HUMAN HAIR.

CLEANLINESS OF THE HEAD AND HAIR Strange it is that persons who attend strictly to personal cleanliness, baths, &c. should neglect the Head—the Hair the most essential—the most expo sed—and the most beautiful when properly cared for, of all the gitts of the Creatur. Perfectly free may it be kept of dandruff or scurf with a certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies, will you make your toilet without this artield? I answer fearlessly. No, if you have once tried and experienced its purifying effects-its sweet perfume.

A hundred articles have been put forth on the

credit of this-the only first-the only really valuable article. A mass of testimony from all classes to these facts.

We know a lady of this city whose hair was so nearly gone as to expose entirely her phrenological developments, which, considering that they betokened a most amiable disposition, was not in reality very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and, after a year's fruitless resort to miscalled restoratives, purchased. some months ago, a bottle or two of Oldridge's Balin, and she has now ringlets in rich profusion, glossy, and of raven blackness. We are not puffing—none of the commodity has been sent to us, and, indeed, we do not want any, for though we were obliged to wear a wig-a year ogo, we have now, through its

CONSUMPTION

Dn. WISTAR'S Basam of Wild-Cherry, THE CELEBRATED REMEDY FOR Diseases of the Lungs.

NUMEROS remedies have been offered and puffed into notice for DISEASES OF THE LUNGS into notice for DISEASES OF THE LUNGS some of which has undoubtedly been found very usefu but of all that have hitherto been known, it must be universally acknowledged there is none that has ever proved as successful as the "BALSAM OF WILD CHERRY" Such indeed are the astonishing restorative and healing properties of this BALSAM, that even in the worst forms of CONSUMPTION, when the particle has suffered the most distressing cough wident pain in the worst forms of CONSUMPTION, when the patient has suffered the most distressing cough, violent pain in the chest, difficulty of breathing, night sweats, bleeding of the lungs, &c and when the most esteemed remedies of our Pharmacopias had failed to afford any relief, and when Botanic, Homopathic, and numerous other remedies, had been used for many months in vain, this invaluable remedy has checked every symptom, and been productive of the most astonishing relief. In the early stages of the disease, proceeding from neglected colds, termed Catarrahl Consumption, it has been used with undeviating success, and in many instrnces, when with undeviating success, and in many instruces, when this disease seemed to have marked its victum for an symptom, and restored the lungs to a state of perfect health.

In that form of CONSUMPTION, so prevalent a mongst delicate young females, commonly termed debility or 'going into a decline,' a complaint with which iousands are lingering, it has also been used with surprising success, and not only possesses the power of checking the progress of his alarming disease, but at the same time strengthens and invigorates the whole system more effectually than any remedy we have ever

ETLIVER COMPLAINT-In diseases of the Liver particularly when attended with a cough, indigestion or wandering pains in the side, it has also proved very efficacious, and cured many cases of this kind after the most powerful remedies had failed. OF ASTIIMA—In this complaint it also been used

in numerous instances with the most singular success. It opens the chest rendering the breathing perfectly free arrests the cough, and will seldom fait to give permanent relief.

BRONCHITIS.—As a remedy in all Bronichial affections of the throat, attended with a hoarseness, cough or soar in the throat, it will also be found a very effectual remedy, and will mostly afford immediate relief if used at the commencement of the attack.

COUGHS AND COLDS—In common coughs and colds that prayable a strength through

and colds, that prevail so extensively throughout the winter, it will be found much more effectual than any remedy in use, and when colds settle upon the lungs causing an inflamation with pains in the breast difficulty or shortness of breathing, &c. the use of this Balsam will suppress such symptoms immediately, and at the same time prevent the lungs from becoming more seriously

IF CROUP AND WHOOPING COUGH.—In these complaints, so common to young children, this Balsam will be found much superior to the Paregoric Elixer Syrup of Squills, and the various CO/GH MIXTURES in common use, as it is entirely freelfrom any thing the least injurious, and may at all times be given to children with perfect safety, and with the certainty of its affording

them speedy relief.

If AS A FAMILY MEDICINE for many other omplaints, this Balsam will also be found particularly complaints, this Balsam will also be found particularly useful Besides having proved an invaluable remedy in all Pulmonary affections, it exerts a pewerful influence over many diseases depending on a depraved condition of the system, and those who have suffered from the indiscriminate use of Mercury, or other deleterious drugs, that are often compounded in different quack nostrums, will find it a remedy of great value, pressessing the power of strengthening and invigorating the whole system more effectual than any other medicine we possess.

CAUTION TO PURCHASERS.—As this medicine has already acquired great celebrity, there may probably be some attempts to imitate it, and deceive the public with a spurious mixture, to prevent which I would public with a spurious mixture, to prevent which I would wish all purchasers to observe the following marks of the genuine Balsam. It is put up in bottles of two sizes each, having the words WISTAR'S BALSAM OF WILD CHERRY, PHILADA, blown in the glass, and a label on the front with the signature of HENRY WISTAR. M. Moffat's Life Pills, and Phæ-

nix Bitters. ME perfectly safe, unerring, and successful treat ment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the exper ience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permaneat cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellowscitters.

the use of his medicines to his fellow-citizens.

The LIFE MEDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acri-monious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription. In fever and Ague, Inflammatory Rheumatism, Fevers of every description, Sick Headache, Heart-burn, Dizziness in the head, Pains in the Chest, Flatulency, impaired appoints and inflammatic and inflam petite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these Medicines has always proved to be beyond doubt, greatly superior to any other mode of treat-

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the reader an invalid, and does he wish to know whether the Life Medicines will suit his own case? If so, let him call or send to Mr. Moffat's agent in this place, and procure a copy of the medical Manual, designed as a Domestic Guide to Health, published gratuitously. He will there find enumerated very many extraordinary cases of cure; and nor health, published with the own the country of the cou cure; and perhaps some exactly similar to his own.
