The Blood has hitherto been considered by Empirics and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content themselves with a simple possession of this fallacious opinion, without enquiring into the primary sources from whence Life, Health, and Vigor emanate, and vice versa, pain, sickness, disease and death. Not so with Dr. HUNT, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members.

HUNT'S BOTANIC PILLS have never been known to fail in effecting two very striking results, the first of raising from the bed of sickness and disease those who have tested their efficacy, and thus amply rewarding Dr. Hunt for his long and anxious study to attain this perfection in the HEALING ART.

Dr. William Evans' SOOTHING SYRUP, FOR CHILDREN.

To Mothers and Nurses. THE passage of the teeth through the gums produces trouble and dangerous symptoms. It is known by others that there is a great irritation in the mouth and gums during this process. The gums swell, the secretion of the saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in its sleep, and spasms in peculiar parts; the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally prevent and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply the celebrated American Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with this fatal disease, they would be doing a good deed.

DR. WINSLOW'S Balsam of Horehound. An unparalleled remedy for common Cold, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to Consumption; composed of the concentrated virtues of Horehound, Boneset, Blood Root, Liverwort and several other vegetable substances. Prepared only by J. M. WINSLOW, Rochester, N. Y.

THE innocence and universally admitted pectoral virtues of the Herbs from which the BALSAM OF HOREHOUND is made, are too generally known to require recommendation; it is therefore unnecessary to observe that this Medicine contains the whole of their medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, to render most speedy, mild and certain remedy, now in use for the complaints above mentioned. For Children, this Balsam is of inestimable value. It is a speedy remedy for the Whooping Cough and Croup, and affords certain relief in Bowel Complaints, Cholera, &c. It is pleasant to the taste, and may be safely given to the tenderest infant and should be kept at all times in every family, as it is much better for the complaints incident to children than Paregoric, Godfrey's Cordial or the Cordials so commonly used, as hundreds in the City have testified.
