SWAIM'S VERMIFUGE The most useful Family Medicine ever of fered to the Public.

Tills well known Anti-Dysenteric and Worm Med-icine has proved successfully these twelve years past, and is universally acknowledged by all who have trace it, to be far superior to any other medicine ever employed in the diseases for which it is recommended. this perfectly safe, and no child will refuse to take it.

Worms being especially apt to is fest persons of debita ed digestive organs and emacated constitutions, much mischief is often done by the ordinary worm med icines, which generally consists of the strongest ourgatives, calomel, that destroyer of the constitution, buters, pulk root, spirits of turpentine, wormsee, oil &c. &c. Articles of this ki d may destroy worms, but they debilitate the stomoch, and o'ten materially it jute the general health, without removing the cause. Strain's Vermifuge his the peculiar advantage of removing the general health, without removing the cause. Swain's Vermifuge has the peculiar advantage of removing the cause of the worms, by giving vigour and healthy action to the stomach howels and organs of digestion, there y televing measles, croup, hooging cough, &c. Br. William Evans' SOOTHING SYRUP, FOR CHILDREN.

To Mothers and Nurses. THE passage of the teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is a great irritation in the mouth and gums during this process. The gums swell, the so-cretion of the saliva is increased, the child is seized with region and surden fits of crying, watching, starting in its sleep, and spasins in peculiar parts; the child shricke with extreme violence, and thrusts its fingers into its mouth. If these precursary symptoms are not speed,ly alleviated, spasmodic convulsions universally supervints and man cause the dissolution of the infant. If mothers who have their little babes afflicted with these distress mg symptoms, would apply the celebrated American Soothing Syrup, which has preserved builded a of infants when thought past recovery, from being suddenly attack

This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to lettis gumsbe rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pures Parents should never be without the Syrup in the nursery where there are young children, for if a child wakes in the pight with the pain in the gums, the Ayrup immediately gives ease, by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.
