The Blood has hitherto been considered by Empirics and others, as the great regulator of the human system, and such is the devotedness of the adherents o that erroneous doctrine, that they content themselves with the simple possession of this fallacious pinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and vice versa, pain, sickness, disease and death. Not so with DR HUNT, whose extensive research and practical experience so eminently qualify him for the rofession of which he has been one of the most use ful members. He contends—and a moment's reflection will convince any reasoning mind of the correct ness of his views-that the stomach, liver, and the associated organs are the primary and great regula-tors of health, and that the blood in very many in stances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE, the superficial anodynes usually prescribed, sevre but as foils to cover the ravages of deed-rooted maladies. Under these convictions, at the expense of years of lose application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with a knowledge of its being a radical cure in the various diseases already enumer ated, even if applied in the most critical cases, but he does not intend to prescribe to

have never been known to fail in effecting two very gratifying results, that of raising from the bed of sickness and disease those who have tested their efficacy, and thus amply rewarding Dr. Hunt for his long and anxious study to attain this perfection in the HEALING ART.

The extraordinary success which has attended the use of HUNT'S BOTANIC PILLS, is the best crit. erion of their superior virtues. They have been the means of raising a host of languishing patients from the bed of affliction, as is clearly evinced in the following

Dr. William Evans' SOOTHING SYRUP, FOR CHILDREN.

To Mothers and Nurses. THE passage of the teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is a great irritation in the mouth and gims during this process. The gums swell, the se-cretion of the saliva is increased, the child is seized with require and sudden fits of crying, watching starting in its sleep, and spasms in peculiar parts; the child shrieke with extreme violence, and thrusts its fingers into its mouth. If these precursary symptoms are not speedily alleviated, spasmodic convulsions universally supervents and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply the celebrated American Soothing Syrup, which has preserved hundreds of infants

As soon as the Strup is rubbed on the gums, the child will recover This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to letits gums be rubbed with itt. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores Parents should never be without the Syrup in the nursery where there are young children, for if a child wakes in ately gives case, by opening the pores and healing the guma thereby prevening Convulsions, Fevers, &c. Dr. Leidy's Medicated Extract of Sarsaparilla.

To the World.

DR. LEIDY'S MEDICATED EXTRACT OF SARSAPARILLA. It is positively the strongest pre-paration in existence, one bottle of it (which costs but one dollar) being equal to one gallon of Syrup, as it is usually prepared in the shops, and equal to two bottles of any other extract. Dr. Leidy begs leave to state that the bimself prepares it, and can consequently youch for its strength. Numerous Physicians throughout the U-nited States, give it the preference over all other preparations of Sarsaparilla, both from the fact of its superior strength (consequently efficacious when employed) and strength (consequently enleactors when employed and from the circumstance of its being prepared by a regu-lar Apothecary and Physician, attested by Dr. Physic, Chapman, Jackson, Horner, Gibson, Dewees, James, Coxe. &c. &

It is useless here to name the numerous affections wherein Sarsaparilla is considered the sole Specific.-Suffice it to say, it is recommended by all Physicians throughout the world, in diseases of Skin, Bones, Liver, &c, and particularly all diseases produced by impurities of the blood and animal fluids. As a purifier of the blood, it is at all times (and particularly in the Spring

and Fall) invaluable In warm climates, throughout the Summer Season no person should neglect using it occa-sionally Numerous certificates and recommendations from Physicians, and others accompany the direction For sale by B. BANNAN. Sole agent for Schuylkill county. 23-tf

THIS Medicine is particularly recommended at this season of the year, as an alterative and a purifier of the blood. It gives a tone and vigor to debilitated constitutions, which invalids are unconcious of until they have experienced its effects. It is also recommended in Diseases where the lungs and breast are supposed to be affected, and also where the constitution is broken down by the use of Mercury or Quinine ;

THIS MEDICINE has the singular fortune just tribute to its great ment, of being reccommend-ed by the most eclebrated Practitioners of Medicine in the United States and Europe; whereas not one of the spurious mixtures, made in imitation of 11, has the least support from the Medical Faculty. This act offers an argument so plain and conclusive, that t meds only to be mentioned to enforce conviction.
