Moffat's Life Pills, and Phœnix Bitters.

Jan. 2d.

MILE perfectly safe, unerring, and successful treat ment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doub, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one, hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Ma-dicines—some eight or ten of these had been consider-ed beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend

the use of his medicines to his fellow-citizens. The LIFE MFDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their opc-ration, and at the same time thorough-acting rapidly. ration, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acri-monious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shor ter space of time than any other prescription. It is not by a newspaper notice, or by any thing that he hit self may say in their favor, that he hopes to gain credit: It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life Medicines will suit his own case? If so, let him call or send to Mr. Moffat's agent in this place, and pro-cure a copy of the medical Manual, designed as a Do-mestic Guide to Health, published gratuitously.
