A NEW VOLUME.

In beautiful style, Aug. 1841.

ROBERT MERRY'S MUSEUM, Edited by S. G. GOODRICH, author of Peter Parley's Tales. The unprecedented success which has hitherto attended this highly valuable and popular juvenile Magazine has induced the publisher to commence a new volume with the August number, which is to embrace several improvements. This work, has attained a circulation of more than 7,500 copies, in less than six months. The great object of this work is to do good—by cultivating a taste for reading: by exciting reflection; by training the mind, body and right habits; by cultivating a love for pure and innocent pleasures and recreations by elevating the tone of morals: by promoting a love of mankind, and a reverence for religion, by inculcating kindly sentiments, and that species of politeness which is founded in the obligation to do to another as we would have another do to us. The second volume will surpass any magazine of the kind ever issued from the American press in point of original matter, engravings, mechanical execution, and general appearance. The publishers are determined to produce a magazine every way adapted to the wants of the juvenile community, and the intelligent standard of public opinion on the subject. Preparations are being made to introduce (at great expense) a set of designs just imported from Europe: the first of the series will make its appearance in the first number of the new volume. The designs will be executed by the best Artists, and colored in a beautiful and attractive style. A page of MUSIC will accompany each number composed expressly for the work by GEO. J. WEBB, President of the Handel and Hayden Society. In a word, we promise to furnish our young readers with a large quantity of matter at a small price, which we hope will make them wiser, happier and better.

The terms are One Dollar and Fifty cents a year in advance.

MOUNT CARBON HOT

Schuylkill County, Pa.

REUBEN BRIGHT,

RESPECTFULLY announces to his friends and the public that he has taken this splendid, airy

and delightful establishment, situated at the termination of the Reading and Philadelphia Rail Road, where he will be happy to wait on those who visit the Coal Region, on business, or for the purpose of enjoying the mountain air and water. The Hotel is large, finished and furnished in the best style—and no pains will be spared to render satisfaction to all who may favor it with a visit. Being within ten minutes walk of the Borough of Pottsville, though sufficiently removed to escape the dust and noise of that busy bustling place, it is confidently believed that it will be found much more pleasant and agreeable, than any other Hotel in the vicinity. Attached to the Hotel is a large and beatiful garden, overlooking the River Schuylkill, the Schuylkill Canal, Mount Carbon Rail Road, (extending to the Mine's and thence to Sunbury) the Centre Turnpike, and at the same time affording a real and romantic view of five Mountains. The house is supplied with pure mountain spring water, and a Bathing establishment, unrivalled in the country. A splendid pleasure Car is kept for the exclusive accommodation of visitors, who may be disposed to visit the Mines, or enjoy the wild and romantic scenery of the surrounding country. Individuals or families may rely on having ample room, and every possible attention.
