The Times.—The Philadelphia North American says that there are at present upwards of two thousand stores, dwelling houses, and other buildings to let, in the city of Philadelphia proper.—Allowing the average rent of the above buildings to be $400 each per annum, the loss to the owners would be $800,000. This stagnation in business and decline in rents has fallen heavily on those who have investments in real estate.

Popular Remedies.—The most popular remedies of the present day are those which cleanse and purify the blood, and which are known to be innocent in their qualities. Such remedies as Mercury, Antimony, Zinc, and the recourse to Bleeding in diseases, are now out of fashion, and *Vegetable remedies* are the popular medicine now. Brandreth's Vegetable Universal Pills are used and appreciated. They are known to act on every part of the body; being taken up by chyle they pass into the blood, which they purify and it should be remembered that they remove only those parts from the blood which were the cause of inflammation. Nothing is equal to ridding the vitiated humors with a vegetable medicine of this kind, which eighty four years have proved never to do injury, but always good.

THE COAL TRADE.

The shipments this week have declined considerably. This decline is caused, in some measure, by the curtailment of business since the veto of John Tyler—and a torn out on the West Branch, which has entirely suspended operations in that quarter. Not a ton of Coal has been transported on the Rail Road to Schuylkill Haven for the last three days.

The shipments from the Lehigh to the 23d ult., amount to 74,101 tons.

The shipments from the Lackawana region to June 4, amounted to 79,393 tons.

The Philadelphia Commercial List says there is no new feature in the Coal Market, either in price or demand. The quantity arrived at Fairmount this season up to July 1st, was 143,682 tons.

Coal Freights—Vessels to carry Coal are plenty. Prices to Boston and Salem $1,31 to 1,50 per ton; $1,12½ to Providence and Fall River; 75@87½ cts to New York. Two new Iron Steam Towboats cleared from the Schuylkill on Thursday, laden with about 180 tons of Coal each, for Sing Sing. An unusually large number of boats passed directly from the Schuylkill mines to New York, without unloading.

The duties on Foreign Coal, since the 1st inst., is only about 50 cents per ton—making a reduction of about 74 cents per ton—which is greater than the expense of mining a ton of Coal in this region. How can any trade prosper under such discouraging circumstances?
