From the Boston Chronicle, June 10. We see by an advertisement in another column that Messrs. Comstock & Co., the Agents for Oldridge's Balm of Columbia, have deputies to sell that article in Boston and elsewhere.-We know a lady of this city whose hatr was so neary gone as to expose entirely her phrenological elopements, which operation that they he okened a most amiable disposition, was not in reality very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and,

after a year's fruitless resort to miscalled restora-tives, purchased, some months ago, a bottle or two of Oldridge's Balin, and she has now ringlets in rich profusion, glossy, and of raven blackness. We are not puffing-none of the commodity has been sent to us, and, indeed, we do not want any, for though we were obliged to wear a wig a year ago, we have now, through its virtue, hair e-nough, and of a passable quality, of our own. The Balm of Columbia has been imitated by notorious counterfeiter. Let it never be purchased or used unless it have the signature o COMSTOCK & CO. on a splendid wrapper. This is the only external test that will secure the public from deception.

SAFETY FUSE. The subscriber has just re-ceived a fresh supply of Safety Fuse, from the Manufactory, which he will warrant to be of a supe-rior quality; and for blasting in Rock is perfectly safe, as the needle is dispensed with in its use. Upwards of 300,000 feet of this Fuse was used in one year on the New York and Erie Rail Road, and so firmly convinced were the Engineers of its entire safety that they prohibited the use of the needle and sub-stituted the use of the Fuse in blasting.
