employment free from pain or disease. JOSHUA ROBERTS. Auextraordinary case of Rheumatism, accompanied with Diarrhæa and Nervous Debility.

Mr. Joseph Hart, from being exposed to cold, was attacked with a most painful Rheumatic complaint in the head, and neck, which continued with distressing violence for several months. The principle symptoms were-a swelling and excruciating pain of all the joints, and an entire loss of their use : both the pain and the fever generally suffered an increase in the evening. The pairs were increased on the slightest motion, and were more severe in the night time. A constant diarrhea, which produced its general consequences-flatulency, lowness of spirits, and general wasting of the body. He was indeed so extremely ill that his medical attendant could not possibly give the least hopes of his recovery, and it was generally believed by his relatives and friends that all the medicines or treatment in this world could not give him any relief. But seeing an ad vertisement on Hunt's Botanic Pills, he was directed by an Almighty Providence to use them ; he did so. and after a fortnight they produced a tavorable change, and he is now a healthy and strong man. JOSEPH HART.

An interesting case of Lowness of Spirits, with a vi olent Spasmodic Affection.

Mr. Francis Caldwell was afflicted for several years with extreme debility, together with a train of symptoms generally termed nervous affections, and which, perhaps, it would be impossible for the pen of the most learned physicians to describe. In this case the spasms in the stomach were so frequent and excruciating as nearly to deprive him of reason pains in the limbs, extending even to the fingers and toes, flatulence, sickness at the stomach, and a general agitation of the whole system, insumuch that a common inci lent rendered the mind limid and ao prehensive. In order to remove these dis ressing symptoms, and restore the constitution to its former energy, a large portion of medical skill had been exhausted without any advantage ; change of air, and other remedies were also unavailing, and the mind and body appeared to be devoted to a ruthless dis. case. In this hopeless and languid situation, Mr. Caldwell was recommended to make trial of Hunt's Botanic Pills, the effects of which were visable in a few days, and by a continuance of the medicine (according to directions.) his strength became com pletely restored, and a sound state of health, was happily established.
