July 31. A NEW VOLUME.

In beautiful style, Aug. 1841.

OBERT MERRY'S MUSUEM, Edited by S. G. Goodarch, author of Peter Parley's Tales. The apprecedented success which has hitherto attended this highly valuable and popular juvenile Magazine has induced the publisher to commence new volume with the August number, which is to embrace several improvements. This work, has attained a circulation of more than 7,500 copies, in less than six months. The great object of this work is to do good—by cultivating a taste for reading: by exciting reflection; by training the mind, body and right habits; by cultivating a love for pure and innocent pleasures and recreations by elevating the tone of morals : by promoting a love of mankind, and a reverence for religion, by inculcating kindly sentiments, and that species of politeness which is founded in the obligation to do to another as we would have another do to us. The second volume will surpass any magazine of the kind ever issued from the American press in point of original matter, engravings, mechanical execution, and general appearance. The publishers are determined to produce a magazine every way adapted to the wants of the juvenile community and the intelligent standard of public opinion on the subject. Preparations are being made to introduce (at great expense') a set of designs just imported from Europe: the first of the series will make its appearance in the first number of the new volume. The designs will be executed by the best Artists, and colored in a beautiful and attractive style. A page of MUSIC will accompany each number composed expressly for the work by GEO J. WEBB, President of the Handel and Hayden Society. In a word, we promise to furnish our young readers with a large quantity of matter at a small price, which we hope will

make them wiser, happier and better.

The terms are One Dollar and Fifty cents a yea in advance. BENJAMIN BANNAN, Agent.

Respected Sir:—I was much pleased after my arrival in this country, to find that Dr. Becher's valuable preparation, so long successfully used in many parts of Germany, is now prepared by you. I have seen many wonderful cures made by it in the old country. Many persons whose lungs were supposed to be almost entirely destroyed, and pronounced incurable, have been restored to good health by it. I know where one case was beyond the hopes of ever recovering, and was for years helpless, and confined to bed without being able to sit up, but was raised by the wonderful effects of Dr. Bechter's Pulmonary Preservative, and so fir cured as to be able to ride and walk about. A great many instances have been cured in the various Pulmonary affections and I myself have received great benefit from statices have been cured in the various runnonary ar-fections and I myself have received great benefit from it, both here and in my own native country. THE perfectly safe, unerring, and successful treat ment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the exper ience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the action, has to all appearance effected a nermaneat patient has, to all appearance, effected a permaneat cure by the exclusive and judicious use of the Life Me-dicines—some eight or ten of these had been considerdicines—some eight or tend these had been deadled attendants. 100 "KILL OR CURE."

This doctrine is startling—it nevertheless is the doctrine entertained and practiced by the aumerouse Quacks who manufacture preperations of various kinds which have mercury for their base.

BEWARE THEN

How you trust to such preperations. Tis true, they "kill or cure," and you all then hear of the curos, but never hear of the killed or wounded, or those whom ternstitutions are completely destroyed and broken down.

To all those who have been using Quack medicines.

I would recommend the use of remedies that will coun teract their bad effects before it is to late.

BE ADVISED.

Therefore, to gurard against the evil effects of Quack medicines, and employ such medicines only as you know,

nectiones, and employ such medicines only as you know, and have proof of being prepared by a regular experienced Apothecary and Physician. Such is DR. LEIDY'S SARSAPARIL' A or BLOOD PILLS, Which may be used at all times, ages, and seasons, where either a mild or active purgative may be required or as a purifier of the blood and animal fluids, and in all. diseases requiring purgation, cleansing and purifying the system, &c. &c.

They may be used without restraint from diet or occupation, from moderate or temperate living, leng free from mercury and all the minerals, and an antidote igainst their bad effects. Numerous certificates from various parts of the United States have been, from time to time published, it is only necessary to inform the public where they may

Numerous certificates and recommendations from Physicians and others accompany the directions.

To satisfy the world that they are no quack preparation, I would simply observe, that they are the preparations of a regular Druggist and Physician, attested also Dr. P. Physick, Dr. R. E. James, Dr. W. P. Dewees, Dr. Robert Hare, Dr. J. Redman Corce, Dr. W. E. Horner,
