COMMUNICATED.

Departed this life on Thursday morning the 14th inst. at 10 o'clock, Mrs Ann Eliza Cheyney, wife of Alpheus Cheyney, of Pottsville, in the 68th year The subject of this notice had for a long time

been lingering under that slow but tatal disease "Consumption." Last spring she paid a visit to some of her relatives in the state of Connecticut, but upon arriving at home, her malady increased with great severity, so much so, that for the last few months she has been wholly confined to her bed. She felt very sensibly her approaching disthe she has been wholly confined to her solution, having for some time, as she assured the writer) no hope of ever being restored to health in this world. But death had no terrors to her, she trusted not in an arm of flesh, but in the boundless mercy of God, and having anchored her hope in Heaven, she desired rather "to depart and be with Christ," who had poured out his precious blood for her redemption, than to linger in this tabernacle of clay. She took delight in meditating upon the, "Loving kindness," of her Heavenly Father, and was much pleased when any person sung for her that beautiful hymn, "A wake my soul in joyful days." She died as she lived in full assurance of a blessed immortality, and while the cold sods of the valley cover her resting place, it may with truth be said of her, "though dead, she vet speaketh." She was for several years a worthy member of the Presbyterian church in this place and it is hoped that her pibus example may not be forgotten by any who were acquainted with her.

Temperance Meeting.

The semi-annual meeting of the Pottsville Temperance Society, will be held at the Acadamy, on Tuesday evening next, the 19th inst. at half past seven o'clock, for the purpose of electing Officers and other business. A punctual attendance of the members is desired.

By order of the Executive Committee JOHN WATERHOUSE, Jr. Pres't. Robert M. Palmer, Sect'y. October 16 42-

Dying Game.

One of the young gentlemen who was politely requested to defer his visits to the Public Schools, until after school hours, has been enraged therat. He last week ponneed upon 'A WIRE ACRE!" without any ceremony, and without informing us where he bories his dead -- declaring this Wise Acre, to have used an ungentlemanly Invendo; and to have been influenced by improper motives, &c. Now we know, that his whole stock of ammunition missed fire—nobody was killed—and "Observer," was not even simed at. But lest the gentleman should again stumble on an " Invendo," we say, young gentlemen are very properly forbid their visits to the schools, by the Directors. We deprecate the curly wrath of offended dignity, when manifested so improperly, even by a boy. Enough said.

Schuylkill Coal Trade

REMARKS. The shipments this week including the Little Schuylkill, only amount to 20,367 tons. Total this season, 470,281 tons. To the same period last

vest. 338 595 In consequence of the great accumulation of coal on the wherves at Philadelphia, on the Schoylkill, and the continued scarcity of coal vessels, orders have been received here from several of the dealers below to stop shipping. This will account for the reduction in the prices of freight this week. We quote to Philadelphia at \$1 50; to New York, \$4,30. We notice no change in the price of Anthracite coal since our last, either in Philadelphia or New

York. Twelve thousand bushels of coal arrived at Philadelphia last week from New-Castle, England. Can anything stronger be said in favor of a Protective Tariff?

The receipts from the Lehigh mines, at Philadel. phia up to the 7th inst., amounted to 67,779 tons. Coal Vessels on the Schuylkill at Philadelphia are still greatly in demand. At least three Lundred would meet with a ready freight. Another advance in freight has taken place. We quote to Boston and Salem, \$2.371; to Providence, \$1,75; and New York \$1 623.

BY the extraordinary virtues of that arrivalled medi-cine, the, Balsam of Wild Cherry," the well-known famous remedy for Consumption, and Liver COMPLAINT, COUGHS, COLDS. ASTHMA. BRONCHITIS, CROUP, WHOOPING COUGH, &c.

ALBANY, September 6, 1841. To Da. H. WISTAR To Da. H. WISTAR
DEAR SIR.—In yours of the 28th instant you ask if your BALSAM OF WILD CHERRY has proved successful in this part of the country. In answer to these inquiries I can safely assert there has never been any medicine introduced here that has received suctr universal approbation, and the demand for it increases daily.—Physicians generally appear to be strangely prepossessed in its favor and many of our first families are now trying it. In several cases that Lines beard form. ed in its favor and many of our first families are now trying it. In several cases that I have heard from, it has given great relief, and others have said they feel satisfied it will cure them effectually. One case in particular I would mention is, that of the wife of Mr. Howard, a very influential family, residing a few miles out of town, who has been lingering with consumption for several years and tried all the celebrated remedies in vain She has only used three or four Bottles of your Balsam, and Mr. Howard informed me, a few days ago, that she was recovering rapidly, that her cough had isaisam, and Mr Howard informed me, a few days ago, that she was recovering rapidly, that her cough nad ceased entirely and he confidently believed it had been the means of saving her life. These I think are pretty strong proofs of its virtues, but I flatter myself before the winter is over I shall be able to give you many others such as few medicines can boast of.

Yours Respectfully
THOMAS SHEPPARD. The genuine medicine is sold in Pousville by JOHN S. C. MARTIN, Agent for Schuylkill County.

CROUP IN CHILDREN

OTHERS, BE ON YOUR GUARD.—This is the season when this destructive complaint attacks your interesting little, children, often robs you of those you fondly doat on, and carries hundreds to the grave. fondly doat on, and carries hundreds to the grave.— Every mother should, therefore, know its symptoms, watch them closely, and always be prepared with a remedy to cure it as many are daily sacrificed by such neglect. At first the little patient is reized with a shivering, it grows restless, has flushes of heat, the eyes become red and swollen, it breathes with difficulty, and then comes that fearful COUGH that will surely terminate in convulsions or death suless somethics to improve nate in convulsions or death upless something is imme diately given to check it. In this complaint the "BAL SAM OF WILD CHERRY," is well known to be the most speedy cure ever discovered. It is indeed a pre-cious remedy—mild, sate and innocent, and sure to give the little sufferer in mediate relief, and quickly restore it to safety and health. Every mother who loves he children should always keep it in the house and give i to them early; by doing so you may often save the life of one you fondly love. Mr. G. H. Miller, late of Brickensville, had represted me to appoint him an agent for Womels. forf, because he well know the value of the article April 20th he took of me 4 dozer, and on the 24th nst. he had sold 26 boxes, it being in Womelsdorf,

new article, and bought 2 dozen more.
This statement is similar to the foregoing. To Mr. M'Kinty, one dozen were sent at a venture, perhaps in December. Jan. 25, I left him 2 dozen on commission, and on the 11th inst. he paid ne for 7 dozen stating, as do the others, that no medicine with which he is acquainted has as good

name and so ready a sale. Peter Kline, Post Master, has sold to a man who has the white swelling, probably near 60, whom I seen, and who states, that no other remedy has rendered him yoy service, but that this has, and now that he is presunded to persevere, I am fully persuaded he will entirely recover.

Samuel Heckler, Post Master, sells the other pills. out states, that he finds 4 of these equal to 8 or 9 of hem-that the' he had these less than 4 months, and the others several years, of these he now sella about 10 boxes where he has a call for one of the other sort. He mentioned a woman who has during reveral years suffered by the rheumstism, and though other remedies had been invoked, she

has not found any benefit, save in the use of these I would add much general and particular informrtion, but shall defer to a more convenient opportunity an exposition which must be interesting to all who are liable to diseases. To the business in hand, the reference, I have paid the attention it seems to merit, and I thus leave it with the carnest desire that it may be read with sandor, and produce the effect to which truth is always entitled.
