EXECUTIVE CHAMBER, / Harrisburg, April 7, 1841. \(\Chi\_{\text{To the Family of William Henry Harrison. late President of the United States.}\)

Impressed with scelings of the deepest sorrow by he bereavement which has deprived the samily of the late President of a kind, indulgent and affectionate husband and father, and the nation of one of its most distinguished citizens. I comply with the request of the General Assembly, representing the freemen of the Commonwealth of Pennsylvania, and enclose their proceedings, adopted upon receiving the melancholy intelligence that the President of

the United States was no more.
The heavy loss which, by this dispensation o Divine Providence, has fallen upon the family of the late President is mitigated, as far as by human means it can be mitigated, by the condolence and sympathy of the whole nation, in which the people

of this commonwealth, with one accord unite. Trusting that you will be sustained under the weight of this affliction by the hopes and consolations that spring from an entire rehance upon our Almighty Father.

I have the honor to be Your obedient Servant DAVID R. PORTER.

DIFFERENCE OF VEGETATION-A correspondent of the U. S. Gazette, at Paradise, Lancaster county, in this state, furnishes the following comparative statement of vegetation fruit trees in full blossom. 1838-Apricot, April 20; Peach, May, I; Cherry May, 1, Apple, May, 20.

1839-Apricot, April 5; Peach, April 10; Cherry, April 12; Apple, April 25. 1840-Apricot, March 30; Cherry April 12; Peach

April 16; Apple, April 24. 1841-Apricot, April 20; Peach, May 1; Cherry May 1; Apple, May 15.

The above exhibits the difference of vegetation in four successive years.

RETREAT.—Corporal Streeter gives the following new definition of " retreat," · A Tom, what is the meaning of retreat?"

"Why I'll tell you. Did you ever hear of General Burgoyne?"

"Well he was a great General no doubt; but that isn't the thing-that aint exactly the right explanation-I-no, that wont do neither. If General Bur -no-0, hang it, look here, Bob, you treated just now, didn't you ?'

" To be sure I did." Well then, Bob, I wish you'd re-treat, so that Bill, here, can understand the matter in hand-if you please.

October 17, 42-SWAIM'S VERMIFUGE The most useful Family Medicine ever of

fered to the Public.

THIS well known Anti-Dysenteric and Worm Medicine has proved successfully these twelve years past, and is universally acknowledged by all who have tried it, to be far superior to any other medicine ever tried it, to be far superior to any other medicine ever employed in the diseases for which it is recommended. It is perfectly safe, and no child will refuse to take it.

Worms being especially apt to infest persons of debilitated digestive organs and emacated constitutions, much muschief is often done by the ordinary worm medicines, which generally consists of the strongest purgatives, calomet, that destroyer of the constitution, butters, pink root, spirits of turpentine, wormseed oil &c. &c. Articles of this kind may destroy worms, but they debilitate the stomoch, and o'len materially injure the general health, without removing the cause. Swaim's Vermifuge has the peculiar advantage of removing the general health, without removing the cause. Swaim's Vermifuge has the peculiar advantage of removing the cause of the worms by guing sugar, and healthy serion Vermifuge has the peculiar advantage of removing the cause of the worms, by giving vigour and healthy action to the stomach bowels and organs of digestion, thereby relieving measles, croup, hooping cough, &c. Thu medicine, by invigorating the internal functions strenghtening the organs of digestion, and removing the primary cause which creates morbid secretions, will relieve Bowel Complaints, Cholic, Dysentery, Despepsia, and the whole train of bilary affections. Sick Headache, Acidity of the Stomach, Foul Breath, Bleeding Piles, &c. It is an antidotein the early stage of Fever and Cholera Morbus.

As general Family Medicine, it stands unrivaled, as the applicable to most of the diseases to which children are subject. Swaim's Vermitage will be found of some utility to persons who occasionally indulge in the con-

utility to persons who occisionally indulge in the con-vivality of the table; a dose taken before dinner will anticipate the effects of aeddity of the stomach, not un-frequently produced by wine. In the neglect of this however, a dose in the morning or the following morning will in most instances, restore the tone of the Stom-

Families resident in the country, and insolated in a measure from medical advice, travellers journeying to the far west, or bound to distant ports, seminaries and all public institutions and charitable associations will find this remedy constantly at hand, of great utility.
