For the cure of Scrofula, or King's evil Syphilis, and the host of pairful disagreeable, and hitherto incurable affections resulting therefrom, Rheumatism, Ulcerous Noves, White Swellings, Diseases of the Liver and Skin General Debitty, &c. and all Diseases arising from Impurity of Blood.

TRAILS Medicine is particularly recommended at this season of the year, as an alterative and a purifier of the blood. It gives a tone and vigor to debilitated constitutions, which invalida are unconscious of until they have experienced its effecte. It is also recommended in Diseases where the

lunge and breast are supposed to be affected, and also where the constitution is broken down by the use of Mercuty or Quinine;
THIS MEDICINE has the singular fortune a just tribute to its great merit, of being recom-mended by the most celebrated Practitioners of

Medicine in the United States and Europe; wheres rot one of the spurious mixtures, made in imitation of it, has the least support from the Medical Faculty. This fact offers an argument so plain and conclusive, that it needs only to be mentioned to enforce conviction. From the Boston Chronicle, June 10. We see by un advertisement in another column that Messrs. Comstock & Co., the Agents for Oldridge's Balm of Columbia, have deputies to sell that article in Boston and elsewhere .- We know a lady of this city whose hair was so nearly gone as to expose entirely her phrenological developements, which, considering that they betokened a most amiable disposition, was not in reality very unfort nate. Nevertheless she mourned the loss of locks that she had worn, and, after a year's fruitless resort to miscalled restoratives, purchased, some months ago, a bottle or two of Oldridge's Balm, and she has now ringlets in or orderinges battle, and whe has now ringers in rich profusion, glossy, and of raven blackness. We are not puffing—none of the commodity has been sent to us, and, indeed, we do not want any, for though we were obliged to wear a wig a year ngo, we have now, through its virtue, hair e-

I am now however enjoying as good health s ever, and owe my recovery to the above valuable medicine.

Respected Sir:—I was much pleased after my arrival in this country, to find that Dr. Bechter's valuable or in this country, to muchit the Beener's valuable preparation, so long successfully used in many parts of Germany, is no x prepared by you. I have seen many wonderful cures made by us, the old country. Many persons, whose lungs were supposed to be almost entirely destroyed, and pronounced incurable, have been restored to good health by it, I know them one case was howend the hance of cure rewhere one case was beyond the hopes of ever re covering, and was for years helpless, and confined to bed without being able to sit up, but was raised by the wonderful effects of Dr. Bechter's Pulmonary Prescriptive, and so fir cured as to be able to ride and walk about A great many instances have been cured in the various Polmonary affections, and I myself have received great benefit from it, both here and in my own native country. I hope it may be as successful in this country as it has been in Germa-

FRIEND LEIDY:—Thee will be much surprised at my communication, when I inform thee of my perfect recovery, after having used six bottles of thy medicine. Thee knows how miserable und distressed I was. Pale, and sickly, without appetite, full of pain, with much cough, and oppression in my chest, rattling in my throat ve, I am now enjoying good health, and though 60 years of age, feel young in spirits, and must attribute my good health to the good effects of thy Pulmonary Perservative.

INDIAN VEGETABLE PILLS, of the North American College of Health. As appears by the following circumstances, are fust superseding the use of all other tills as a UNIVERSAL REMEDY, for the purification of the blood, and as a consequence, the crudication of

DISEASE from the HUMAN SYSTEM THOMAS & JAMES BEAUTY, AVING been duly appointed County Agent for the sale, in large or small quantities, of the named article, suggest the following as strong presumptive proof, that the claim of this medicii e to public confidence, is founded on unquest onable and we believe, unquestionable au-

thornty.

Letter from Mr. Camfield, Travelling Agent for the United States.

Messrs. T. & J. BEATTY. I herewith enclose for your service in the way of advertising, the notice of Stichter & Mc-Knight, successors to Keim & Stichter, Reading, who are agents for Brandreth Pills, and perhaps for others. You will perceive the force of their language, under these circumstances, and my business is to apprise you of the testimony which the gentlemen to whom they refer have already given, four of them prior to the re-terence, and one, Mr. G. H. Miller, since the

reference, but without being informed of it by STICHTER & M'ESGUT, (as successors to Keim & Suchter, Reading.) having been duly appoint ed county agents for the excellent and superior medicine above named, are now prepared to supply the demands of former agencies, and will be gratified by the appointment and supply of new ones, on the usual liberal terms.

"For the character of these pills, we refer with confidence, but without asked consent, to the following named gentlemen, who have sold them long enough to know their true value in comparison with any others now in marker.—
Their relative location gives every facility to the inquirer who desires to obtain, either for sale r use, a first rate article." To take them in consecutive order, then Mr.

C. W. Porter, P. M., Muiden Creck, Jan, 26, took of me on commission, 6 doz. Since that time, be purchased of K. & S. Reading 6 dozen, and on the 4th inst. took 6 dozen of me, stating buck so good a report, nor one which had so ready a sale. As he is Post Master, any person can easily and cheaply ascertain whether veracity can be impeached and at the same time earn what other pills, he sells or has sold. Mr. G. H. Miller, late of Brickensville, had requested me to appoint him an agent for Womissorf, because he well knew the value of the article; April 20th he took of me 4 dozer, and on the 24th inst. he had sold 26 boxes, it being in

Womelsdorf, a new article, and bought 2 dozen This statement is similar to the foregoing. To Mr. M'Kinty, one dozen were sent at a venture, perhaps in December. Jan. 25, I left him 2 dozen on commission, and on the 11th inst. he paid me for 7 dozen, stating, as do the others, that no medicine with which he is accominted has as good a name and so ready a sale. Peter Kline, Post Master, has sold to a man who has the white swelling, probably near 60, whom I seen, and who states, that no other rem edy has rendered him any service, but that this has, and now that he is persuaded to persevere, I

am fully persuaded he will entirely recover.

Samuel Heckler, Post Master, sells the other

pills, but states, that he finds 4 of these equal to 8 or 9 of them—that tho' he had these less than 4 months, and the others several years, of these he now sells about 10 boxes where he has a call for one of the other sort. He mentioned a woman who has during 'everal years suffered by the rheumatism, and though other remedies ha been invoked, she has not found any benefit. save in the use of these pills. I would add much general and particular intormation, but shall defer to a more convenient opportunity an exposition which must be interesting to all who are liable to diseases. To the bisi-

with the carnest desire that it may be read with candor, and produce the effect to which truth is always entitled. Respectfully, R. CAMFIELD. Travelling Agt. United States. Pottsville, May 29 The following named gentlemen compose the list of agents for this county and vicinity, so fall

tention it seems to merit, and I thus leave it
