No Quackery! No Deception.
The physician may boast of his skill in man diseases—the quack may puff his wonderful curer, but of all the remedies ever discovered for diseases of the pulmonary organs, it is universal ly admitted nothing has ever proved as successful as that unrivalled medicine, Dr. Wistar's Balsam of Wild Cherry, which has effected some of the most asionishing cures ever recorded

in the history of medicine.

Such indeed are the astonishing healing and restorative properties of this Balsam, that even in the advanced stages of consumption, and in Liver Complaints, diseases which have baffled the skill of the most distinguished physicians, when patients have suffered with the most detressing cough, great difficulty in breathing, night sweats, bleeding of the lungs, &c. after the most esteemed remedies of our Pharmacopias have failed, this invaluable remedy has not only given surprising relief but actually effected cures, after

all hopes of a recovery had been entirely despaired of. Besides its surprising efficacy in these formidable complaints, it has proved a very superior remedy for diseases of children, such as Croup Whooping Cough. &c , and in those disorder that prevail so extensively throughout the winte scason, such as Cought, Colds, Pleurisy, Influ enza, and Pains in the Breast, proceeding from neglected Colds, it stands untivalled.

The above medicine has proved itself one of the most effications ever employed in the above affec-tions. It is well known by thousands, but, in order to make it more generally known, the proprieto thinks it necessary to publish the following proofs which constitute but a small portion of the testimony that might be adduced in proof of its efficacy.

Throughout Germany it is used and empl more than any other preparation for Colds. &c., and there so well known for its efficacy, that they call it the "LIFE PRESERVER" Price 50 cents a bottle (half pint)

Dear Sir - I should consider it ungrateful, if I did not inform you (and with my consent allow you to publish this,) that after having tried by the recommendation of my friends, almost every kind of medi-cine for coughs, colds, &c. I never found relief until lately having used Dr. Bechter's Pulmonary Preser-Tative, recommended to me by your agent in this place, and which cured me of a wolent cough, spitting of blood, pain in my breast, and shortness of breath, with all of which I have been afflicted for two years past. I am now howeverenjoying as good health as ever, and owe my recovery to the above valuable

medicipe.

DR. LEILY, at Philadelphia.
Respected Sir:—I was much pleased after my arrival in this country, to find that Dr. Bechter's valuable val in this country, to find that Dr. Bechter's valuable preparation, so long successfully used in many parts of Germany, is no r prepared by you. I have seen many wonderful cures made by it in the old country. Many persons, whose lungs were supposed to be almost entirely destroyed, and pronounced incurable, have been restored to good health by it. I know where one case was beyond the hopes of ever recovering, and was for years helpless, and confined to bed without being able to sit up, but was "raised by the, wonderful effects of Dr. Bechter's Pulmonary Preservative, and so fir cured as to be able to site. Preservative, and so fir cured as to be able to ride and walk about. A great many instances have been cured in the various Pulmonary affections, and I my-self have received great benefit from it, both here and in my own native country. I hope it may be as successful in this country as it has been in Germany. When properly known no family will be with

Friend Leidy:—Thee will be much surprised at my communication, when I inform thee of my perfect recovery, after having used six bottles of thy medicine. Thee knows how miserable and dismedicine. Thee knows how miserable and dis-treased I was. Pale, and sickly, without appetite, full of pain, with much cough, and oppression in my chest, rattling in my throat &c. I am now enjoy-ing good health, and though 60 years of age, feel young in spirits, and must attribute my good health to the good effects of thy Pulmonary Perservative.

INDIAN VEGETABLE PILLS, Of the North American College of Health. As appears by the following circumstances, are fast superseding the use of all other Pills as a UNIVERSAL BEMEDY, for the purification of the blood, and as a consequence, the eradication of disease from the HUMAN SYSTEM

THOMAS & JAMES BEATTY, AVING been duly appointed County Agent for the sale, in large or small quantities, of the named article, suggest the following as strong presumptive proof, that the claim of this medicine to public confidence, is founded on unconstant the same of the public confidence, is founded on unconstant the same of the public confidence, is founded on unconstant the same of the public confidence is founded on unconstant the same of the public confidence is founded on unconstant the same of t questionable and we believe, unquestionable auhority.

Letter from Mr. Camfield, Travelling Agent for the United States.

Messrs. T. & J. BEATTY. I herewith enclose for your service in the way of advertising, the notice of Stichter & Mc Knight, successors to Keim & Stichter, Reading, who are agents for Brandreth Pills, and perhaps for others. You will perceive the force of their language, under these circumstances, and my business is to apprise you of the testimo. ny which the gentlemen to whom they refer have already given,—four of them prior to the reterence, and one, Mr. G. H. Miller, since the reference, but without being informed of it by me, or in any manner alluding to it. STICHTER & M'KAGHT, (as successors to Keim. & Stichter, Reading.) having been duly appoint and county agents for the excellent and superior

medicine above named, are now prepared to sup-ply the demands of former agencies, and will be gratified by the appointment and supply of new ones, on the usual liberal terms. "For the character of these pills, we refer with confidence, but without asked consent, to the following named gentlemen, who have sold them long enough to know their true value in comparison with any others now in marker.— Their relative location gives every facility to the

inquirer who desires to obtain, either for sale n use, a first rate article." To take them in consecutive order, then Mr. C. W. Porter, P. M., Maiden Creek, Jan, 26, took of me on commission, 6 doz. Since that time, he purchased of K. & S. Reading 6 dozen, and on the 4th inst. took 6 dozen of me, stating, that he never had a medicine which brought back so good a report, nor one which had so ready a sale. As he is Post Master, any person can easily and cheaply ascertain whether my veracity can be impeached and at the same time learn what other pills, he sells or has sold.

Mr. G. H. Miller, late of Brickensville, had

elsdorf, because he well knew th article; April 20th he took of me 4 dozer, and on the 24th inst. he had sold 26 boxes, it being in Wornelsdorf, a new article, and bought 2 dozen This statement is similar to the foregoing. To Mr. M'Kinty, one dozen were sent at a centure, perhaps in December. Jan. 25, I left him 2 dozen on commission, and on the 11th inst he paid me for-7 dozen, stating, as do the others that no medicine with which he is acquainted

requested me to appoint him an agent for Wom-

Peter Kline, Post Master, has sold to a man who has the white swelling, probably near 60, whom I seen, and who states, that no c edy has rendered him any service, but that this has, and now that he is persoaded to persevere, I am fully persuaded he will entirely recover. Samuel Heckler, Post Master, sells the other pills, but states, that he finds 4 of these equal to 8 or 9 of them -that the' be had these less than months, and the others several years, of these ne now sells about 10 boxes where he has a call for one of the other sort. He mentioned a woman who has during 'everal years suffered by the rheumatism, and though other remedies had been invoked, she has not found any benefit, save in the use of these pills.

I would add much general and particular intormation, but shall defer to a more convenient opportunity an exposition which must be interesting to all who are liable to diseases. To the business in hand, the reference. I have paid the attention it seems to merit, and I thus leave it with the earnest desire that it may be read with candor, and produce the effect to which truth is always entitled. Respectfully,
R. CAMFIELD,

as they are at present received. Other names will be added as agents shall be appointed. T. & J. BEATTY, Poltsville, Daniel Saylor, Schuylkill Haven, Caleb Wheeler, Pinegrove, John Snyder, P. M.
