DURABLE RAIL WAYS .- This important desideratum in the construction of Ruilroads, has at length been attained, so that not merely an " iron ribbed" road, but the entire superstructure of that material may now be considered as practicable. This improvement combines economy, durability, and beauty, and is the invention of Mr. J. Spaulding and Mr. Isherwood, practical engineers on the New-York and Eric Railroad. Two arches, ten feet each, of this invention is now in use on the Ithaca and Owego Rail Road, half a mile west of this village, over which the regular trains pass every day. We understand that a branch road from Factoryville, in this county, to the Pennsylvania line, four miles length, is forthwith to be constructed on this plan, and the castings are now being made. This invention is of great importanc. It will produce an entire revolution in the construction of railroude, as it can be built cheaper than the common mude and its durability is beyond computation. It will open a new market for the immense beds of ore with which our country abounds, and obviate the necessity, now unavoidable, of depending upon England for rails. All who have examined the piece in operation, are struck with its simplicity, beauty and strength—its advantages are inculcula blo.—Oswego Advertiser.

MB. CLAR'S SPEECH -Mr. Clay's speech in the Senate on the 19th inst., on President Tyler's voto message, is represented as one of his greatest and happiest efforts. He spoke for two hours. While defining his own position, Mr. Clay handled the Prekind feeling towards Mr. Tyler - and recommended his political friends to go on in the good work they had already commenced. He was followed by Mr. Rives, who defended the course of the President. This drew from Mr. Clay a second speech; brief, but of tremendous power and effect. DR. LEIDY, at Philadelphia.

Respected Sir:—I was much pleased after my arrival in this country, to find that Dr. Bechter's valuable preparation. so long successfully used in many parts of Germany, is no s prepared by you. I have seen many wonderful cures made by it in the old country. Many persons whose lungs were supposed to be almost entirely destroyed, and pronounced incurable, have been restored to good health by it. I know where one case was beyond the hopes of ever recovering, and was for years helpless, and confined to bed without being able to sit up, but was raised by the wonderful effects of Dr. Bechter's Pulmonary Preservative, and so fir cured as to be able to ride and walk about. A great many instances have been chred in the various Pulmonary affections and I myself have received great benefit from it, both here and in my own native country. I hope it may be as successful in this country as if has been in Germany. When properly known no family will be without it.

Yours, Signed, SIGMUND SCHARRE, P.S. I get it in this place of your Agent.

FRIEND LEIDY:—The will be much surprised at my communication, when I inform thee of my perfect recovery, after having used six bottles of thy medicine. Thee knows how miscrable and distressed I was. Pole, and sickly, without apretite, full of pairs, with much cough; and oppression in my chest, rattling in my throit ic. I am now enjoying good health, and though 60 years of age, feel young in spirits, and must attribute my good health to the good effects of thy Pulmonary Perservative. Thy friend and well wisher.

To "KILL OR CURE."

This doctrine is startling—it nevertheless is the doctrine entertained and practiced by the numerous Quacks who manufacture preperations of various kinds which have mercury for their base.

BEWARE THEN

How you trust to such preperations. "Tis true, they "kill or cure," and you all then hear of the cures, but never hear of the killed or wounded, or those wholes constitutions are completely destroyed and broken down.

To all those who have been using Quack medicines I would recommend the use of remedies that will coun teract their bad effects before it is to late.

BE ADVISED,

Therefore, to gurard against the evil effects of Quack

Therefore, to gurard against the evil effects of Quzek medicines, and employ such medicines only as you know, and have proof of being prepared by a regular experienced Apetheary and Physician. Such is SARSAPARIL' A or BLOOD PILLS.

Which may be used at all times, ages, and seasons, where either a mild or active purgative may be required or as a purifier of the blood and animal fluids, and in all diseases requiring purgation, cleaning and purifying the system, &c. &c.

They may be used without restraint from diet or occupation, from moderate or temperate living, being free from mercury and all the minerals, and an antidote against their bad effects.
