Swam's Vermiruge will be found of some utility to persons who occasionally indulge in the con-visality of the table; a dose taken before dinner will anticipate the effects of acidity of the stomach, not un-frequently produced by wine. In the neglect of this however, a dose in the morning or the following morning will, in most instances, restore the tone of the Stom-ach.

Families resident in the country, and insolated in a measure from medical advice, travellers journeying to the far west, or bound to distant ports, seminaries and all public institutions and charitable associations will find this remedy, constantly at hand, of great utility.
