this season of the year, as an alterative and a purifier of the blood. It gives a tone and vigor to debilitated constitutions, which invalids are unconscious of until they have experienced its effects. It is also recommended in Diseases where the lungs and breast are supposed to be affected, and also where the constitution is broken down by the use of Mercury or Quinine;

THIS MEDICINE has the singular fortune a just tribute to its great merit, of being reccommend-ed by the most celebrated Practitioners of Medicine in the United States and Europe; whereas not one of the spurious mixtures, made in imitation of it, has the least support from the Medical Faculty. This fact offers an argument 50 plain and conclusive, that it needs only to be mentioned to enforce conviction. Moffat's Life Pills, and Phœnix Bitters.

BYHE perfectly safe, unerring, and successful treat ment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a "kill or cure," and you all then hear of the cures, but never hear of the killed or ununded, or those whose constitutions are completely destroyed and broken down. To all those who have been using Quack mellicines matter of doubt, as a reference to the exper ience many thousand patients will satisfactorily prove. During the present month along nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permaneat cure by the exclusive and judicious use of the Life Me-dicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow-citizens

The LIFE MEDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their ope-ration, and at the same time thorough—acting rapidly uj on the secretions of the system—carrying off all acri-monions humors and are the secretion of the system. monious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shor ter space of time than any other prescription. In fever description, Sick Headache, Heart-burn, Dizziness in the head, Pains in the Chest, Flatulency, impaired ap-petite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these Medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment

All that Mr. Moffat asks of his patients is to be partie cular in taking them strictly according to the directions Childr in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he huself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life Medicines will suit his own case? If so, let him call or send to Mr. Moffat's agent in this place, and pro-cure a copy of the medical Manual, designed as a Do-mestic funde to Health published erautionsity. He will mestic Guide to Health, published gratuitously. He will there find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Molfat's Medical Office in New York, 375 Broadway. This Medicine can also be obtained of MILLER & HAGGERTY.
