the associated organs are the primary and great regula-turs of health, and that the blood in very many in stances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE the superficial anodynes usually prescribed, sevre but as foils to cover the ravages of deed-rooted muladies Under these convictions, at the expense of years of close application, the doctor has discovered a media cine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a

Auextraordinary case of Rheumatism, accompanied with Diarrhaa and Nervous Debility. Mr. Joseph Hart, from being exposed to cold, was attacked with a most painful Rheumatic complain: in the head, and neck, which continued with distressing violence for several months. The principle symptoms were-a swelling and excruciating pain of all the joints, and an entire loss of their use; both the pain and the fever generally suffered an increase in the evening. The pairs were increased on the slightest motion, and were more severe in the night time. A constant diarrhoa, which produced its general consequences—flatulency, lowness of spirits, and general wasting of the body. He was indeed so extremely ill that his medical attendant could not possibly give the least hopes of his recovery, and it vas generally believed by his relatives and friends that all the medicines or treatment in this world could not give him any relief. Mr. Francis Caldwell was afflicted for several year with extreme debility, together with a train of symp toms generally termed nervous affections, and which, perhaps, it would be impossible for the pen of .. the most learned physicians to describe. In this case the spasms in the stomach were so frequent and excruciating as nearly to deprive him of reason pains in the limbs, extending even to the fingers and toes, flatulence, sickness at the stomach, and a general agitation of the whole system, insomuchithat a common socident rendered the mind timid and apprehensive. In order to remove these dis ressing symptoms, and restore the constitution to its former energy, a large portion of medical skill had been exhausted without any advantage; change of air, and other remedies were also unavailing, and the mind and body appeared to be devoted to a ruthless disease. In this hopeless and languio situation, Mr. Caldwell was recommended to make trial of Hunt's Botanic Pills, the effects of which were visable in a few days, and by a continuance of the medicine according to directions.) his strength became completely restored, and a sound state of health, was
