January 2,

THIS well known Anti-Dysenteric and Worm Medicine has proved successfully these twelve years past, and is universally acknowledged by all who have tried it to be far superior to any other medicine ever employed in the diseases for which it is recommended. R is perfectly safe, and no child will refuse to take it.

Worms being especially apt to infest persons of debilitated digestive organs and emaciated constitutions, much mischief is often done by the ordinary worm medicines, which generally consists of the strongest purgaicines, which generally consists of the strongest purgatives, calomel, that destroyer of the constitution, bitters, pink root, spirits of turpentine, wormseed oil &c. &c. pink root, spirits of turpentine, wormseed oil &c. &c. Articles of this kind may destroy worms, but they debilitate the stomoch, and o'ten materially injure the general health, without removing the cause. Swaim's Vermifuge has the peculiar advantage of removing the general health, without removing the cause. Swaim's Vermifuge has the peculiar advantage of removing the cause of the worms, by giving vigour and healthy action to the stomach, bowels and organs of digestion, thereby relieving measles, croup, hooping cough, &c. This medicine, by invigorating the internal functions strenghtening the organs of digestion, and removing the primary cause which creates morbid secretions, will relieve Bowel Complaints, Cholic, Dysentery, Despepsia, and the whole train of biliary affections, Sick Headache, Acidity of the Stomach, Foul Breath, Bleeding Piles, &c. It is an antidotein the early stage of Fever and Cholera Morbus. Cholera Morbus.

As general Family Medicine, it stands unrivaled, as the applicable to most of the diseases to which children are subject. Swaim's Vermifuge will be found of some utility to persons who occasionally indulge in the convivality of the table; a dose taken before dinner will vivality of the table; a dose taken before dinner will anticipate the effects of acidity of the stomach, not un-frequently produced by wine. In the neglect of this however, a dose in the morning or the following morning will, in most instances, restore the tone of the Stom-

ach.

Families resident in the country, and insolated in a measure from medical advice, travellers journeying to the far west, or bound to distant ports, seminaries and all public institutions and charitable associations will find this remedy, constantly at hand, of great utility.
