HE perfectly safe, unerring, and successful treat Fusti lochi-

The perfectly safe, unerring, and successful treat ment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. Dur-ing the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient hav, to all appearance, effected a permaneat cure by the exclusive and judicious use of the Life Me-dicines—some eight or ten of these had been consider-ed beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow-citizens. The LIFE MEDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their ope-ration, and at the same time thorough—neting rapidly upon the secretions of the system—carrying off all acri-monious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of pyspepsia, the Life Medicines will give relief in a shor ter space of time than any other prescription. In fover and—Ague, Inflammatory Rheumatism, Fevers of every description, Sick Headache, Heart-burn, Dizziness in the head, Pains in the Chest, Flatulency, impaired ap-petite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these Medicines has always proved to be beyond doubt, greatly superior to any other modevof treat-ment. All that Mr. Moffat asks of his patients is to he nartia

ment. All that Mr. Moffat asks of his patients is to be parti-cular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he hiwself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life Medicines will suit his own cnsel If so, let him call or send to Mr. Moffat's agent in this place, and pro-cure a copy of the medical Manual, designed as a Do-mentic Guide to Health, published gratuitously. He will there find enumerated very many extraordinary cases of Numerous certificates and recommendations from Physicians and others accompany the directions.
