NUMEROS remedies have been offered and puffed into notice for DISEASIS OF THE LUNGS some of which has undoubtedly been found very usefu but of all that have hitherto been known, it must be universally acknowledged there is none that has ever proved as successful as the "BALSAM OF WILD CHERRY" Such indeed are the astonishing restorative and healing properties of his BALSAM, that even in the worst forms of CONSUMPTION, when the patient has suffered the most distressing cough, violent pain in the chest, difficulty of breathing, night sweats, bleeding of the lungs, &c and when the most esteemed remedies of our Pharmacopias had failed to afford any relief, and when Botanic, Homopathic, and numerous other remedies, had been used for many months in vain, this invaluable remedy has checked every symptom, and been productive of the most astonishing relief. Prepared only by J. M. WINSLOW, Rochester, N. Y.

THE innocence and universally admitted pectoral virtues, of the Herbs from which the BALSAM OF HOARHOUND is made, are too generally known to require recommendation; it is therefore only necessary to observe that this Medicine contains the whole of their Medicinal properties, highly concentrated, and so happily combined with several other vegetable substance as to render most speedy, mild and certain remedy, how a use for the complaints above mentioned.

It is pleasant to the taste, and may be safely given to the tenderest infant and should be kept at all times in every family, as it is much better for the complaints incident to children than Paregoric, Godfrey's Cordial, or the Cordials so commonly used, as hundred in this City have testified.

w about five years since this medicine was extensively introduced in this City, and section of the country, since which time it has constantly increased in public favour, and it is at the present time the most popular Cough Medicine, in most of the Northern and Western States. The most useful Family Medicine ever of fered to the Public.

THIS well known Anti-Dysenteric and Worm Medicine has proved successfully these twelve years past, and is universally acknowledged by all who have tried it, to be far superior to any other midicine ever employed in the diseases for which it is recommended. It is perfectly safe, and no child will refuse to take it.

Worms being especially apt to infest persons of debilitated digestive organs and emaciated constitutions, much mischief is often done by the ordinary worm medicines, which generally consists of the strongest purgatives, calomet, that destroyer of the constitution, bitters, pink root, spirits of turpentine, wormseed oil &c. &c. Articles of this kind may destroy worms, but they depilitate the stomoch, and o'ten materially injure the general health, without removing the cause. Swaim's Vermifuge has the peculiar advantage of removing the general health, without removing the cause. Swaim's Vermifuge has the peculiar advantage of removing the cause of the worms, by giving vigour and healthy action to the stomach, bowels and organs of digestion, thereby relieving measles, croup, hooping cough, &c. This medicine, by invigorating the internal functions strengthening the organs of digestion, and removing the primary cause which creates morbid secretions, will relieve Bowel Complaints, Cholic, Dysentery, Despepsia, and the whole train of bilary affections, Sick Headache, Acidity of the Stomach, Foul Breath, Bleeding Piles, &c.
