# Balsam of Horehound.

An unparalleled remedy for common Cold, Coughs Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to Consumption; composed of the con-centrated virtues of Horehound, Boneset, Blood Root, Liverwort and several other vegetable substances. Prepared only by J. M. WINSLOW, Rochester, N. Y.

THE innocence and universally admitted pectoral vir-tues, of the Herbs from which the BALSAN OF HOARHOUND is made, are too generally known to require recommendation ; it is therefore only necessary to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substances, as to render most speedy, mild and certain remedy, now is use for the complaints above mentioned. For Children, this Balsam is of inestimable value. It

is a speedy remedy for the Whooping Cough and Croupt and affords certain relief in Bowel Complaints. Cholic., Teething, Sc. It is pleasant to the taste, and may be safely given to inte tenderest infant and should be kept at all times in every family, as it is much better for the complaints incident to children than Paregorie, Godirey's Cordial, or the Cordials so commonly used, as hundreds

in this City have testified. It is now about five years since this medicine was extensively introduced in this City, and section of the coun-try, since which time it has constantly increased in pub-lic fuyour, and it is at the present time the most popular Cough Medicine, in most of the Northern and Western States. More than Two Thoisand Free Hundred Botfles have been retailed annually, at the subscribers coun-ter.for the last two years, and although five other Drug-

gists in the City, are constantly supplied with the article, his shles are daily increasing. For the suisfaction of those interested in Certificates,
