A gentleman belonging to one of the most ancient and wealthy families of this city, who must be well known to numerous friends, having since the year 1818 up to recently, been bent nearly double, and for several years confined to his bed, has been restored to good health-has regained his natural erect position—and has quitted his carriage, and now walks with ease!! We believe this is the gentleman's own description as near as possible, and there is exaggeration in it. We will give sible, and there is exaggeration in it. AHIS Medicine is particularly recommended at this season of the year, as an alterative and a

It is also recommended in Diseases where the lungs and breast are supposed to be affected, and also where the constitution is broken down by the use of

Mercury or Quinine;
THIS MEDICINE has the singular fortuge a ust tribute to its great merit, of being reccommen ed by the most celebrated Practitioners of Medicine in the United States and Europe; whereas not one of the spurious mixtures, made in imitation of it, has the least support from the Medical Faculty. Respected Sir:—I was much pleased after my arrival in this country, to find that Dr. Bechter's valuable preparation, so long successfully used in many parts of Germany, is no s prepared by you. I have seen many wonderful cures made by it in the old country. Many persons, whose lungs were supposed to be almost entirely destroyed, and pronounced incurable, have been restored to good health by it. I know where one case was beyond the hopes of ever recovering, and was for years helpites, and confined to bed without being able to sit up, but was raised by the wonderful effects of Dr. Bechter's Pulmonary Preservative, and so fy cured as Bechter's Pulmonary Prescivative, and so fix cured as to be able to ride and walk about. A great many instances have been cured in the various Pulmonary affections and I myself have received great benefit from it, both here and in my own native country. I hope i may be as successful in this country and has been a Germany. When properly known no family will be without it.

I am now enjoying good health, and though 60 years of age, feel young in sprits, and must attribute my good health to the good effects of thy Pulmonary Perservative. Thy friend and well wisher.
