They were well aware that reduced duties increased importations. And a demand for specie will necessarily contract our bank bill currency in the proportion of three or more to one on the balance of imports over exports, thereby reducing the prices of property in proportion to the contraction of the circulating medium.

If the views of the patriots of the revolution had been followed out, there is not a doubt that our importations would have been kept down, s as to have been fully balanced by our exportations. A sound, steady, and adequate circulating medium might then have been maintained; based on an abundance of the precious metals, at all times fully adequate to the legitimate business of the whole country, and its credit fully sustained. it would have answered all the purposes of solid Gold: but the free admission of foreign commodities, from short-sighted legislation, have produced a violent contraction of this circulating medium, and through these means reduced the prices of property, and thereby deranged values, intrinsically doubling the amount to be paid on contracts for money heretofore entered into; affecting thereby all the relations of our whole social system, embracing those essential points which relate to the wages of labor, and the necessaries and comfosts of life; which has already bankrupted thousands, and threatens tens of thousands, whom nothing will save but a wholesome Tariff, speedily adjusted by practical men of sound sense. Such a Tariff will afford the only means by which this generation can be redeemed from inextricable embarrassments; embarrassments which, if not relieved before the present session of Congress closes, will blast the tprospects of the middling and poorer classes now on the stage of action, chiefly for the benefit of foreigners, and those among us who have the means and the heart to extract wealth from the misfortunes and miseries of their fellow

THOMAS & JAMES BEATTY; AVING been duly appointed County Agent for the sale, in large or small quantities, of the named article, suggest the following as strong presumptive proof, that the claim of this medicine to public confidence, is founded on unquest onable and we believe, unquestionable au-

Letter from Mr. Camfield, Travelling Agent for the United States.

Messrs. T & J. BEATTY.

I herewith enclose for your service in the yay of advertising, the notice of Stichter & Me-Knight, successors to Kerin & Stichter, Reading, who are agents for Brandreth Pille, and erhaps for others. You will perceive the form of their language, under these circumstances, and my business is to apprise you of the testimo-ny which the genlemen to whom they refer AYLANDVILLE WHARVES, on the have already given,—four of them prior to the interaction of the prior to the interaction of the in reference, but without being informed of it by me, or in any manner alluding to it. STICHTER & M'KNOHT, (as successors to Keim & Stichter, Reading.) having been duly appoint-

ed county agents for the excellent and superior medicine above named, are now prepared to supply the demands of tormer agencies; and wil new ones, on the usual liberal terms.

For the character of these pills, we refer with confidence, but without asked consent, to the following named gentlemen, who have sold them long enough to know their true value in comparison with any others now in market .-Their relative location gives every facility to the

inquirer who desires to obtain, either for sale or use, a first rate article," To take them in consecutive order, then Mr. C. W. Porter, P. M., Maiden Creek, Jan. 26, took of me on commission, 6 doz. Since that time, he purchased of K. & S. Reading 6 dozen, and on the 4th inst. took 6 dozen of-me, stating, that he never had a medicine which broughs back so good a report, nor one which had so ready a sale. As he is Post Master, any person can easily and cheaply ascertain whe her my veracity can be impeached and at the same time learn what other puls, he sells or has sold.

Mr. G. H. Miller, late of Brickensville, had requested me to appoint him an agent for Womlsdorf, because he well knew the value of the article; April 20th he took of me 4 dozer, and on he 24th inst. he had sold 26 boxes, it being in

Womelsdorf, a new article, and bought 2 dozen nore.
This statement is similar to the foregoing. To Mr. M'Kinty, one dozen were sent at a venture, perhaps in December. Jan. 25, I left him 2 dozen on commission, and on the 11th inst. he paid me for 7 dozen, stating, as do the others. that no medicine with which he is acquainted has as good a name and so ready a sale.

Peter Kline, Post Master, has sold to a man

who has the white swelling, probably near 60, whom I seen, and who states, that no other remedy has rendered him any service, but that this has, and now that he is persuaded to persevere, I am fully persuaded he will entirely recover. Samuel Heckler, Post Master, sells the other sills, but states, that he finds 4 of these equal to 8 or 9 of them-that the' he had these less than 4 months, and the others several years, of these he now sells about 10 bozes where he has a call for one of the other sort. He mentioned a woman who has during several years suffered by the

rheumatism, and though other remedies had been invoked, she has not found any benefit, save in the use of these pills. I would add much general and particular information, but shall defer to a more convenient opportunity an exposition which must be interesting to all who are liable to diseases. To the business in hand, the reference, I have paid the attention it seems to merit, and I thus leave it with the earnest desire that it may be read with candor, and produce the effect to which truth is al-

ways entitled. Respectfully, R. CAMFIELD, Travelling Agt. United States. Pottaville, May 29 The following named gentlemen compose the ist of agents for this county and vicinity, so far as they are at present received. Other names will be added as agents shall be appointed. T. & J. BEATTY, Pottsville, Daniel Saylor, Schuy kill Haven.
