DR. LEICY, at Philadelphin.
Respected Sir:—I was much pleased after my arrival in this country, to find that Dr. Bechter's valuable preparation, so long successfully used in many parts of Germany, is no prepared by you. I have seen many wonderful cures made by it in the old country. Many persons, whose lungs were supposed to be almost entirely destroyed, and pronounced incurable, have been restored to good health by it. I know where one case was beyond the hopes of ever recovering, and was for years helpless, and confined to bed without being able to sit up, but was raised by the wonderful effects of Dr. years helpless, and confined to bed without being able to sit up, but was raised by the wonderful effects of Dr. Bechter's Pulmonary Preservative, and so far cured as to be able to ride and walk about. A great many instances have been cured in the various Pulmonary affections and I myself have received great benefit from it, both here and in my own antive country. I hope it may be as successful in this country as it has been in Germany. When properly known no family will be without it. without it.
