A Celebrated Botanic Health & Life Preserver. HIS Medicine known for many years as Yea-ger's medicine has never been offered to the public for sale until of late, the proprietors have been prevailed upon to offer it for the benefit of those who are laboring under any of the diseases here enumerated, viz: "Cancers, Ulcers of the throat and body, Liver complaint, Spitting of Blood. Whooping Cough, Rheumatic affections in the head and body. Colds of long standing attended with severe pain upon the breast, CONSUMPTION in many cases, where the patient had been abandoned by the Physician, and pronounced an incurable case, this medicine has had the most wonderful effect, "

The proprietors are well aware of the numer nedicines that are already offered to the public for the cure of some of the above diseases, many of which have not the slightest effect of performing at any time a cure-but the numerous testimonials which have of late been given to them, by some of the most respectable citizens, shows that there can no longer be any doubt as regards the medicine which they now offer, and would say to those afflic. ted-give it a trial-adhere to its directions, and we will warrant a permanent cure.

Certificates of some of the most remarkable cures can be seen by calling upon any of the Agents. Directions for using the medicine will be found to acompany each bottle.

White Swellings, Diseases of the Liver and Skin General Debiltiy, &c. and all Diseases arising from Impurity of Blood. It gives a tone and vigor to debilitated constitutions, which invalids are unconcious of until they have experienced its effects. It is also recommended in Diseases where the lungs and breast are supposed to be affected, and also where the constitution is broken down by the use of Mercury or Quinine : THIS MEDICINE has the singular fortune a just tribute to its great merit, of being reccommended by the most celebrated Practitioners of Medicine in the United States and Europe; whereas not one of the spurious mixtures, made in imitation of it, has he least support from the Medical Faculty. This act offers an argument so plain and conclusive, that t needs only to be mentioned to enforce conviction. Such happy results are a source of great pleasure to Mr. M.

and inspire him with new confidence to recommend the use of his medicines to his fellow-citizens. The LIFE MEDICINES are a purely VEGETABLE repreparation. They are mild and pleasant in their ope-ration, and at the same time thorough-acting rapidly upon the secretions of the system-carrying off all acrionious humors, and assimilaring with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shor ter space of time than any other prescription. In fever and-Ague, Influminatory Rheumatism, Fevers of every description, Sick Headache, Heart-burn, Dizziness in the head, Pains in the Chest. Flatulency, impaired ap petite, and in every disease arising from an impurity o of the blood, or a disordered state of the stomach, the use of these Medicines has always proved to be beyond doubt, greatly superior to any other mode of treat-

All that Mr. Moffat asks of his patients is to be partibular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he hi self may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life Medicines will suit his own case? If so, let him call or send to Mr. Moffal's agent in this place, and pro-cure a cory of the medical Manual, designed as a Do-mestic Guide to Health, published gratiniously. He will there find an uncreated very many extraordinary cases of cure; and perhaps some exactly similar to his own Moffat's Medical Office in New York, 375 Broadway.
